Brother Masuru Honda during his lecture, he has explained how the JPGU acted when the Koizume Government taken a decision to privatise state-run Postal services were enacted in 2005. During 2009, the Democratic Party of Japan (DPJ) won the General Elections and came to power, giving the Japan Postal Group Union (JPGU) an opportunity to make efforts towards the Postal reforms. JPGU faced a great difficulty in appealing for postal reform in the "Divided Diet" (Japan Parliament) in which opposition parties controlled the upper house while the ruling coalition had a majority in the lower house. JPGU worked together with JPGI-friendly Diet (Parliament) members and asked the three parties viz. DPJ, Liberal Democratic Party (LDP) and new Komeito to draw up a new postal bill. As a result, the three parties jointly submitted the Amended Postal Privatization Bill which was passed in the Diet on 27th April 2012. The Law includes the following points : From 01st Oct 2012 (1) The Mail Delivery Company and the Post Office company will merge and the five-

company system will be reorganized into four company structure. (2) The Japan Post Group will be obligated to provide the financial universal services. (3) The Obligation to release all the shares of the Postal Bank and Insurance company is eased and complete privatization is set as Non-binding target. The Circle administration created maximum troubles to our veteran colleagues and our office bearers. Our AGS was charge sheeted and our then Circle Secretary P.G. Dutta banik was charge sheets under Rule 14. Subsequently it was converted as Rule 9 after his retirement. The matter was discussed by the CHQ with the Chair Person Postal Board. The Directorate directed the Circle administration to complete the inquiry at the earliest. Now inquiry was completed but decision was not taken. The circle administration is unnecessarily delaying to give mental agony to our office bearers. According to us, the charge sheet is baseless. It may not be valid before the constitution of the country as well as laid down principles in the department and standing procedure of Rule 9 inquiry. However we cannot presume the quantum punishment at this stage. The CHQ believes whatever may be the punishment, it can be quashed by the appellate authority based on the laws.

2. FR-17 issued to 'WB' Division Staff for conducting Dharna though the issue is belong to Circle CHQ wrote a letter to the CPMG. Circle Administration has not take any positive decision till this date. We appreciate the present Circle Secretary for his sincere efforts in solving the problems.

RMS SENTINEL : We publish RMS Sentinel continuously without any break. It is also posted in our website before going to the print. Further RMS Sentinel is sent thro email by the CHQ to available email ID of the office bearers. During the period under review in 5 months, the RMS sentinel was printed in 16 pages and remaining months it was printed in 8 pages.

FINANCIAL REVIEW : The audited accounts for the period 2013-14 and 2014-15 are appended below:

1. Receipt of quota 2013-14 Rs. 294392
2. Receipt of quota 2014-15 Rs. 369273
3. Payments 2013-14 Rs. 340908
4. Payments 2014-15 Rs. 340779

From the above it is obvious that CHQ is not receiving quota as per membership from the Divisions. It is also seen the CHQ incur more expenditure than income some time. Maximum payment is made for RMS Sentinel.

We are not engaging any staff part time/full time in CHQ for the last 10 years. As of now our financial position does not permit to offer foreign service to the General Secretary. However the present G.S. service is very short, we have to elect new General Secretary in the coming years. For him we have to compensate loss of salary as is done in AIRMS union. The AIC may discuss the issue and find a solution.

World Economic Situation and Prospects: Mid-2015 Update

The world economy continues to grow at a modest pace, with a gradual

improvement projected for the second half of 2015 and 2016, according to the World Economic Situation and Prospects (WESP) as of mid-2015 report, launched on 19 May.

Growth of world gross product is projected to improve slightly from 2.6 per cent in 2014 to 2.8 per cent in 2015—a downward revision by 0.3 percentage points from the forecast presented in the WESP 2015 in January.

The downward revision reflects mainly deterioration in the prospects of the economies in transition and several large developing countries, especially in South America. In 2016, global growth is forecast to improve to 3.1 per cent, which is still well below the pre-crisis pace.

“The current world economic situation is characterised by five ‘lows’: low growth, low trade flows, low inflation, low investment, and low interest rates, combined with two ‘highs’: high equity prices, and high debt levels”, remarked Pingfan Hong, Director of the Development Policy and Analysis Division (DPAD) of the UN DESA.

The report notes that the growth divergence between the various regions will likely widen this year. WESP attributes this in part to the differing impacts from the recent drop in the prices of oil and other commodities.

The short-term growth prospects of most commodity-exporting economies have been downgraded; by contrast, commodity-importers tend to benefit from the lower prices in the form of reduced inflationary, fiscal and balance-of-payment pressures.

The report warns of still significant downside risks to the forecast related to the impact of the upcoming monetary policy normalization in the United States, ongoing uncertainties in the euro area, potential spillovers from geopolitical conflicts and persistent vulnerabilities in emerging economies.

These individual risk factors are interconnected and could be mutually reinforcing, potentially leading to a weaker-than-expected expansion of the global economy.

The overall subdued performance of the world economy since the global financial crisis has raised concerns of a “new normal” of lower growth.

The broad-based weakness in investment worldwide not only holds back current growth, but also reduces potential growth in the future.

“It is somewhat concerning that, despite highly accommodative monetary policies and historically low global interest rates, real investment has been weak in many parts of the world since the global financial crisis”, said Ingo Pitterle, the DPAD’s team leader for the report.

DEVELOPED ECONOMIES

In the United States, fiscal tightening and a series of political gridlocks over budgetary issues weighed heavily on growth; however, quantitative monetary easing boosted equity prices. The U.S. labour market and housing sector continued to recover. Gross Domestic Product (GDP) in the U.S. is expected to increase 2.5 per cent in 2014.

Western Europe emerged from recession in 2013, but growth prospects remain weak, as fiscal austerity will continue and the unemployment rates remain elevated. GDP in Western Europe is expected to grow by 1.5 per cent in 2014. Growth in Japan has been boosted by a set of expansionary policy packages, but the effects of forthcoming structural reforms remain uncertain and an anticipated increase in Japan’s consumption tax rate is expected to curb growth. GDP is forecast to grow by 1.5 per cent in 2014.

DEVELOPING COUNTRIES AND ECONOMIES IN TRANSITION

Growth prospects among large developing countries and economies in transition are mixed. Growth in Brazil has been hampered by weak external demand, volatility in international capital flows and tightening monetary policy, but growth is expected to rebound to 3 per cent in 2014. A slowdown in China has been stabilized and growth is expected to maintain at a pace of about 7.5 per cent in the next few years. India experienced its lowest growth in two decades, along with large current account and government budget deficits plus high inflation, but growth is forecast to improve to above 5 per cent in 2014. In the Russian Federation growth weakened further in 2013, as industrial output and investment faltered, and is expected to recover modestly to 2.9 per cent in 2014.

Among developing regions, growth prospects in Africa remain relatively robust. After an estimated growth of 4.0 per cent in 2013, GDP is projected to

expand by 4.7 per cent in 2014. The report emphasized the dependence of Africa's growth on investment in infrastructure, trade and investment ties with emerging economies, and improvements in economic governance and management..

RISKS AND UNCERTAINTIES THREATEN GLOBAL ECONOMY

The report stressed that the risks associated with a possible bumpy exit from the quantitative easing programmes by the U.S Federal Reserve (Fed) threaten the global economy. As already seen somewhat during the summer of 2013, efforts by the Fed to pull out of quantitative easing programmes could lead to a surge in long-term interest rates in developed and developing countries. Tapering could also lead to a sell-off in global equity markets, a sharp decline of capital inflows to emerging economies and a spike in the risk premium for external financing in emerging economies. These first-round shocks in international financial markets could transmit quickly to developed and developing economies.

The report warns that as the Fed is expected to taper and eventually unwind its quantitative easing programmes, emerging economies will face more external shocks. While economic fundamentals and the policy space in many emerging economies are better than when the Asian financial crisis erupted in 1997, emerging economies with large external imbalances remain particularly vulnerable.

Other uncertainties and risks include the remaining fragility in the banking system

and the real economy in the euro area and the continued political wrangling in the U.S. on the debt ceiling and the budget. Beyond the economic domain, geopolitical tensions in Western Asia and elsewhere remain serious risks. These and other risk factors, unfolding unexpectedly, could derail the world economy far beyond the report's projections.

GREATER POLICY COORDINATION NEEDED

With multiple and complex challenges facing the world economy, the report calls for strengthening international policy coordination.

"The primary focus of globally-concerted and coherent policy actions should be a stronger recovery, particularly the recovery of jobs," said Pingfan Hong, UN team leader for the report. "We must also increase attention to reducing the spillover effects coming from the large-scale, unconventional monetary policies adopted by major developed countries on developing countries and economies in transition, particularly when major developed countries start to unwind these policies."

International policy cooperation and coordination are also needed to advance the reforms of the international financial system. Progress in financial regulatory reform has been slow, encountering growing resistance from the financial industry. The report adds that more forceful efforts are needed to address the issues of international tax avoidance and evasion, particularly through tax havens. WESP also reiterates that

international policy cooperation should ensure sufficient resources to the least developed countries.

GOVERNMENT INITIATIVES

Numerous foreign companies are setting up their facilities in India on account of various government initiatives like Make in India and Digital India. Mr Narendra Modi, Prime Minister of India, has launched the Make in India initiative with an aim to boost the manufacturing sector of Indian economy. This initiative is expected to increase the purchasing power of an average Indian consumer, which would further boost demand, and hence spur development, in addition to benefiting investors. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy.

Currently, the manufacturing sector in India contributes over 15 per cent of the GDP. The Government of India, under the Make in India initiative, is trying to give boost to the contribution made by the manufacturing sector and aims to take it up to 25 per cent of the GDP. Following the government's initiatives several plans for investment have been undertaken which are as follows:

· Foxconn Technology group, Taiwan's electronics manufacturer, is planning to manufacture Apple iPhones in India. Besides, Foxconn aims to establish 10-12 facilities in India including data centers and factories by 2020.

· India Electronics and Semiconductor Association (IESA) and Nasscom have signed a MoU to push electronics manufacturing share to 25 per cent of GDP by 2025. Under the MoU approval has been given to 21 electronic clusters.

· Hyderabad is set to become the mobile phone manufacturing hub in India and is expected to create 150,000 – 200,000 jobs. Besides, the Telangana Government aims to double IT exports to Rs 1.2 trillion (US\$ 18.7 billion) by 2019.

· Ford Motor Company has started working on plans to manufacture EcoSport in India for exporting it to US. The company has provided the quotation for 90,000 units every year, which is greater than the vehicles it sells in India.

· Hyundai Heavy Industries (HHI) and Hindustan Shipyard Ltd have joined hands to build warships in India. Besides, Samsung Heavy Industries and Kochi Shipyard will be making Liquefied Natural Gas (LNG) tankers.

· Mercedes-Benz plans to increase the number of cars it manufactures in India by doubling the capacity to 20,000 vehicles a year and has come up with a new plant in Pune.

Under the Digital India initiative numerous steps have been taken by the

Government of India. Some of them are as follows:

· The Government of India has launched a digital employment exchange which will allow the industrial enterprises to find suitable workers and the job-seekers to find employment. The core purpose of the initiative is to strengthen the communication between the stakeholders and to improve the efficiencies in service delivery in the MSME ministry. According to officials at the MSME ministry over 200,000 people have so far registered on the website.

· The Ministry of Human Resource Development recently launched Kendriya Vidyalaya Sangthan's (KVS) e-initiative 'KV ShaalaDarpan' aimed at providing information about students electronically on a single platform. The program is a step towards realising Digital India and will depict good governance.

· The Government of India announced that all the major tourist spots like Sarnath, Bodhgaya and Taj Mahal will have a Wi-Fi facility as part of digital India initiative. Besides, the Government has started providing free Wi-Fi service at Varanasi ghats.

Based on the recommendations of the Foreign Investment Promotion Board (FIPB), the Government of India has approved 10 proposals of FDI amounting to Rs 2,857.83 crore (US\$ 445.21 million) approximately. Out of the 10 approved proposals, six belonged to the pharmaceutical sector with a total value of Rs 1,415 crore (US\$ 221.05 million) excluding the outflows.

The Union Cabinet, chaired by the Prime Minister Mr Narendra Modi, has given

its approval to enter into a Memorandum of Understanding (MoU) for strengthening cooperation in the field of Micro, Small and Medium Enterprises (MSMEs), between India and Sweden. The purpose of the MoU is to achieve and promote cooperation between MSMEs of the two countries by providing a structured framework and creating an environment to identify each other's technologies, strengths, markets, policies, etc.

The Government of India has launched an initiative to create 100 smart cities as well as Atal Mission for Rejuvenation and Urban Transformation (AMRUT) for 500 cities with an outlay of Rs 48,000 crore (US\$ 7.47 billion) and Rs 50,000 crore (US\$ 7.78 billion) crore respectively. Smart cities are satellite towns of larger cities which will consist of modern infrastructure and will be digitally connected. The program was formally launched on June 25, 2015. The Phase I for Smart City Kochi (SCK) is set to launch in July 2015 which will be built on a total area of 650,000 sq. ft., having a floor space greater than 100,000 sq. ft. Besides, it will also generate a total of 6,000 direct jobs in the IT sector.

ROAD AHEAD

The International Monetary Fund (IMF) and the Moody's Investors Service have forecasted that India will witness a GDP growth rate of 7.5 per cent in 2016, due to improved investor confidence, lower food prices and better policy reforms. Besides, according to mid-year update of United Nations World Economic Situation and Prospects, India

is expected to grow at 7.6 per cent in 2015 and at 7.7 per cent in 2016.

