REVOLUTIONARY GREETINGS TO ALL MEMBERS OF PJCA!

The PJCA (NFPE & FNPO) extends its revolutionary greetings and heartfelt congratulations to all affiliated unions, Circle Secretaries, office bearers, dedicated activists and members for the grand success of the first phase of the agitational programme conducted across all Circles in support of our long-pending and legitimate demands.

The successful implementation of this programme throughout the country reflects the unprecedented unity, determination, commitment and fighting spirit of the postal workforce. The enthusiastic participation of employees and collective efforts of our comrades have once again demonstrated that the real strength of the trade union movement lies in unity, solidarity and collective struggle.

PJCA Sincerely appeals to entirety of Postal Employees to kindly ensure their remaining phases of Agitational programm's are a thundering success.

This remarkable response sends a strong message to the Department that the employees will not remain silent spectators to unilateral decisions adversely affecting their service conditions, the proposed unification of various cadres with the PA (PO) cadre, establishment review through the online portal, Merger of Postal/RMS Divisions and other unresolved legitimate total (12) charter of demands raised by PJCA. The genuine concerns and demands of employees cannot be ignored indefinitely.

We sincerely appreciate the tireless efforts and active involvement of all Circle Secretaries, Divisional Secretaries, office bearers, activists and members who worked relentlessly to make this programme a resounding success. Their dedication, solidarity and enthusiastic participation have further strengthened the united movement of NFPE and FNPO.

However, comrades, this is only the beginning of our united struggle. The first phase of the agitation has demonstrated our collective strength, but our ultimate objective is to secure justice and achieve the genuine and legitimate demands of the employees.

We, therefore, make a clarion call to every member of PJCA to remain fully united, vigilant and prepared for the next phase of the agitational programme. All Circle and Divisional unions are requested to strengthen grassroots-level mobilisation, maintain close coordination and ensure maximum participation of employees in the forthcoming programmes.

Let us remember that unity without struggle cannot achieve justice, and struggle without determination cannot secure victory. We must stand shoulder to shoulder, irrespective of our cadres, wings and affiliations, and carry forward this movement with renewed vigour and determination until our genuine demands are fulfilled.

Our unity is our strength, our solidarity is our weapon, and our collective struggle is the path to victory!

UNITY IS OUR STRENGTH!
STRUGGLE IS OUR RIGHT!
VICTORY IS OUR GOAL!

LONG LIVE PJCA!
LONG LIVE NFPE & FNPO UNITY!
LONG LIVE THE POSTAL WORKERS' MOVEMENT!

STRUGGLE IS THE RIGHT PATH !

WE ARE ON THE RIGHT PATH !!

REVOLUTIONARY GREETINGS TO ONE AND ALL!