As per the latest Global Economic Prospects (GEP) report by World Bank, India is leading The World Bank's growth chart for major economies. The Bank believes India to become the fastest growing major economy by 2015, growing at 7.5 per cent.

According to Mr Jayant Sinha, Minister of State for Finance, Indian economy would continue to grow at 7 to 9 per cent and would double in size to US\$ 4–5 trillion in a decade, becoming the third largest economy in absolute terms.

Furthermore, initiatives like Make in India and Digital India will play a vital role in the driving the Indian economy.

Narendra Modi govt clears proposals to amend Labour Law; what's the Bill?

Highlights of the proposed amendments The Union Cabinet has approved 54 changes in the Factories Act 1948, the Apprenticeship Act 1961, Labour Laws (Exemption from furnishing returns and maintaining of registers by certain establishments 1988). The Government will now table the proposed amendments in the Parliament and given the majority it enjoys it won't be facing any problem

to get them approved. The amendment is expected to allow women for night duty with adequate safety and also ensure provision for transport after work. The proposed amendments also aimed to increase the overtime hours from the current limit of 50 hours per quarter to 100 hours per quarter. With the approval of state government, the amendment also proposes this limit to be increased to a maximum of 125 hours per quarter. Ensuring safer working conditions for employees working in hazardous environment as well as provision of canteen facilities. Factories employing 200 or more workers would have to provide canteen facilities instead of the present provision of 250 workers. It also provides for shelters or restrooms and lunchrooms in factories in which 75 or more workers are employed instead of the present stipulation of 150 workers. The changes also aim to prohibit pregnant women and physically handicapped people from being assigned to machinery-in-motion. Reducing the eligibility for entitlement of annual leave-with-wages to 90 days from the existing 240 days. What are the changes? The Apprenticeship Act, 1961: Getting rid of the clause that allows arrest of employers for not implementing the Act. Addition of 500 new trades to the list of 238 in the Act. Companies might also be permitted to begin new trades without waiting for the Centre to notify those. The Factories Act of 1948: Double overtime of workers to 100 hours per quarter from 50 hours per quarter. Ensuring safer working conditions for employees working in hazardous environment Provision of canteen facilities in factories having 75

or more workers. Allow women for night duty with adequate safety and provision for transport after work. Prohibit pregnant women and physically handicapped people from being assigned to machinery-in-motion. Labour Laws Act 1988: Exemption to small firms with up to 40 workers, against 10 currently from filing compliance reports. The Government is also considering amendments to the Child Labour (Regulation and Abolition) Act, 1986, and the Minimum Wages Act, 1948. What was dropped? The clause allowing employers' imprisoned for not implementing the Apprenticeship Act is to be dropped; Rs 500 fine per shortfall of apprenticeship month to be imposed. What was added? E-Records to be maintained in electronic media. Contractual workers, daily wagers, agency workers and casual workers also to come under Apprenticeship Act. Companies could add new trades under the Apprenticeship Act without the Centre's approval. Impact of the changes: The changes in Factories Act of 1948 will ensure ease in doing business for companies, enhanced benefits for workers as it will double overtime of workers to 100 hours per quarter and improve workers' safety. More companies will hire apprentices this will boost formal skilling of workers. Small firms will hire more workers and lower regulatory compliance burden. Why was a need for change in these Acts/Laws? The prime reason for amendments in these laws is that they have become outdated and redundant. Amendments in these laws will be giant step towards achieving both political as well as economical innovation in labour

reforms. India needs flexible labour laws to ensure freedom from unemployment where as many as 12 million are added to the workforce annually. Labour market reforms will undoubtedly bring down the divide between the formal and informal employment. Changes in labour laws will pave the way for each state to have their own socio-economic background and take decisions to create more Jobs within their boundaries.

The above is the statement of NDA Government amending the laws. The other side has to be discussed threadbare based on the angle of INTUC and our Federation.

CENTRAL TRADE UNION MOVEMENT AGAINST THE LABOUR ISSUES : The present BJP Government amended the labour laws without consultation with trade unions. Highlights of the proposed amendments is enclosed as Annexure 4. Strong protest was registered by the Central trade unions, against the amendments. Immediately Govt. has constituted an inter ministerial panel to discuss issues raised by them in their 10 +2 point charter. On June, 6, 2014 Trade unions met Sri Arun Jaitly Finance Minister and demanded minimum wages for industrial workers be raised at least a uniform Rs. 15000/- a month. Further the Central Trade union demands to push the investments in the infrastructure to create more jobs. At the meeting part of the pre budget consultations, trade unions opposed on move to allow FDI in crucial sector like defence production railways, education, health and media prior to this the inter ministerial committee was appointed by the Govt.

to hold thread bare discussions with representations of Central trade unions on 10 point charter of demands. Normally our AIC used to discuss the only issues of Central Govt. employees in general and postal RMS employees in particular. But this time we are discussing the Central Trade union movements also because the proposed change in labour laws will affect the Central Govt. employees indirectly.

Dear Sir,

**Sub: - Terms of Reference of the 7th
Central Pay Commission.**

We have gone through the Terms of Reference of 7th Central Pay Commission approved and notified by the Government on 28.02.2014. We find that the Terms of Reference finalized by the Government is at variance in many respects to the Draft Terms of Reference the staff side had submitted to you on 25.10.2013 after holding in-house discussion on 24-0-2013.

At the conclusion of the meeting held on 24.10.2013, it was agreed that the Government would consider our suggestions in the matter and will convene another meeting with the presence of Secretary (Expenditure) to iron out the differences, if any, and explore the possibilities of an agreement in the matter.

We regret to inform you that no such meeting was convened and no attempt was made by the Official Side to arrive at an agreed Term of Reference. We find that the Government has rejected the suggestions of staff side for either taking a decision in the matter of Interim Relief, Merger of DA, representation of labour nominee in the Commission itself,

inclusion of the Grameen Dak Sewaks within the purview of the 7th CPC, bringing parity in pension between the past and present pensioners, covering the employees appointed on or after 01.01.2004 within the ambit of the Defined Benefit Pension Scheme, date of effect, settlement of the pending items in the National Anomaly Committee etc. or referring those issues to the Commission itself for an Interim Report.

Besides, we are to state that the existing Productivity Linked Bonus (PLB) Scheme, being a bilateral agreement, cannot be subjected to scrutiny and examination by the 7th CPC.

We, therefore request you to kindly convene a meeting of the Standing Committee of National Council (JCM) to discuss the issue, so as to make amendments to the Terms of Reference finalized by the Government arbitrarily.

Yours Sincerely,

M. Krishnan

MACP AND ANOMALIES

On the recommendation of 6th CPC the Government introduced MACP scheme

from 1-9-2008. It is modified as ACP scheme. ACP Scheme was not accepted by our late leaders G.K. Padmanabhan and K. Adinarayana but we accepted MACP considering various aspects. MACP Scheme created division among the promotess and direct recruits. Various court cases were filed against MACP anomaly, the favourable court orders was not implemented by the Govt. The meeting on MACP anomalies has not yielded result as on date. We met then Minister Sri V. Narayanasawmy on 23-11-2013 at Puducherry and discussed the MACP issues in detail. We submitted a memorandum on MACP issues the gist of the memorandum is appended below

To
Shri V.Narayanasamy
Hon'ble Union Minister of state Prime
Minister's office &
Hon'ble Union Minister of state
Personnel, Public Grievances and
Pensions
New Delhi-110001,
Camp at Pondicherry

Respected Sir,

The 6th CPC recommended two financial upgradations in the grade pay hierarchy after 10 & 20 years, however the Govt. improved upon the recommendation of 6th CPC and implemented MACP with three financial upgradations in the grade pay hierarchy after 10, 20 & 30 years.

In Postal Department before 2008, we had time bound promotion scheme called TBOP and BCR these promotions were given to postal employees after surrendering 6% of operational posts and

20% of supervisory post on matching saving. This promotion was granted to all the postal employees irrespective of Direct appointee or promotee. We accepted MACP after implementation of 6th CPC, now nearly 50% of staff were deprived of promotion because, in MACP Scheme the personal promotion (promotion acquired by writing competitive exami nation) also treated as a promotion and there by refusing the next hierarchy grade pay.

Moreover any new scheme should be more beneficial than the existing one, whereas the MACP scheme determental to the postal employees particularly at Group C level. On this issue many court cases filled by various department officials, most of the court cases are in favour of employees i.e. against to the MACP scheme. In postal official case the Jodhpur CAT clearly pronounced that personal promotion should not be taken into account while granting MACP. In the case of Railway Apex court clearly states that the personal promotion should not be taken into account.

In view of the above submissions, my Federation request the Hon'ble Minister that MACP scheme should be granted on the basis of length of service in the particular cadre as in the case of erstwhile TBOP, BCR financial upgradation. Otherwise, stepping up may be permitted to get equal pay by the senior official on par with juniors.

Yours Sincerely,
(D. Theagarajan)

RELAXATION APPOINTMENT : The Govt. had taken a decision that

compassionate appointment may be made to an extent of 5% of the vacancies per year. JCM standing committee discussed the issue several times, there is no improvement on the subject. The DOP & T order is applicable for all Central Govt. employees. However the Railway Board is granting liberal Relaxation appointments for wards of their deceased employees. We do not know how the department of Railway can overlook the order of the DOP & T and grant such liberal compassionate appointments.

Our sincere efforts made in the departmental council and strike demands has not yielded any result as on date.

TASK FORCE COMMITTEE REPORT :

The present Govt. constituted a committee to transform the post office network in keeping with changing market trends and competitions. The committee was headed by former cabinet secretary Sri T.S.R. Subramanian.

The committee submitted its report on Dec. 4, 2014. The committee has made 181 recommendations.

The important recommendations of the committee are department of post will be divided into six units. Namely 1. Banking and Financial services. 2. Insurance (PLI/RPLI) 3. Distribution of 3rd party products (services on behalf of Pvt. Parties on payment basis) 4. Management of Govt. services. 5. Parcel and packets 6. Communication delivery. First five units are designated as strategic business units. (SBU) and sixth unit will

deliver mails at subsidized rates under Department of post, a holding company.

“India Post Corporation will be formed. The corporation will consist of a board of members and one chairman from the Board members. All the five separate subsidiary companies will also have separate Boards. It is stated in the report that five subsidiary companies will make profit and contribute to meet the loss of sixth unit. A Task force committee also recommends for amendments of India Post office Act 1898 and bring another postal Act.

The Task force has also recommended to launch proposed postal Bank thro’ an act of parliament and not by approaching the RBI which would made easier for the Govt. to take a decision in this regard even if the RBI has objection to it.

Further it has said that India post would not run only as payment Bank but also a full pledged commercial Bank, which would help in financial inclusion with its 1.5 lakh postal offices across the country.

The committee claimed that with restructuring of India post and establishing postal bank and involving e-commerce and other services it would add 5 lakh more jobs.

But the postal JCA felt that the recommendation will pave the way for corporation and subsequent privatization therefore Postal JCA issued strike notice to the Department not to implement Task force committee report. During discussion, chairperson Postal Board said this is only a recommendation of

leveraging India Post. The Postal Board has not decided to implement any part of the Task Force committee report as on date. We do not know how long the department will keep up their promises. The AIC may discuss the issue seriously.

CADRE RESTRUCTURING OF POSTAL & RMS EMPLOYEES

The member (P) Postal services Board convened a meeting on 16-2-2008 one of the item for discussion from the staff side in the above meeting was cadre restructuring. At that time FNPO demanded that a committee should be constituted for cadre restructure. Further FNPO wanted a paper on cadre restructure from the department. It was not agreed by the department. Subsequently Department constituted a committee under the chairmanship of A.K. Sharma. The committee met thrice and committee submitted a report to the member(P). But it was not disclosed with staff side. Again the department constituted a committee under the Chairmanship of Sri Saleem Haq. Sri Saleem Haq conducted three round meeting and he made suggestion to the department. That also not agreed by the department. Third time a committee was constituted under the chairmanship of V.P. Singh, on 23rd Oct 2013 the committee met thrice and finally agreement was reached on 28th April 2014. A copy of the agreement is printed as Annexure 13.

But department did not honour the agreement. Therefore postal JCA, submitted a strike notice demanding for implementation of cadre restructuring agreement. During the departmental Council Meeting it was assured that the

proposal will be sent to DoP & T with in a short period but it was not honoured.

During the strike negotiation our Hon'ble Minsiter for communication & IT asured that cadre re-structuring proposal will be sent to DoP & T for approval. As promised by the minister it was sent on 13-5-2015. The silent feature of the agreement as follows.

1. No. of LSG Posts will increase from 8 to 22%
2. No. of HSG II Posts will increase from 2 to 12%
3. No. of HSG I Posts will increase from 1.5 to 4%
4. After completion of 2 years HSG I officials will be promoted to 4800 grade pay (non-functional basis)
5. The above proposal will applicable for RMS also.

PFRDA BILL

The Central Government employees are still opposing the New Pension Scheme but the Govt. has not considered our views. AIC may discuss the issue.

INDIA POST BANK OUR DOUBTS:

India post applied fullfledged Bank Licence in 2006. At that time Dr. USR was Secretary, Department of posts. RBI did not consider our requests then. Now the Government want to grant banking licence to public and private sector companies.

According to the Ministry of Finance, 26 Public and Private sector companies applied for banking licence, out of

which, how many applicants are eligible for banking licence is not known. Further Finance Minister said that there was no ceiling on number of new bank licence. 3rd July 2013 RBI Governor gave a statement to the press that not all eligible applicants may get banking licence. In another statement of RBI it was stated that India Post is a part of Ministry it cannot be considered as a private sector entity. India posts will have to permit corporate entity to be eligible for banking licence. In other words the Government (Postal) Department, will not become under RBI Purview for banking licence.

At present in our nation we have 14+6=20 Nationalised banks besides this nationalized banks, Foreign banks and private banks are there. However these banks have no branches in rural areas. Though we have 24 million accounts in post office such as S/B A/c, MIS A/c, NSS A/cs, PPF A/c, senior citizen savings scheme, Cumulative time Deposits, FD and NREGA. We cannot convert in all post office immediately for Banking operations.

Deutsche posts is successfully running the banks with co-operation of German Government and its communication Ministry. In our Country our union Government Finance Minister and RBI are not supporting post office whole heartedly.

Under these circumstances Dept. of Posts applied banking licence on 1-7-2013 and also moved the banking need with the Government providing Rs. 500 crores as seed capital to India Posts for licencing purpose. This is an immediate paid up

capital required under the licence norm for banking licence to be granted by the RBI.

Even if RBI permit us to open post banking, whether we can compete with nationalized banks, co-operative banks and Foreign banks, or Tatas, Birlas & Ambani will allow us to run the post bank successfully is not known.

This is our doubt. Let us wait.

The details of circular enclosed as Annexure 21. Revised Charter of demands after the meeting was decided and strike notice was also served. All the details enclosed in the Annexure 22 PJCA went on Dharna on 29-4-2015 in front of Directorate. Directorate called a meeting on 30-4-2015. After the meeting again PJCA met and decided to meet Hon'ble communication minister on 5-5-2015. Minutes of the meeting is enclosed as Annexure 23 and deferred the proposed strike. The reason for deferring the strike is given below.

WHY STRIKE WAS DEFERED

The decision to defer the strike was taken based on the ground realities. The PJCA organized "March to Parliament" on 5th December 2014. During the March to Parliament, more than 20000 Postal employees participated. Many Circles

were represented in an exemplary manner. During the march to Parliament, we have taken a decision to organize strike on 6th May 2015. Based on this, series of Programmes/Campaigns were chalked out from Division to CHQ level. Most of the programmes were not conducted at the lower level properly. Of course, some circles conducted the programmes in a good manner but not many. The CHQ does not want to name the circles which did not conduct the programmes properly.

The leaders of CHQ and Federation who attended the JCA meeting in the Circles noticed that participants of the meeting were not showing any interest towards strike.

Many Divisional Secretaries informed the Federation that NFPE affiliated unions are behaving in deceitful manner in respect of membership campaign. Therefore they are unable to form JCA at lower level. We understand the problems of Divisional Secretaries and Branch Secretaries and their genuine complaints in the matter of verification campaign. We are unable to advise them to see macro level problems, when they are talking local issues. We advise them to think the problems locally and act globally for which they are not inclined. But our humble request to the Divisional Secretaries and Circle Secretaries is that please think how we got bonus, promotions reasonable salary and other perquisites. This is because of struggles and sacrifices of senior leaders. But for their sacrifices, we would not enjoy bonus, promotions and reasonable salary which we draw now.

What is going on today? Every body is aware. There is no need to explain again and again. Everybody is agreeing that united struggles alone will put an end to the problems faced by us today. But when coming to the strike, employees are taking only local issues. They are thinking local issues are paramount to them. They are not worried about the future position of India Post. Though we are propagating privatization and corporatization and its impacts in foreign countries, this has not reached properly in the minds of employees. We have no other alternative. Therefore we decided reluctantly to defer the strike for the time-being.

Hon' Minister of Communications has assured that the GDS issues would be looked into with an open mind and he would try to do his best.

TRADE UNION FACILITIES TO BHARTIYA FEDERATION-OUR VIEWS :

The Department of Posts has issued order vide No. 8/20/2-13-SR dt 24-6-2014 granting trade union facilities to Bharathiya Federation and its affiliated unions violating existing rules of the Department of Personnel. The new Government just completed one month. Before completing 30 days. They started doing open favouritism to particular Federation by showing their party affinity.

The Bharathiya Federation has accepted the check off system without challenging the concept of the RSA Rules. FNPO accepted the principles of RSA Rules after seeking some changes in the rules, when verification process was introduced in 1995. But Bharathiya Federation and its affiliated unions did not secure requisite percentage. During the last verification Bharathiya filed a case in Madras High Court challenging RSA Rules. First they got stay from the Court. Later on the stay was vacated. Subsequently the case was won by the Government.

Now the Department of Posts has granted trade union facilities to the Bharathiya Federation violating the orders.

At this juncture, we want to point out that when the UPA Govt. was in power, Sri R.S. Natarajamurthy, then Member (P) of the Postal Services Board appointed by the Dept. of Posts as Chairman of GDS committee had given recommendation. The one of the recommendation was that a GDS union which secured 30000 membership or 10% membership might be granted recognition as second union. This was not accepted by the Postal Services Board, eventhough many Congress M.Ps wrote letters to the Department in favour of recomen dation (Natarajamurthy). The Depart ment rejected the plea of MPs saying that the Department is not ready to relax RSA Rules. The then communication Minister Sri Kapil Sibal and DOPT Minister Sri Narayanaswamy supported the decision of the Department of posts saying that the UPA Govt. would not go against the rules of the Government. Now, all of a sudden the new Govern ment has granted recognition to Bharathiya Federation which has not secured requisite membership in the check of system. The below table will give a clear picture in regard to membership position secured by Bharathiya Federation.

	2000-2001		2010	
BPEU P III	8302	7.1%	3219	3.68%
BPEU P IV	4958	5.2%	1906	2.83%
BPEU R III	1426	5.6%	604	3.42%
BPEU R IV	1134	6.12%	554	4.35%
Admin	435	8.5%	159	4%
Civil Wing	19	4.6%	71	16.51%
DPA	1188	15.5%	834	15.11%
BPEDU	18165	6.31%	8353	03.17%

From the above, it is crystal clear that the above said unions which are affiliated to Bharathiya Federation did not secure requisite percentage except DPA wing. Thus it has become very clear that the NDA Government wants to show favouritism openly.

In this connection CHQ appealed to all the Circle Secretaries to sent their views vide July 2014 RMS Sentinel on the subjects but no circle secretaries sent their view against the recognition of Bharathiya Federation.

RMS HAND BOOK : In the name of RMS Hand book, 19th AIC Souvenir was released on 10th Aug. 2014 by S.C. Burma PMG (Mails & BD). TN Circle at Chennai APSO Compelx. The souvenir contains all the RMS operations and useful RMS Information and General rules. The souvenir was sent to all Circle Secretaries thro registered post. The CHQ requested the Circle Secretary to send the souvenir to D/S. In this connection CHQ spent Rs. 35000 towards printing cost of the Souvenir and Rs. 5000/- spent towards postage and other related matters.

VICTORY IN RRR CASE : Approved Relaxation appointment candidates were not given appointment by the TN Circle administration for the past 20 years. Our Federation has taken up the issue with all levels, but we are unable to find solution across the table. Therefore a committee was formed among the RRR candidates with the help of our Federation. The committee filed a case in Madras CAT. The CAT delivered judgement in favour of RRR candidates. But it was not accepted by the

Directorate, on the advice of Directorate, Tamil Nadu Administration filed a case in Madras High Court.

High court did not accept of ple of TN Circle administration and it was rejected. Subsequently the case was taken up with Apex court. The Apex court dismissed the case at the initial stage. Finally, Directorate issued orders to appoint all RRR candidates. The Role played by our Federation is appreciated by all RRR Colleagues.

SEMINAR ON CHALLENGES BEFORE INDIA POST

A seminar was conducted by JPGU at Mumbai on 19-4-2015 on the above subject. Seminar was inaugurated by Bro. Echi Ito, Director, Postal and presided by Bro. Millind Nadkarni, President UNI JLC, Bro. Takumi Shoji from JPGU explained the present status of Japan post and its employees. All FNPO affiliated union G.S., Circle Secretaries of Maharastra Circle and D/S of Mumbai city Divisions participated.

VERIFICATION 2015

Verification 2015 was ordered in June 2015. Our union applied in verification process. If members selected on the performance base, of the last five years we would have easily secured number one position. The role played by our CHQ on MNOP project and other related matters, such as cadre restructuring of MMS, interaction with 7th CPC are appreciated by every one. But in practical we will not get number 1 position due to various reasons. The CHQ does not want to list out weakness

in the report. This is the subject for discussion of AIC. The AIC may discuss the issue if the delegates wish. But CHQ is confident that we will get requisite percentage for recognition in the verification process 2015. It is not enough for our performance.

MNOP CONCEPT DILUTED OUR STAND VINDICATED

The department redesign our mail network operation in respect of first class second class and speed post. In this connection department appointed.

Mckinsey & Co by paying Rs. 12.66 crores. Our Federation opposed the scheme tooth and nail right from the beginning. AIC Delegates are aware, in this connection our union conducted a special CWC by calling all Divisional Secretaries and CWC members in Chennai. After and before the CWC we sought many information under RTI from the department. Those points were discussed in the last AIC thread bare. Therefore we are not producing the same. After our AIC, we emphasized the department to dilute L1 & L2 concept to compete the couriers. At last, the department came forward and issued orders vide OM No. 307/2012-D dated 7-8-2013 for implementation of re-designing network for 1st and 2nd class mails to review all by bag closing pattern, by this L1 and L2 concept is diluted and revert back to old system by 70% not 100%. However we appreciate the decision of department in taking right stand.

Ignorance of RMS by Department and our Action taken in this regard in last

10 years : In this connection we want to recall how the RMS is neglected by the department and how we overcame from the onslaughts has to be remembered. We are aware from 1995 to 2004, nearly 10 years absolutely no action from the postal directorate to improve the mail business. At the same time many adverse orders were issued to weaken the mail business. During the period the postal board member wanted to merge RMS with post office. Orders were issued to sorting Assistants to go for postal training. The RMS training was totally stopped in the training center, for the SAs who were selected for RMS in relaxations cases. They were also given only Postal training, not RMS training. From 2004 onwards thro the JCA, we tried to put an end to this situation. A strike notice was served demanding stop Postal training for RMS officials. Subsequently orders were issued to stop the postal training to RMS officials but no action was taken to strengthen the mail office. Single SA post was not granted thro annual recruitment plan from 1955 to 2009.

In 2006, some steps were taken to review the mail business, but it was not materialized upto 2009. From 2006 to 2009 department wanted to change the nomenclature of RMS as mail business arms. Orders were issued. Our sister union conducted a CWC meeting and selected a new name for RMS without opposing the change of nomenclature. But our union insisted the department that the RMS name should be continued. Thereafter we requested the sister union to join with us to retain the name of RMS. It was accepted by the sister union.

The joint call was given and the department kept the order in abeyance to change the nomenclature. Till this day the name of RMS is continuing.

In the mean while, the Heads of Circles were closing the mail office unilaterally without any statistical justification. Many circle unions are unable to stop the irregular closure/merger. In this connection both Federations reached an agreement with department not to close any mail office which deals more than 10,000/- and above. Using this, some circles particularly (Bihar, Jharkhand, Andhra) closed some mail offices in their Circle but this order helped to save hundreds of mail office from the closure/merger. On 22-7-2009, Department introduced two freighter Air craft to dispose of mails. While seeing this order, our union opposed the move of the department. In this connection we wrote a letter to the Department on 4-8-2009. This was published in our RMS Sentinel September 2009. From Oct 2009 to Dec. 2009 we continuously wrote letter against the Air crafters. The department agreed our views and withdraw the orders. After that, Department appointed a consultants of Mckency to review the mail arrangement. Initially Department agreed to include staff side member in the committee. Latter it was not accepted. All this developments we published in RMS Sentinel in August 2009 and August 2010 to Dec. 2010.

In Dec. 2010 Department introduced to redesign Speed post network.

We demanded intra Circle hub. It was accepted and many intra circle hubs were opened to speed up speed post mail

operation. As on date are available in our website.

Thereafter, the department redesigned the mail network as L1 & L2 and agreed not to close my mail office for the period of 3 years in urban areas and 2 years in metro city. Now the agreement period is over. The department may start closure of mail office at any time. The AIC request the delegate to have a detailed discussion, arrive concrete decision on the subject. In this we wrote, letter to Sri T. Murthy, Member (O). Details of the letter are given below.

Sri T. Murthi

Member (O), Postal Services Board
Dak Bhawan, New Delhi 110 001.

Sub : Closure of L2 offices.

We came to know that some Circles have started closure of L2 offices under the pretext that the offices do not receive 10000 mails for the processing.

The decision of the Heads of Circles in this regard is wrong. Service unions have made an agreement with the Department that a mail office which deals with less than 10000 mails would be closed prior to 2012. Based on that Circles closed down more than 50 mail offices during 2011-2012 through out the country. Bihar and Andhra Pradesh Circles have been badly affected by way of closure of mail offices.

Thereafter the Department appointed consultancy viz., Mckency & Co by paying 12.66 crores for reviewing the mail network. Based on the report of the Mckenzie & Co, the Department implemented MNOP. The concept of the

MNOP is that mail offices will be identified as L1 and L2. Consequently, the mail arrangements were changed resulting in lesser flow of mails in L2 offices. Therefore the Department had agreed not to close down any L2 office for three years. Now the Head of Circles started closing down the mail offices in the old norms which was in vogue prior to introduction of L1 & L2 concepts. 10000 norms is fixed in the old mail arrangement prior to the year 2012. It was assured by the Department that review would take place after three years. Without conducting review meeting at the Directorate level, closing down the mail office in the circle is unjustified.

In view of the above, it is requested that necessary instructions may kindly be issued to all Heads of Circles not to close down any mail office under the old norm of 10000 mails.

Appeal to Circle Secretaries : Approach the Heads of Circles not to close down L2 offices under the old norm. If any Heads of Circles close the mail office citing the old norm, go for an agitation without any hesitation to save the mail office.

LETTER MAIL : In 80's we dealt 10 crores of mails daily in mail office. Now it is reduced to less than 2 crores across the country. The statistics reveals the mail traffic in mail office as reducing day by day, in practice in mail office we are receiving more mails. The officials are compelled to perform OT duty to dispose the mails why this contradiction prevails. The AIC is the correct forum to discuss the issue in depth.

CRC NORMS – INTERPERTATIONS BY CIRCLES

The Department appointed a work study committee, based on the committee recommendations, the Directorate issued orders on CRC & Speed Post norms, Vide DG post letter No. 28-8/2011 dated 17-1-2013. Opposing this our union sent letter to Directorate. This was published March 2013 RMS Sentinel. Normally work study report used to place before the staff side prior to issue orders for implementation. This time this procedure was not followed. Study report was not given to staff side. Our union sought study report under RTI. The RTI was tossed unnecessarily here and there. At last reminder after reminder the report was supplied to union under RTI after taking necessary fee from the union. While studying the report we came to know that the study report is based on speed net not based on R net. We pointed out the differences, for which the department replied to us that there is no difference between R Net and speed net software. In this connection we sought opinion from branch/Circle/divisions thro Oct 2013 RMS Sentinel, but there was no response from the colleagues. However we sent a letter opposing CRC norms.

REASONS FOR OBJECTIONS FOR CRC NORMS

Of late, officers of the Department are of the opinion that all the operations in CRC and Speed Post are computerised as in the case of foreign countries. But in India, except Scanning, all other works such as receipt, opening, sorting and closing are done manually. This aspect

has not been taken into account by the officers. They have calculated the money which the Department invested for computerisation of CRC and Speed Post centres. This is the root cause for fixing revised norms.

OUR SUGGESTIONS

Item no.1. Switching on and opening of Computer

Time factor given 2.00 minutes By user

There is no dispute and agreed to

Item No.2 Receipt of bags

Time factor given 0.17 mts

There is no dispute and agreed to

Item no. 3 Examination and opening of bags

Time factor 0.5 mts

There is no dispute and agreed to

Item no. 4 Examination of registered articles received

Time factor given 0.11 mts

There is no dispute and agreed to

Item no. 5 Scanning of articles in receipt

Time factor 0.04 (25 articles per minute or 1500 articles per hour)

Practically it is not possible to scan 1500 articles per hour. Because in almost all the offices articles are received in piece meal only. On 8 hours of duty, 1500 articles will not be available for each RSA at a stretch. More over there is no standard size for registered articles. Big size articles, Large size articles, big size packets are received in mingled condition along with small and medium size articles. Barcode stickers are pasted on any side i.e. left/right/back/

of the article, which takes more time to scan. Hence, it is possible to scan to the maximum extent of 1000 articles per hour.

Item no. 6 Sorting of articles

Time factor 0.063 (950 articles per hour)

Practically, it is not possible to sort 950 articles per hour. Sorting work is done manually and there is no need for any revised norms. Due to introduction of MNOP concept, sorting has become more complicated than the previous diagram. In all the L 1 offices Level 1 and Level 2 for Non TD mails and in L 2 offices also almost two levels are prescribed as the number of Post offices served by that L2 offices exceed 50. (60 to 80)

In major cities like Chennai 3 Levels of sorting are not enough as 157 segregation of TD offices including L 2 offices attached are prescribed. 100 % of articles are sorted in Level 1 and 40% articles are sorted in Level 2 and 20 % of articles are sorted in Level 3.

More over as per statistics 60 % of articles are Returned to Sender and Redirected articles, which takes more time for sorting. 25 % of the articles, do not bear pincode or with wrong pincode which takes more time to read full address so as to segregate the similarity in the names of the area. Logically speaking, ordinary articles are sorted at a speed of 650 articles per hour, whereas how registered articles could be sorted at a speed of 950

articles per hour. In addition, similar analogy as given in Item no.5 regarding flow of mails. On no point of time all the mails can be given for sorting at a stretch. Even though it is not possible to sort 950 registered articles per hour even by an expert. (For sorting competition 1330 ordinary articles (filtered Live Mails (without RTS/Redirected) with uniform size) per hour is given for accuracy. Hence, taking into consideration practical difficulty in sorting, (done manually without any change) it is possible to sort 600 registered articles per hour only.

Item no. 7 Scanning of articles

Time factor 0.04 (25 articles per minute or 1500 articles Per hour)

It is possible to scan only 1000 articles per hour as explained in item no.5

Item no. 8 Generation of list

Time factor 0.40

There is no dispute provided in major offices like Chennai high speed line printers are given. Presently R Net software alignment is done for A4 size papers but !+1 computer papers are feeded in the printer and it takes more time to torn every list accordingly. Very often printer struck due to this. Approximately 400 bags are closed everyday by one set. However, taking into consideration, necessary high speed line printers can be given for major offices like Chennai, this time factor is agreed to.

Item no. 9 Closing of bag

Time factor 1.00

There is no dispute and agreed to
Item No. 10 Preparation of mail list
Time factor 0.20

There is no dispute and agreed to
Item no. 11. Opening / Examination /Sorting/Preparation
Time factor 0.15Of bundles

There is no dispute and agreed to
Item no. 12 (i) Receipt of bag from sorter time factor 1 minute per bag
(ii) Preparation of TBs
(iii) Dispatch of mail

No dispute and agreed to provided each item of work (I, ii, iii) should be treated separately for calculation of work hour

Item no. 13 Misc work / irregularities
Time factor 10% of total work hours

Item no. 14 Clicking shift end and switching off computer
Time factor 1.33 by the RSA.

No dispute and agreed to.

Item no. 15 Supervisor
1 on 6 SAs/RSAs. On less than 6 SAs/RSAs

Co-efficient of 1.20 hrs is required to be given

On each RSA / SA.

No dispute and agreed to. But in Metro Cities like Chennai, Mumbai, Kolkatta and Delhi on almost all the sets of CCRC, Supervisors are not arranged according to this. Therefore, our suggestion is even if supervisors are

not arranged, conversion of SAs has to be given.

It is reported that many circles were interperated the norms according to their convenient and convention. I request the circle Secretaries/Divisional Secretaries please discuss the matter exclusively in the division monthly meeting and four monthly meeting constructively and sent both minutes to the CHQ. The CHQ will take appropriate action to implement directorate norms in the branch/Division. If AIC desire they may discuss the issue in detail

SPEED POST NORMS : In metro cities where the speed post handled is out sourced now. The regular employees are not working more in the speed post branch (Not in all circles). This has resulted the Speed post norms were mis-interperated by the managers/ASPOs on their own. In many circles, the managers are behaving like autocrats on their own. They are granting child care leave, CL, EL. The official who are working properly and pointing out the mistakes of the management are given step-motherly treatment.

In some ISO certificated speed post concentration centre are not provided proper drinking water, proper toilet facility to the officials. When we discuss the matter in Directorate the Secretary says they are not SRM/SSRM/to take action on them. In ground levels they are fingering Directorate. We have to put an end to this sorry state of affair Speed post Norms fixed by Directorate is opposed by us. The reasons for opposing the speed post norms is furnished below.

REASONS FOR OBJECTIONS ON SPEED POST NORMS

It is very difficult to scan 1500 articles per hour due to the following factors:

i) Articles are not received in uniform size and are received in various sizes. Nearly 40% of the EMS Items are parcels.

ii) It is not possible to receive 1500 article at a stretch in a bag. These articles may be received in various bags. Sorter has to wait for few seconds/minutes to get articles from the opened bag after finishing the existing bag in the case of Metro City and important towns. In the case of Intra Circle Hub(small Speed Post hub) it may take few hours. Therefore the norm fixed by the department is impossible .

iii) Even if we received 1500 articles in a bag, it is difficult to scan it in an hour.

iv) Barcodes are not affixed in the prescribed space and it is affixed here and there and the articles are not received in the faced manner.

7. Points mentioned in Para 5 are applicable here also. In addition while scanning the articles for dispatch, sorters to have a good look of the articles to avoid missents. Therefore, the norms fixed for the receipt is not applicable for dispatch.

SORTING:

Norms for sorting unregistered articles as per MTT is 1000 articles per hour. After the introduction of TBOP/BCR, the productivity norm became 1060. Now, TBOP/BCR scheme has scraped by the

department therefore the productivity norm is only 1000. But for Regd/Speed articles it is prescribed as 950 articles. Due to the following constraints it is not possible:

All the articles received by the set are not possible to sort out at the first stroke itself. It requires multiple level of sorting.

In unregistered branch, articles can be held in the hand more than 25 articles at a time. In Speed Post due to various sizes, it is difficult to hold more than 10 articles at a time.

Some offices like metro cities are handling more than 25 thousand articles per set. Even 50 thousands per set. Due to space constraint sorting can't be done as fast as required.

Sorting is different from disposal. When a bag is opened, it may contain articles for different destinations. Sorting has to be done for different level viz TD & NON TD and for different stages. Disposal can be done after doing the various level of sorting.

REGISTERED PACKET : The concept of the Regd. Packet is diluted by the department, now the Regd. Packet offices are closed and merged with new parcel product citing the business. Our CHQ opposed the concept of the department.

NEW OPERATIONAL NET WORK FOR PARCEL PRODUCTS :

Department lunched new operational network for parcel products from 18/19-11-2013 vide DG Post OM No. 10-23/2013-BD & MD, before introducing

this the department sent a blue print of the operational network to the head of Circle and sought the opinion. According to our information no heads of Circle opposed the product in other words negative aspects of the new parcel product was not focused by the heads of Circles to the Directorate. Through this scheme the department has introduced two products. One is express parcel and the other is business parcel. The department also permit that heads of Circle establish separate express parcel hub in their circle. Express parcel services is limited to 20 cities across the county. Operational net work for express parcel would also be restricted to those cities.

In regard to Business parcel it consists of Regd. Parcel, ordinary parcel, business parcel and BPC COD, the net work for business/regd/ordinary parcel would be a two tier net work comprising L1 & L2 there would be 86 L1 and 241 L2 parcel hubs across the country. The nomenclature of the parcel hub one is express parcel hub and other is parcel hub followed by the name of the city/town.

Now nearly 18 months are over since the introduction of express parcel hub and it is utter failure in meanwhile circles like Tamilnadu constructed a express parcel hub separately. The traffic of (No. of parcels) express parcel has not reached to the level as expected by the administration. To rectify their mistake they are shifting inward, outward parcel from the parcel unit which exist already. We are not receiving any information from the other circles.

Tamilnadu Circle administration justify their mistake by saying that they are saving huge money paying for rent ignoring the transportation charges incurred by the department for the operations.

FLAWS IN THE NEW PARCEL PRODUCT

1. Speed post service permit booking of article upto 35 kg. naturally customers prefer Speed post service instead of express parcel service.

2. According to the present scheme. Post office cannot close direct bag to the destination from the booking office. It has to go the processing centre. This has resulted one day delay of delivery of parcels and also extra cost.

3. BPC parcels were sent directly to the TMO point for disposal. Now the parcels booked by the BPC is routed through express parcel hub. This has resulted delay and extra cost. However it is also true the steps taken by the department has helped for flow of more parcels in the parcel hub.

OUR REQUEST : The Directorate started the new parcel products with good intention to procure more parcels from the customers. Practically it was not materialized. Many circle heads procured fund to construct a new parcel hub in their circles. Now the number of parcel is not procured as expected by them. Instead of rectifying their mistake the Circle administration are justifying the mistake. They are now shifted the inward, outward parcel hub which deals RP, ordinary parcel, business parcel & BPC COD.

These offices earlier situated nearby Railway station for quick disposal. Now this parcels are processed in newly constructed express parcel hub which is far away from Railway station. This has resulted huge expenditure for transportation. This was not taken into account by the administration properly.

The AIC may discuss the issue if they wish circle wise.

TRANSIT MAIL OFFICE : The TMO across the country functioning in the Railway stations. The Railway authorities are not providing minimum amenities to the staff we have taken up the issues with Directorate we are unable to find solution.

ACCOUNTS OFFICE : The separate functioning of accounts office is now in trouble. The department is thinking centralized account office for RMS and post office. But as on date it is only in paper. On assumptions we cannot discuss the issue in AIC. However it is mentioned here to pointout the move of the department on Accounts office.

DIVISION OFFICE : Now we are having 68 RMS Division offices. Many division office are situated in the metro cities.

Discussion is going on merge city RMS division as one office. This is only the information from the top level. There is no initiative from the Directorate.

OUT SOURCING : Both Federations opposing outsourcing. Despite of our opposition, department i.e. continuing the outsourcing in BPC, Speed post centre and PSOs. This is very serious

issue. It will affect our future jobs. The AIC may discuss the issue seriously.

NEW RECRUITMENT PROCESS : The department introduced new Recruitment process during the period under review. This also cancelled within a year citing malpractices. Now the department decided to select the PA and SA thro staff selection commission. The CHQ don't want to list out the lapses taken place while the recruitment was outsourced. If the AIC decide they may discuss the issue.

OSA : OSA revised earlier there is no change now.

D.A. : Percentage of DA granted to C.G. Employees is furnished below.

1-7-2013	90%
1-1-2014	100%
1-7-2014	107%
1-1-2015	113%
1-7-2015	119 % (expected)

SHORTAGE OF STAFF : With persuasion of both federations, Recruitment process is started and recruitment is taking place to fill up all vacancies arising from 2009.

CGHS & P & T DISPENSARIES : Some P & T dispensaries are converted and CGHS. In some places P & T dispensary is continuing. The CGHS, P & T dispensary services are far from satisfactory. The employees are unable to meet the medical expenses. The issue was discussed with 7th CPC by our JCM leaders. The chairman 7th CPC agreed staff side grievances. Let us hope the 7th CPC find solution for good functioning of CGHS.

RELATIONSHIP :

With UNI Cordial
With INTUC Cordial
With NFPE Cordial

LONG PENDING ISSUES : Counting of past service of RTP – There is no improvement from the department side to accept our demand. FNPO initiated to file a case before Hon'ble Principal CAT.

NON SETTLEMENT OF MEDICAL & TA BILLS : The Directorate is ready to allocate sufficient funds to the heads of Circles but some circle do not furnish their actual requirement to the Directorate in time. This has resulted in pending of medical, TA Bills in the Circle.

NON-REVISION OF OTA: Our long pending issue was rejected by the finance ministry. This time in 7th CPC the department requested the Govt. to revise the OTA rates in Department of Posts. Let us hope for the best.

NEW PROJECTS : No information is available about new projects introduced during the period under review.

REST HOUSE : The rest houses are not maintained properly across the country. When we have taken up the issues with Directorate, they wanted details of dilapidated buildings. The Department assured the matter will be looked in to seriously.

AMPC (Automatic mail processing centre):

Now two AMPC functioning in Delhi and Kolkatta, by using OCR technology. The

AMPCs are unable to give production as expected by the department. The reasons are many. We don't want to list out here. The AIC may discuss the issue, if they wish. The establishment and productivity norms for operation activities at AMPC is posted in our website.

STANDARDIZATION OF MAILS : The department appointed a committee under the Chairpersonship of Mrs. Aindri Anurak, DDG (PO & CP), Sri V.K. Gupta, Sri Adnan Ahmed Sri Vivek Kumar dakash and Mrs. Rashi Sharma were members in the committee. The committee recommended parameters for standardizing which would be most comfortable to OCR based machines. The report contains 41 pages. We are unable to reprint committee report here. Delegates may go through our website in RMS Sentinel web page for details.

STANDARD QUESTIONER FOR VISIT TO MAIL OFFICE

Delegate may go through our website in RMS Sentinel web page for details.

FILL UP THE SUPERINTENDENT SORTING AMONG HSG I OFFICIALS : There are 4 posts of Superintendent sorting in RMS to be filled by General like HSG I officials of RMS Dn. All India basis. This is a only channel for HSG I officials in RMS to get promotion to Gazetted cadre. But last 15 years these posts are being manned by ASP in officiating capacity as Gazetted Group 'B'. The issue was discussed in the Departmental council meeting finally the DPC was held on 13-11-2013 orders were issued.

PO & RMS ACCOUNTANTS: In the RMS function as drawing, disbursing, accounting, auditing in BPCs units are dealt by PO & RMS accountants. Our sincere efforts to settle their grivenaces have not been materialized thro' strike demands. We have taken up the issue with Departmental council as well as strike meeting demands. The department rejected our plea on one reason or the other. We have taken up the issue with 7th CPC for higher pay and fixation. While identification of HSG II post in Accountant branch all AHRO posts are identified as HSG II. Now HSG II posts are vacant in some circle without feeder cadre. Especially there was a big issue in Maharastra Circle. The matter was notified and discussed in departmental council meeting and inturn Directorate called for the report from the Circles, but Circles have not replied properly.

DIGITAL INDIA : Now the Government is taking about Digital India in big way. The Government proposed to Digital India week Launching of application by our Hon'ble Prime Minister of India on 1st July 2015, our report is restricted to 30th June 2015. Therefore we are unable to discuss the subject in a big way. However we want to point out the digital Postal mail here.

1. The postal mail deliver on line.
2. Documents stored safely for ever.
3. Accessible whenever, wherever we need there is no late fee free for ever

How does it work?

1. Your digital postal mail box is linked to your street, address once, the

department verify your address, your mail automatically arrives in your digital postal mail box it companies deliver it to us.

2. Company will automatically retrieve your documents from your provider website.

3. You can scan, upload any documents to your account.

E-COMMERCE : The world postal department revenue is depend on e-commerce business India post eyes 9 billion dollar e-commerce business. India post which is already in tie-up with e-commerce majors amazan and snap deal, will also have security gadgets like CC TV and across controls system to ensure safety of articles. As on date 6 billion value of business is with us. The department estimates 76 billion dollars by 2021. According to the information the India post collected Rs. 280 crores thro cash on delivery. If the e-commerce business is success there is no doubt to wipe out the losses of the department. The AIC may discuss the issue.

MAIL MOTOR SERVICES : The staff of MMS having grivences that the CHQ has not taken up MMS issue properly with India post management. The illusion of the MMS staff is not correct. Nearly 1400 Drivers 450 artisans + 150 office assistants are working now in MMS. Out of this maximum 400-500 officials are belonging to our union. But if we go thro' the records the role played by our union is more than the other union. But this has not reached to the rank and file due to democrative system prevail in our CHQ.

MMS CADRE REVIEW COMMITTEE :

MMS Cadre review committee was constituted under the chairperson Mrs. Santhriya Rani, PMG BD, AP Circle. The committee meetings were held on 12,13 March 2012, 3, 4 AP 2012, 11, 12 June 2012 13, 14 August 2012, and 4th September 2012. All the meetings were attended by our CHQ. The Agreement was reached. The proposals were sent to the Department. The establishment branch raised many queries. This was clarified by us. During the strike meeting. On 13 AP 2015, it was assured by the secretary the proposals will get approval before 7th CPC implementation. In the month of June our CHQ send a reminder to Department to sent the proposal to the DOP & T for further approval.

MEMORANDUM ON MMS : Our CHQ submitted a memorandum jointly with sister unions. The gist of the memorandum is reproduced below.

FUNCTIONING OF THE M.M.S.AND JOB PROFILE

1. The Mail Motor Service is operating generally within the limits of these towns and cities and its main function is to carry mail from Post Offices for RMS Mail Sorting Offices and vice versa or to Airports where from mails are exchanged from and to the places served by the planes. It also carries mails and cash from post offices to post offices. The street letter boxes are also cleared in big towns

2. In these 65 years, the traffic has increased in all these towns and cities nearly tenfold. The work, therefore, has

enormously increased. The speed Post service has also been introduced with additional vehicles.

3. The Mail Motor Service has, however, not been expanded as it should have been. In many places, mails are still being carried by Private Contractors. In some places, three-wheeler scooters, cycle- rickshaws and horse-carts are still in use. Yet at some places mails are carried in hand-trucks to the State Transport Bus Stations.

4. It is, therefore, desirable that an independent Transport Wing of Mail Service (M.M.S.) at the Centre under a Deputy Director General should be formed to develop the Mail Motor Services.

5. Mail Motor Services (MMS) is the main organization that manages transport service to the Department of Posts. This organization is functioning timely deployment of MMS vehicles for transmission of mails, cash and other valuable articles etc. between various Post offices.

6. It has the workshop where thorough repair/maintenance works of Mail Vans, Cash vans and Inspections vehicles are being done on a regular basis. These workshops may be well-equipped to undertake body-building of chassis, machines for boring of pistons etc., so that the need to go to private workshops is done away with.

7. Technical Supervisor/Charge hand is the in charges of the Workshop who is responsible for all types of maintenance work of vehicles with the help of Skilled

Artisans (mechanics, Electricians, Welders, Tyreman, Painters, Black smiths, Tinsmiths, Upholsters etc.)

8. There are 474 posts are available in Mail Motor Services throughout the country. This Artisans cadre is badly neglected from their legitimate pay scale/ PB since from IV CPC. The enhancement of pay as if granted to the similarly situated artisans working in other CG departments on the basis of settlement of the anomaly and award of the Board of Arbitration has not been extended to the artisans of the Mail Motor Service in the Department of Posts. There are 1573 operative MMS Driver posts are available across the country. Drivers are the backbone of the MMS organizations and they are about 50% of the total staff of MMS. Duties of driver are hazardous with comparison to other Government drivers.

9. The present system of purchases of stores and spare-parts from the local market, running into several lakhs of rupees, could also be done away with if these items are purchased directly from standard firms and stocked at the centralized workshops. It will pluck the loopholes in the system and ensure better and efficient service in the maintenance of the vehicles.

10. Though the Service is being run for the last 65 years, yet no well-regulated rules or compendium prescribing the duties and responsibilities of the staff has been framed.

11. Now the department has introduced long distance schedules Like Delhi to Jaipur, Chennai to Bangalore;

Hyderabad to Vijayawada and vice versa, without providing adequate personnel and arrangements. In all these places the drivers are regularly compelled to perform continuous OTA duties which are not practically possible to drive such heavy vehicles in long distances.

12. Logistic post can also be entrusted to MMS. As all the major cities in the country have MMS Units, Logistic post centers can be formed wherever MMS Units are available. Logistic post chain/ Grid can be formed in the country to develop EPP/Speed Post/ Logistic Post Grid. This definitely will fetch huge revenue to the Department. By developing interstate road transport short distance mails can be handled effectively.

13. These kinds of MMS Garages and facilities are not available with any other Central Govt. Organization. MMS can also be made approved workshops for maintenance and repairs of other Central Government Vehicles.

PAY SCALES AND NATURE OF JOB

1. In the Mail Motor Services, the following categories of staff are working and their scales of pay are as under:-

S. No.	CATEGORY	PAY SCALE	PAY BAND	GRADE	PAY
1.	Cleaner	4440-7440	Is		1300
2.	Semi-Skilled	4440-7440	Is		1650

17.	Group D	4440-7440	PB-1		1300
18.	Group D	4440-7440	PB-1		1650

2. As far as clerical and allied staff are concerned; they are akin to any clerical staff working in postal Organization.

3. Then there is workshop staff. Amongst them, one of the most important cadres is the Motor Mechanics. They are required to possess a minimum qualification of 8th passed and should possess a diploma in Motor Vehicle Mechanism or ITI Certificate with heavy vehicles driving license. The diploma course is of 3 years, including upto-date designs and make. They are recruited only on passing a trade test before appointment. Their job is to attend to all repairs, open the machines and overhaul them. In short, they should know the full mechanism of the vehicle and anything found wrong, they are held responsible.

4. The biggest problem and worry for these mechanics is that in the Department, vehicles are run even after they are condemned (i.e. when the vehicle has run its full life) and therefore, there are frequent breakdowns. Whenever there is a break-down, these mechanics have to go out and repair the vehicles on the road. Inside the workshops, they have to attend to these worn-out vehicles and maintain the services. He works round the clock also.

FAIR COMPARISONS

1. In other Departments of the Government of India, the motor vehicle

mechanics get more pay than drivers. It would, therefore, be seen that in Postal, Motor Vehicle Mechanic is discriminated against and he is very much low paid. We, therefore, request the Commission to appreciate this aspect and the following minimum pay as requested by the Staff side is prayed for.

2. Proposal regarding change of qualification in Recruitment Rule

EXISTING QUALIFICATION
PROPOSED QUALIFICATION

Middle School Standard 10 + ITI Pass from recognized Institute by Govt. + Sound Computer Knowledge from recognized Institution.

3. Reason behind the proposal

(a) As per existing recruitment rules of MTS Group 'C' the minimum educational qualification is Class X pass/

ITI and entry Grade Pay of this cadre is Rs. 1800/- However entry Grade Pay of the Skilled Artisan is Rs. 1900/- with below qualification, though they are performing the duties of higher responsibilities. So, the minimum qualification of Skilled Artisans must be higher than MTS Group 'C'.

(b) Due to fast growing technological changes in the automobile Industry, adoption of electronic control system, electronic sensor, diagnosis electronic instruments, gadgets and maintenance of electro mechanical engines, etc, the Skilled Artisan is expected to have sound technical knowledge and qualification. As the detection of defects of new models of vehicles is sensor based and through LAPTOP the Skilled Artisans are also expected to have sound computer knowledge.

4. The IVth CPC pay scale for skilled Artisans Grade-II was Rs.1200- 1800 and Grade-I pay scale was 1320-2040. Vth CPC clubbed both scales of pay of Artisans Grade I and Grade-II in to one Pay Scale of Rs.4000-6000.

5. Since, it was a promotional post for Artisan Staff Amalgamation of both the scales of pay was not justified. This anomaly was rectified in respect of Artisans staff of Railways and Defense with Rs.4000-6000 for Grade-II and Rs.4500-7000 for Grade-I w.e.f. 01.01.1996 itself. Artisans' staffs of MMS numbering about 168 are discriminated against, still they are placed in a combined pay scale of Rs.4000-6000. They have experience huge financial loss. We would therefore urge upon the 7th CPC to extend the pay scales already

implemented for Railways / Defense for Grade-II & Grade-I Artisans of MMS of the Department of Post from 1 January, 1996.

6. It is reported that in Railways and Defense Departments, the Semi-Skilled tradesmen promotion to higher GP is allowed. Staff side requested that similar model may be adopted in the Department of Posts for the MTS (Technical) cadres. This would entail an increase of GP at the entry level. As this would affect the VI CPC GP hierarchy of Artisans & Drivers, the Committee did not agree to this suggestion.

7. We pray the Seventh Pay Commission to consider all these facts and render justice to these aggrieved categories, treating them at par with the similarly situated persons in the other departments in such categories.

MMS DRIVERS SHALL NOT BE EQUATED WITH STAFF CAR DRIVERS:

1. The MMS Drivers are driving heavy duty vehicles in most of the cases. Further, they are exchanging valuable mails such as Mail bag, Parcel bag, Cash bag, Stamps bag, Speed Post bags, BPM and BPC from post offices and having over the same to RMS under acquittance. MMS drivers are responsible for transportation of mails between the offices of RMS and Post Offices.

2. In many cases, no Mail Peons are arranged for the receipt and delivery and the MMS drivers are responsible for the same. The variable and horizontal probabilities in carrying their job with that of postmen have been disturbed in

the last two pay commissions. The finalization of anomaly in the departmental committee for granting them at par with Postmen with Grade pay of Rs.2, 000 has been simply turned down. A clear injustice had been met out and they shall be equated in the Grade Pay of Rs.2400 considering their arduous and laborious duties and the responsibilities.

3. Proposal regarding change of qualification in Recruitment Rule

EXISTING QUALIFICATION PROPOSED QUALIFICATION

- a. Class VIII Standard Pass desirable.
- b. Age:21-28 years as on 1st July of Recruitment year for DR quota
- a. H. S. Pass + Heavy Motor Vehicle License.
- b. Age: 22-30 years as on 1st July of Recruitment year for DR quota

REASONS BEHIND THE PROPOSAL

- i) As per existing recruitment rules of MTS Group 'C' the minimum educational qualification is Class X Pass/ITI and entry Grade Pay of this cadre is Rs. 1800/- entry Grade Pay of the Skilled Artisan is Rs. 1900/- with below qualification, though they are performing the duties of higher responsibilities. So, the minimum qualification of MMS Drivers must be higher than MTS Group 'C'.
- ii) Nomenclature of MMS Driver may be changed as **MAIL PILOT**
- iii) Duties of driver are hazardous with comparison to other Government drivers.

i) MMS drivers (HMY) drive on an average 100-120 kilometers per day carrying heavy load of mails in busy traffic throughout his working hours. They have to receive and deliver the mail bags to Post Offices, to the customers/Public. With the introduction of logistics service, Drivers are required to undertake long distance driving for 2-3 days.

ii) As the driving license by the MV Department (RTA) not before the age of 18 years eligibility criteria of 4 years driving experience (3yrs LMV + 1yr HMY) will be achieved by the candidate after 21 years.

5. A clear injustice has been met out to drivers and they can be equated with Rs.2400/- existing Grade pay considering their arduous and laborious duties and responsibilities. We pray the Commission to render justice to this exploited category.

PROMOTIONAL AVENUES

1. In the Mail Motor Service, there are no well-defined and regulated promotional avenues with the result that a large number of officials are stagnating at the maximum. In some cadres, the promotional posts are almost nil.

2. The scheme of Two Promotions introduced in the Postal has not been extended to the staff of the Mail Motor Service, except for the clerical cadre. This has been denied to them as they have been bracketed with "Common Categories". Now they are entitled for MACP which is the only promotion available to these categories of staff.

3. The duties and responsibilities of none of the categories of staff are similar to those of the staff in other Departments. Moreover, the pay and allowances and other benefits applicable to the staff of other Departments have not been extended to the staff of the Mail Motor Service.

4. The Postal Department vide its order dated 3.6.2014, merged the posts of charge hands with the Artisan Grade I. The merger took place as per the Sixth CPC recommendations keeping the position prevailing in the Railways and Defence. The same cannot be applied in practical in the MMS as the numbers of such posts are very meager.

5. In Railways and Defence, as there are many promotional avenues for Artisans such as Master Craft men, Charge men, Technical Supervisor and Charge hand for them, the merger will not have any impact. But in MMS, where we have one Technical Supervisor and have four to five charge hands on the basis of functional need, it is not possible in the Postal service practically. Therefore we demand that the posts of Foremen, Charge men and Master Craftsmen shall be provided as promotional posts to Artisan in the Mail Motor Service.

6. Even for promotion to the post of Chargehand, officials are selected through a trade test. We plead that the post of chargehand should be filled by seniority cum fitness and all direct recruitment to the post of Chargehand should be stopped.

DISPATCH RIDERS

1. There are about 25 Dispatch Riders at Delhi and Nagpur MMS. They are

driving Auto Rikhsa. They possess the qualification for Recruitment of Drivers. Pay scales of Dispatch Riders are also on par with Drivers. Moreover, they are utilized for plying Mail Motor vans and other heavy vehicle. We would propose to merge them with the cadres of Drivers in MMS and dispense with the cadre of Dispatch Rider.

FOREMAN

1. In the Workshop, where there is no officer in charge, the Chargehands are supervisory official in charge of their sections. Above them is the Manager. We feel that to look after the Workshop exclusively, there should be a post designated 'FOREMAN' in the scale of Higher Selection Grade. The promotion to this post should be made from the Chargehands.

2. The Traffic side is supervised by the Traffic Supervisors who are promoted from Clerks and other grades by an examination. Since their work has been increased a great deal with aid to executive and administrative work, we feel the portion of work relating to booking the officials for duties, their attendance, attending to preliminary enquiries concerning accidents, breakdowns etc., should be entrusted to general line staff from amongst the drivers category. At present the drivers have one channel of promotion namely selection grade drivers posts but they have to do the driving job till the date of retirement, Therefore the senior amongst them should get the posts of Traffic Supervisors, at least 50% of them, to manage the affairs of internal traffic arrangements.

HEAD CLERKS IN THE OFFICE OF ADMINISTRATIVE OFFICER AND MANAGER MMS

1. At present in some smaller offices, the post of Head Clerks are not created on the plea of lack of justification. The result is that the clerks who are working in Postal Mail Motor Service offices have no promotional avenues at all. The only channel that has been opened is the Inspector MMS by examination. Even for this, possession of Driving licence for three years is being insisted.

2. We suggest that there should be selection grade posts of Head Clerks so that a channel of promotion by seniority is opened to the clerks. Regarding insisting on holding of driving license for three years for eligibility to appear in the Inspector, Mail Motor Services examination, we plead it should not be insisted as a pre-condition. However, on being selected, the Department should permit him to learn and acquire the license within one year.

POSTAL MACHINE REPAIR ORGANIZATION

Revision of pay scale/grade pay of Postal Machine Assistants (now redesignated as Technical Postal Assistants)

1. Most of them are now working to coordinate in computer systems of post offices as well as servicing & repairing of Franking machines and Stamp cancellation machines.

PMA (TPA) Grade-I

As the minimum recruitment qualification of PMA Grade-I is Diploma in

engineering (similar to the Technical Supervisor of MMS), it should have been revised to the pay scale of Rs5000-8000/- as per general recommendation of the 5TH CPC. But neither the post of T.S. nor the PMA Grade-I was considered by the Department after 5TH CPC and they were deprived since then. The 6TH CPC had corrected this anomaly and revised the pay scale/Grade pay of Tech. Supervisors only as there was no representation from PMAs/TPAs. This injustice should be corrected by revising the grade pay of PMA Grade-I from Rs2400/- to Rs4200/-. The revision of pay scale/grade pay should be implemented retrospectively from 1/1/1996 at least for the purpose of fixation of pay as like recommendation of 6TH CPC in para 7.39.22.

PMA(TPA) Grade-II

As the job of PMA Grade-II, is highly skilled in nature, the recruitment qualification is Matric + 2yrs post matric I.T.I. course in instrumentation/mechanical and desirable qualification Diploma in engineering. Now with the option of desirable qualification, the Department had recruited diploma engineers in PMA(TPA) Grade-II, with lower pay scale depriving them the pay scale of Rs5000-8000/-, which is again created a massive injustice and exploitation. More over at par qualification of 10+2yrs I.T.I., atleast it should have been revised to the pay scale of Rs4000-6000/- after 5TH CPC as per general recommendation of 5TH CPC in para 50.37(i) that there should be identical pay scales with identical recruitment qualification and as such 5TH CPC had revised pay scale of postal assistants in para 62.11 for raising rectt.

qualification of P A from 10th to 10+2, by the Department of Posts. The pay scale for 10+2 qualification also reflects in para 50.37 (v), 51.34 of 5TH CPC report.

4. Again artisan Grade-II and driver Grade-II of MMS are in the grade pay of Rs2400/-, whereas incumbents of PMA Grade II, with diploma in engineering are placed in the grade pay of Rs1900/- only, which is below the status of postman.

5. Now as the PMA Grade I & II are working identical work, these two grades should be merged and revised to the grade pay of Rs4200/-, considering the recruitments of diploma engineers in both the grades and to remove anomalies as they have been deprived so far from their legitimate right. The revision of pay scale /grade pay should be implemented retrospectively from 1/1/1996, at least for the purposes of fixation of pay as like recommendation of 6TH CPC in para 7.39.22.

The following MMS subjects were discussed in the Department council meeting during the period under review.

1. Change of nomenclature of cleaner in MMS.

Reply : The department agreed to examine the issue.

2. Filling up the vacant post in all cadres in MMS.

Reply : The revised recruitment rules of Manager, senior manager, senior manager (NFSG) have been approved by the DOP & T and UPSC at presently

with ministry of law & justice for legal vetting once the same are notified, recruitment in MMS cadre will be initiated.

3. Recruitment of MMS Drivers thro' GDS staff:

Reply : There is no such provision.

4. Rotation of manager of MMS

Reply : It will be monitored closely and ensured that this is implemented by March 2015.

5. Development on self owned transportation system for quick transmission of mails.

Reply : Action taken.

6. Problem related to MMS

a. Filling up of vacant posts in each cadre and outsourcing of MMS Drivers.

b. Supply of uniforms and sanction justify post of Drivers and artisans and replace condemned vehicles.

c. Filling up of vacant post of manager MMS in MMS Pune, Patna, Ahmedabad, Bhopal, Kanpur and Gauhath.

d. Allowing drivers and workshop staff of MMS to appear in the examination for promotion to PA.

Reply : a. DPC for Asst. Manager, Deputy Manager will be held very shortly for filling up the post of manager, orders have been approved by the DoP & T and have been sent to UPSC. Meanwhile a meeting was held with UPSC for filling up of vacancies of Manager, from open

market. As regards framing of Rect. Rules for the post of Asst. Manager it was informed that the UPSC has asked for certain information and the same has been sought for from Circles and establishment Division. On receipt of the same proposal for filling up of vacancies will be taken up with UPSC. The staff side was informed that drivers cannot be included in the RR for promotion as PA/SA as they have their own structural promotion scheme with in there own hierarchy.

New RR HSG II & HSG I : Issued on July 17th 2014. According to this minimum service condition is raised 5 years from 3 from the date of publishing the Gazettee notification. Those official who are already in HSG II will be promoted to HSG I after completing 3 years service in HSG II. Notification is already published in our website.

CONCLUSION : The period under review was **ethic and crucial**. We lost our founder leader Sri G.K.P during the Period. We submitted Memorandum to 7th CPC. The cadre review for Postal and RMS is sent to the DoP & T for approval. HSG I & HSG II RR finalized. The senior manager post restored in Chennai and Kolkatta. The manager RR almost finalized. The new recruitment rules for MMS cadre is under review. We hope the cadre restructuring of MMS proposals would be sent when we adopt the report.

The present secretary, Department of post and Postal Board members are sincerely working for the improvement of Department. Many Chief PMGs, of Circles are responding to our

correspondence sincerely. Let us proceed further with sheer determination to work hard and serve the member still better.

GKP LEFT US

I regretted to inform that our beloved Leader Shri. G.K.Padmanbhan left us on 06th June 2013 late night. This was informed to me on the early morning of 7th June 2013. Immediately I rushed to Delhi to see the face of our consolidator of FNPO after the demise of Our Founder Leader Shri. K.R. I saw Shri. G.K.P. with laden heart and he is ready for his last voyage.

My reminiscence with the GKP ruminates the past thirty three years back. In 1981, during the month of June, I met GKP with a request to speed up my relaxation appointment case. From that date to till the last voyage of GKP, I was with him staunchly despite of my ups & downs.

We are all aware that Shri. K.R. founded the National Unions & FNPO and labored hard to strengthen them. When K.R.laid down the office in 1990, Shri.K.R. choose Shri. G.K.P. to hold the mantle keeping in mind the future of FNPO. He trained GKP for some years and provided him plenty of opportunities to learn all aspects of unionism.

GKP joined as a Sorter in RMS T Division, Trichy on 26.12.1951, Within two years, after he joined UPTW, he met our Founder Leader Shri. K.R. during the 1960 Strike. He started his union career as Asst Secretary during 1959 in RMS M Division and became as a Divisional Secretary during 1962. During 1960 Strike, he was placed under suspension for three months. Shri. K.R. formed unions for Postal-III, Postmen & Group-D and ED. He requested the Shri. GKP to start Union for RMS. Accordingly he formed the Circle branch in RMS M Division with 20 members. Later in UP, the Union was formed followed by Punjab, Maharashtra, Gujarat and other circles. When he was Circle Secretary of Tamilnadu, he developed NUR-C with good members. The period of GKP as Circle Secretary NUR-C is still remembered by the hundreds of Senior RMS Officials till today.

He became as General Secretary in 1988 Kolkatta AIC after the demise of Shri. R.Chakravathi . He retired from the service in 1988 and shifted his residence to Delhi to develop our organization. During his Period, RMS faced many problems. Orders were issued unilaterally by the Department. However he stayed several orders and saved the RMS from ruin. Shri. GKP tendered evidence before the III Pay Commission, IV Pay Commission and V Pay Commission.

In Federation, He elevated as Asst General Secretary in 1970 and subsequently he became as Secretary Federation in 1984. He stayed in Delhi and his salary was paid by PTTI during the period.

In 1986, Federation became bifurcated as FNPO and FNTD in Madras Federal Congress. Shri. Gopal Singh Joshi was elected as President, Shri. K.R. as Secretary General and Shri.G.K.P. as Secretary Federation for FNPO. During 1990, in Madras Federal Congress, GKP became as Secretary General and K.R. elected as President. In 4th Federal Congress held in Bombay, during 1995, there was a series differences between Shri. GKP , Shri. TPK and Shri. VVR. There was contest and Shri. GKP won the election. After Federal Congress Shri. K.R. died in 1995. After the demise of Shri.K.R, the Federation put into acute financial crisis. However this was managed wisely by GKP with the help of P/IV Leaders such as S/Shri. C.P. Nayi, Gurudev Singh, Dariya Singh, Subramanian and B.M.Ghosh. There was no Federal Congress after 1995 to 2003. In Nagpur Federal Congress GKP was re-elected as Secretary General and he relinquished on 02.7.2004 and handed over his charge to me in pursuance of the new RSA rules. He was a very good communicator and used to send Circulars in time to all the branches with maximum information on day-to-day affairs.

During his period three strikes were conducted under the banner of JCA in 1993, 1998 and 2000. In all the above strikes, GKP has played a vital role. it helped to improve the image of our FNPO among the rank & file. The image was created by NFPE in the Postal industry that FNPO would not participate in the Strikes has gone to wind.

New RSA Rule was introduced in 1993. He accepted and participated in the verification. In the first verification process, NFPE did not participate. However they participated simultaneously. We secured recognition for four Unions under his leadership. This was a big milestone in his history.

He coordinated many seminars in India on behalf of PTTI, CI and UNI. He maintained cordial relationship with all leaders.

Now Our GKP left us but his service rendered towards Postal, RMS & MMS workers will be remembered for ever in the year to come. Let us march forward ahead in the foot prints of beloved leader Shri. GKP.

I request Our Circle Secretaries, Divisional Secretaries and Branch Secretaries to translate the above in the regional language and circulate among our members, and conduct meeting on 09.07.2013, by recalling the services of Shri. GKP in view of his 84th birthday. Our GKP left us physically but he is alive in our heart for ever.

D.THEAGARAJAN. S.G. FNPO.

28.04.2015 NATIONAL JOINT COUNCIL OF ACTION

Highlights of the proposed amendments The Union Cabinet has approved 54 changes in the Factories Act 1948, the Apprenticeship Act 1961, Labour Laws (Exemption from furnishing returns and maintaining of registers by certain establishments 1988). The Government will now table the proposed amendments in the Parliament and given the majority it enjoys it won't be facing any problem to get them approved. The amendment is expected to allow women for night duty with adequate safety and also ensure provision for transport after work. The proposed amendments also aimed to increase the overtime hours from the current limit of 50 hours per quarter to 100 hours per quarter. With the approval of state government, the amendment also proposes this limit to be increased to a maximum of 125 hours per quarter. Ensuring safer working conditions for employees working in hazardous environment as well as provision of canteen facilities. Factories employing 200 or more workers would have to provide canteen facilities instead of the present provision of 250 workers. It also provides for shelters or restrooms and lunchrooms in factories in which 75 or more workers are employed instead of the present stipulation of 150 workers. The changes also aim to prohibit pregnant women and physically handicapped people from being assigned to machinery-in-motion. Reducing the eligibility for entitlement of annual leave-with-wages to 90 days from the existing 240 days. What are the changes?

The Apprenticeship Act, 1961: Getting rid of the clause that allows arrest of employers for not implementing the Act. Addition of 500 new trades to the list of 238 in the Act. Companies might also be permitted to begin new trades without waiting for the Centre to notify those. The Factories Act of 1948: Double overtime of workers to 100 hours per quarter from 50 hours per quarter. Ensuring safer working conditions for employees working in hazardous environment Provision of canteen facilities in factories having 75 or more workers. Allow women for night duty with adequate safety and provision for transport after work. Prohibit pregnant women and physically handicapped people from being assigned to machinery-in-motion. Labour Laws Act 1988: Exemption to small firms with up to 40 workers, against 10 currently from filing compliance reports. The Government is also considering amendments to the Child Labour (Regulation and Abolition) Act, 1986, and the Minimum Wages Act, 1948. What was dropped? The clause allowing employers' imprisoned for not implementing the Apprenticeship Act is to be dropped; Rs 500 fine per shortfall of apprenticeship month to be imposed. What was added? E-Records to be maintained in electronic

media. Contractual workers, daily wagers, agency workers and casual workers also to come under Apprenticeship Act. Companies could add new trades under the Apprenticeship Act without the Centre's approval. Impact of the changes: The changes in Factories Act of 1948 will ensure ease in doing business for companies, enhanced benefits for workers as it will double overtime of workers to 100 hours per quarter and improve workers' safety. More companies will hire apprentices this will boost formal skilling of workers. Small firms will hire more workers and lower regulatory compliance burden. Why was a need for change in these Acts/Laws? The prime reason for amendments in these laws is that they have become outdated and redundant. Amendments in these laws will be giant step towards achieving both political as well as economical innovation in labour reforms. India needs flexible labour laws to ensure freedom from unemployment where as many as 12 million are added to the workforce annually. Labour market reforms will undoubtedly bring down the divide between the formal and informal employment. Changes in labour laws will pave the way for each state to have their own socio-economic background and take decisions to create more jobs within their boundaries.

NATIONAL JOINT COUNCIL OF ACTION OF CENTRAL GOVERNMENT EMPLOYEES 4, STATE ENTRY ROAD, NEW DELHI

RESOLUTION ADOPTED AT THE MASSIVE RALLY AT JANTAR MANTAR (PARLIAMENT STREET) ON 28 APRIL 2015

The massive congregation of the representatives of Central Govt Employees who have come from various parts of the country held at Jantar Mantar before the Indian Parliament on 28-04-2015 decided to commence the indefinite strike action from 23rd November 2015 from 6 AM having failed to elicit any positive response from the Government in settlement of the 10 point Charter of Demands submitted months back. It was also decided that the Railways and Defence organizations will conduct the strike Ballot as per the provision of the Industrial Disputes Act and Recognition Rules before commencing the strike from 23-11-2015.

The massive gathering adopted the resolution unanimously exhorting the central Govt. Employees to prepare for the eventual strike action in all earnestness and make it a historic one.

The meeting congratulates the employees for forging exemplary unity and carrying out various programmes chalked out by the National Joint Council of Action (NJCA) after the national convention on 11th December 2014. Even though the Govt. was compelled to set up the 7th CPC on account of the sanctions generated through the

action programmes, Govt. has refused to grant Interim Relief and merger of DA and excluded the Gramin Dak Sewaks of the Postal Department from the ambit of the 7th CPC.

It is a matter of regret that in spite of public admission of non-privatisation of Indian Railways by Prime Minister of India and assurance of Minister of Railways on various occasions, including Parliament, Dr. Deb Roy Committee had submitted a report which is a clear roadmap for privatisation of IR.

The meeting noted that the Government has purposely ensured the closure of Joint Consultative Machinery, the negotiating forum set up in 1966 for Central Government Employees to discuss and bring about settlement of their demands.

The meeting chaired by Secretary (Personnel) on 25th February 2015 did not bring about settlement on any single issue of the Charter of Demands.

The meeting unanimously decided to demand before the Government to convene the meeting of National Council, JCM immediately and settle the following charter of demands, if at all it wants to avoid confrontation with its own employees.

CHARTER OF DEMANDS:

1. Effect wage revision of the Central Government Employees from 01.01.2014, accepting the memorandum of the Staff Side JCM; ensure 5-year wage revision in future; grant Interim Relief and Merger of 100% of DA. Ensure submission of the 7th CPC report within the stipulated time frame of 18 months; include the Gramin Dak Sewaks within the ambit of the 7th CPC. Settle all anomalies of the 6th CPC.
2. No privatisation, PPP or FDI in Railways and Defence Establishments and no corporatisation of postal services.
3. No Ban on recruitment/creation of post.
4. Scrap PFRDA Act and re-introduce the defined benefit statutory pension scheme.
5. No outsourcing; contractisation, privatisation of governmental functions; withdraw the proposed move to close down the Printing Presses; the publication, form store and stationery departments and Medical Stores Depots; regularise the existing daily rated/casual and contract workers and absorption of trained apprentices.
6. Revive the JCM functioning at all levels as an effective negotiating forum for settlement of the demands of the CGEs.
7. Remove the arbitrary ceiling on compassionate appointments.

8. No labour reforms which are inimical to the interest of the workers.

9. Remove the ceiling on payment of Bonus.

10. Ensure five promotions in the service career.

The meeting authorized the National JCA to take appropriate and necessary steps needed to make the indefinite strike beginning from 23rd November 2015 an unprecedented and grand success.

Annexure 8

REPLY TO 7th CPC QUESTIONNAIRE

National Council (JCM) Staff side has finalized reply to the 7th CPC Questionnaire. Our Federation has endorsed the views of the JCM Staff side.

1. SALARIES

1.1 The considerations on which the minimum salary in case of the lowest Group 'C' functionary and the maximum salary in case of a Secretary level officer may be determined and what should be the reasonable ratio between the two.

Any Commission which considers the question of emoluments for employees/workers should first be inspired by the implication flowing from the amendment to the preamble of our Constitution where-by the words "socialist & secular" were prefixed to the word "Republic", as also the Directive Principles of State Policy enshrined in Article 43 i.e. the state should endeavour to secure living wage for its employees/workers.

Group C is a skilled worker. MTS is the lowest category of Group C. The 6th CPC evolved the MTS by amalgamating some of the unskilled, semi-skilled and skilled functions without any scientific basis or logic. From the standpoint of the stipulation in the recruitment rules, eligibility criteria etc, MTS deserves to be categorized as a skilled worker. In

practice, most of the departments have outsourced or contractorised the unskilled or semi skilled jobs leaving the MTS to cater to the requirements of the skilled functions.

Wage structure in civil service is to be determined on the basis of the computation of the minimum wage; fair comparison of wages elsewhere, growth in the economy etc. The living wage, which is a constitutional guarantee, has not been defined. The 15th Indian Labour Conference held in 1957 brought in the concept of "Need Based Minimum wage" on the basis of Dr. Aykhrroid formula. The need based minimum wage is required to be provided for an unskilled worker whenever one is employed. The definition underwent minor changes, when the Supreme Court revised the norms later. Presently there are no unskilled regular employees' cadre in Government of India services. The Commission is required to first determine the need based minimum wage as per the Dr. Aykhrroid formula and make necessary adjustment to determine the wages of MTS which is the lowest category in Government of India services. The co-relation of the wages of the skilled and unskilled worker at the lowest grade had always been of the order of 130% for the skilled worker. The minimum of the pay of the MTS/SS has therefore to be determined at 130% of the need based minimum wage.

The minimum maximum ratio obtaining in different countries as per information gathered by V CPC was as under:

Malaysia	-	1:3
Sweden	-	1:4
USA	-	1:4
Britain	-	1:6
France	-	1:6.6
Indonesia	-	1:6.9
Australia	-	1:7.7
Thailand	-	1:9

However, the earlier Pay Commissions had adopted a ratio of 1:10. Since the minimum wage in the Central Government sector is no more related to an unskilled worker, this ratio must be proportionately changed to 1:8. If one is to take into account the fact that the Pay of Cabinet secretary, being the topmost Civil Servant is excluded by the 6th CPC, the ratio in reality between the minimum and maximum will be more than 1:9.

Therefore, so far as maximum salary in the case of a Secretary level officer is concerned the reasonable ratio between minimum and maximum salary may be taken as 1:8 and salary of Secretary level officer may be fixed by multiplying the minimum wage by a factor of 8.

1.2 What should be the considerations for determining salary for various levels of functions falling between the highest level and the lowest level functionaries?

Salary for various levels of functions falling between the highest and the lowest level functionaries should be determined by applying the existing vertical and horizontal relationships which have been evolved over a time through various Pay Commissions.

In respect of special functionaries like Professionals and technocrats who normally prefer to work in the Private Sector and therefore either do not offer themselves for Government service or tend to leave it and go over to the Private Sector, Instead of providing them the salary structure of Group A administrative post they may be granted a special Pay package.

Similarly semi-skilled workers engaged in hazardous activities like scavenging, maintenance of rail track, in Laboratories, Hospitals and handling chemicals, explosives etc. may also be considered for a special treatment.

2. COMPARISONS

2.1 Should there be any comparison/parity between pay scales and perquisites between Government and the private sector? If so, why? If not, why not?

There should be no comparison/parity between pay scales and perquisites between Government and the private sector for their functions and objectives are incomparable. While the private sector is motivated by the concept of maximization of profit, the requirement of quality service to public without any favour is the cardinal principle of governance. A civil servant is supposed to possess the qualities of being fearless, honest, appreciative of inherent difficulties, non-discriminatory between one citizen and the other; sense of equality; adherence to the rules and regulations etc.

However a "fair comparison with outside wages" is a principle which has been adopted world over for determination of wages of Civil (Government) servants and therefore at least at the bottom level, wages must be on par with the average minimum wage obtaining in selected Private/Public sector undertakings, subject to the condition that it should not in any case be less than the Need Based Minimum wage determined and quantified on the basis of norms adopted by the 15 ILC.

So far as perquisites are concerned no comparison with those obtaining in Private sector is possible except in the case of House Rent/Travelling Allowances. Other perquisites in the Private sector have been granted on altogether different considerations.

2.2 Should there at all be any comparison/parity between pay scales and perquisites between Government and the public sector? If so, why? If not, why not?

Yes. For the sake of a fair comparison of wages especially in the background that some of the Government employees are called upon to perform in a hazardous situation as mentioned in reply to question No. 1.2.

2.3 The concept of variable pay has been introduced in Central Public Sector Enterprises by the Second Pay Revision Committee. In the case of the Government is there merit in introducing a variable component of pay? Can such variable pay be linked to performance?

The concept of performance related pay structure was actually imported by the 6th CPC through the Pay Band and Grade Pay system. In the absence of an objective measurement criterion to evaluate the performance of individual officials and groups, the innovation was flawed right at the outset. The 6th CPC failed to recognize the fact that in Governmental set up, segmentalisation of functions into tiny units is next to impossible. In order to make the concept workable, the organization must be capable of finalizing clear cut targets both at the individual and group levels. This being difficult in most of the Governmental organizations, it is not desirable either to continue with the existing system or import or replicate what is done in the Public Sector Undertakings. This apart, it is pertinent to point out that most the west European countries, which adopted the Performance pay related scheme in civil service in the hey-days of Thatcher-Reagan era subsequently discarded it as infeasible.

3. ATTRACTING TALENT

3.1 Does the present compensation package attract suitable talent in the All India Services & Group A Services? What are your observations and suggestions in this regard?

Generally the pay package in Government service at all levels is at a low level compared to the exorbitant pay packets provided by some of the Transnational Corporation in the private Sector. This has no doubt a deleterious impact on the quality of personnel recruited to Civil service, especially at lower levels. Since the Group A Service officers in Civil Service enjoy enormous power, perks privileges and an incomparable job security it has continued to attract talents. As mentioned elsewhere, while parity with the pay and perquisites with the private sector is neither desirable nor feasible, the Commission must ensure that the widening gap in this regard is taken into account as an important factor to be addressed. The element of statutory Pension is one very important and significant factor in attracting persons for Government service, which has been replaced with NPS. Therefore, the NPS and PFRDA Act may be scrapped and statutory pension as a service condition may be restored.

3.2 To what extent should government compensation be structured to attract special talent?

Government may be required to requisition the service of personnel with special talents of professionals, Scientists, technicians and technocrats for specific jobs. The Commission may evolve a scheme for the recruitment and retention of such professionals, technocrats, technicians and Scientists with special pay packets and flexible service conditions.

4. PAY SCALES

4.1 The 6th Central Pay Commission introduced the system of Pay Bands and Grade Pay as against the system of specific pay scales attached to various posts. What has been the impact of running pay bands post implementation of 6th CPC recommendations?

The Pay Band and Grade Pay system evolved by the 6th CPC in implementation of the concept of performance related pay structure in civil service, in our opinion, brought about a chaotic Pay structure. It did not serve the requisite purpose.

4.2 Is there any need to bring about any change?

Yes.

4.3 Did the pay bands recommended by the Sixth CPC help in arresting exodus and attract talent towards the Government?

No.

The Pay Band & Grade Pay structure has not prevented the highly qualified technocrats and professions to leave the Government in search of better career avenues in public and private sectors.

4.4 Successive Pay Commissions have reduced the number of pay scales by merging one or two pay scales together. Is there a case for the number of pay scales/ pay band to be rationalized and if so in what manner?

It must be noted that the successive Pay commissions had reduced the pay scales only at the Group C and D levels. There is still scope to have further exercise in this direction where clear overlapping exists.

4.5 Is the "grade pay" concept working? If not, what are your alternative suggestions?

It is not working. We shall make our alternate suggestion in the matter in our memorandum.

5. INCREMENT

5.1 Whether the present system of annual increment on 1st July of every year uniformly in case of all employees has served its purpose or not? Whether any changes are required?

No. In fact the single date increment system has brought in anomalies, which were discussed at length at the National Anomaly Committee, without reaching an agreement. In our Opinion, the commission must recommend, for administrative expediency, two specific dates as increment dates. Viz. 1st January and 1st July. Those recruited/appointed/promoted during the period between 1st Jan and 30th June, will have their increment date on 1st January and those recruited/appointed/promoted between 1st July and 31st December will have it on 1st July next. This apart the Commission is required to specifically recommend that those who retire on 30th June or 31st December are granted one increment on the last day of their service.

5.2 What should be the reasonable quantum of annual increment?

The reasonable quantum of increment should not be less than 5% of the basic pay or the rate of increment agreed upon through bilateral discussion in the Banking industry, whichever is higher.

5.3 Whether there should be a provision of variable increments at a rate higher than the normal annual increment in case of high achievers? If so, what should be transparent and objective parameters to assess high achievement, which could be uniformly applied across Central Government?

Without defining the term "high achiever" and prescribing transparent and objective parameters to assess high achievement the system of variable increments at a rate higher than normal annual increments will be misused on subjective assessment of high achievements. For these reasons and for what we have stated in reply to question No. 2.3 the scheme of variable increment is not desirable.

5.4 Under the MACP scheme three financial up-gradations are allowed on completion of 10, 20, 30 years of regular service, counted from the direct entry grade. What are the strengths and weaknesses of the scheme? Is there a perception that a scheme of this nature, in some Departments, actually incentivizes people who do not wish to take the more arduous route of qualifying departmental examinations/ or those obtaining professional degrees?

There should be 5 financial upgradation in MACP based on the departmental promotional hierarchy. The MACP

scheme is required to be continued to motivate personnel at all levels and at all departments especially in those organizations, where normal promotional avenues are few and far between. Normal promotions are dependent upon the availability of vacancies at higher levels. The job requirement of certain organizations may not be capable of creating requisite number of higher level positions whereas it might need large number of personnel at lower levels. MACP alone can take care of that specific situation. The arduous route of career progression through examination and professional qualification, no doubt will be preferred if and if only such promotions are made available for the eligible candidates within a reasonable period of residency in the feeder cadre. Say two to three years.

No financial benefit accrues to a person who is promoted through the arduous route of examination or acquisition of professional qualification, when such promotion follows the financial upgradation under MACP Scheme. This has to be rectified by evolving a distinctly different financial benefit scheme on grant of actual regular promotion.

6. PERFORMANCE

What kind of incentives would you suggest to recognize and reward good performance?

We are against the system of incentives to reward good performance as this would only encourage favouritism and nepotism for the reasons stated to our reply to question No.2.3 and 5.2

7. IMPACT ON OTHER ORGANIZATIONS

Salary structures in the Central and State Governments are broadly similar. The recommendations of the Pay Commission are likely to lead to similar demands from employees of State Governments, municipal bodies, Panchayati raj institutions & autonomous institutions. To what extent should their paying capacity be considered in devising a reasonable remuneration package for Central Govt. employees?

Capacity of a Governmental organization to pay cannot be gauged only from the available resources but also its potential to raise resources. Wages cannot be determined on the single factor of capacity of the Government to pay. It must be noted that there are various State Governments in the country which pay better pay packets, perquisites and allowances to its employees than what is provided to the Central Government employees. Panchayati Raj institution, Municipalities, normally follow the salary structure of the respective State Governments. It is also to be noted that various State Governments do revise the wages of their employees once in five years. In any case the incapacity of the government to pay cannot be a justification to

deny the minimum wage to workers and the salary structure based upon that concept, especially in the background that the government is to function as a model employer. It also cannot be an excuse for denial of wages on a fair comparison of the wages existing in the society which is evolved as a product of collective bargaining of the workers.

8. DEFENCE FORCES

8.1 What should be the considerations for fixing salary in case of Defence personnel and in what manner does the parity with civil services need to be evolved, keeping in view their respective job profiles?

No comments

8.2 In what manner should the concessions and facilities, both in cash and kind, be taken into account for determining salary structure in case of Defence Forces personnel.

No comments

8.3 As per the November 2008 orders of the Ministry of Defence, there are a total of 45 types of allowances for Personnel Below Officer Rank and 39 types of allowances for Officers. Does a case exist for rationalization/ streamlining of the current variety of allowances?

No comments

8.4 What are the options available for addressing the increasing expenditure on defence pensions?

No comments

8.5 As a measure of special recognition, is there a case to review the present benefits provided to war widows?

No comments

8.6 As a measure of special recognition, is there a case to review the present benefits provided to disabled soldiers, commensurate to the nature of their disability?

No comments.

9. ALLOWANCES

9.1 Whether the existing allowances need to be retained or rationalized in such a manner as to ensure that salary structure takes care not only of the job profile but the situational factors as well, so that the number of allowances could be at a realistic level?

The existing allowances need to be retained and enhanced. They are at a realistic level having been evolved by successive Pay Commission over detailed deliberations.

9.2 What should be the principles to determine payment of House Rent Allowance?

The 11th CPC had recommended that Government should lay down appropriate HRA rates in different cities and town

based not on population criteria, but on an actual assessment of prevailing level of rent in different cities and Towns. Alternatively, certain notional rents for different types of accommodation meant for officers and personnel of specified pay groups should be laid down for particular cities after studying the actual market rent in that city. The house rent allowance will have to be the actual rent payable by an employee in a particular location as reduced by 10% of basic pay being the amount factored in the computation of minimum wage.

10. PENSION

10.1 The retirement benefits of all Central Government employees appointed on or after 1.1.2004 are covered by the New Pension Scheme (NPS). What has been the experience of the NPS in the last decade?

We are of the considered opinion that the new pension scheme which came into existence for the employees recruited after 1.1.2004 must be scrapped. The old statutory pension scheme as was in vogue prior to 1.1.2004 must be made applicable to all Government employees irrespective of the date of their entry into Government service. The New pension scheme has in fact created a class within class amongst the Central Government employees which is discriminatory and impermissible. It is clearly in contravention of the dictum pronounced by the Constitution Bench of the Supreme Court in *Nakara Vs Union of India* and therefore deserves to be rescinded.

10.2 As far as pre-1.1.2004 appointees are concerned, what should be the principles that govern the structure of pension and other retirement benefits?

The concept of modified parity introduced by the 5th CPC as a measure to reduce the financial implication must be replaced with the full parity concept as was made applicable for the personnel retired prior to 1.1.1986. In other words, the pay of every retired person must be re-determined notionally as if he is not retired and then his pension to be computed under the revised rules. This alone will protect the value of pension of a retired person.

5th CPC in their Para 127.6 has observed, "It needs to be averred emphatically that pension is not in the nature of alms being doled out to beggars. Senior Citizens (Retired Government employees) need to be treated with dignity and courtesy befitting their age. Pension is their statutory, inalienable, enforceable right & it has been earned by the sweat of their brow" Hon'ble Supreme Court, in its landmark Constitutional Bench judgement dated 17.12.1982 in the case of *D.S. Nakara Vs Union of India* ruled –

"A Pension scheme consistent with available resources must provide (adequate pension) so that the Pensioner would be able to live

i) free from want, with decency, independence and self respect and

ii) At a standard equivalent at pre-retirement level.

iii) Pensioners from payment of pension form a homogeneous class. Different formulae affording unequal treatment cannot be adopted to compute their pension solely on the ground that some retired earlier and some retired later.

A comprehensive scheme of retirement benefit has been suggested by the stake holders both as an agenda in the National Council meeting of JCM and the meetings of SCOVA. The Commission is requested to consider the well thought out scheme formulated in those agenda and make recommendations to the Government, so that the pension and retirement benefits will really become meaningful for the retired employees. We shall elucidate the points in detail when we submit the memorandum to the Commission on retirement benefits.

11. STRENGTHENING THE PUBLIC GOVERNANCE SYSTEM

11.1 The 6th CPC recommended upgrading the skills of the Group D employees and placing them in Group C over a period of time. What has been the experience in this regard?

The then existing Group D employees, to the best of our understanding have all been trained, upgraded or promoted to function as skilled group C employees and they perform well and efficiently.

11.2 In what way can Central Government organizations functioning be improved to make them more efficient, accountable and responsible? Please give specific suggestions with respect to:

a) Rationalization of staff strength and more productive deployment of available staff;

b) Rationalization of processes and reduction of paper work; and

c) Economy in expenditure.

Whatever rationalization effected so far by the Government had been through an unscientific and arbitrary executive fiat like the one issued in 2001 and which was kept operative till 2009. The said exercise only reduced the staff strength drastically. We are not aware of any rationalization or reduction in Group A cadres through this exercise even though the executive instruction covered all grades and cadres in the Government service. In fact there

had been no rationalization but only reduction of manpower overburdening the existing workers and making most of the Departments difficult to perform perfectly. In our considered opinion, the 7thCPC must recommend to the Government to set up a Committee in each department with experts from outside the organization, the officials from within the organization and representative of the Unions of the respective department to study the functional changes taken place over the years, especially due to the induction of modern technology the new challenges and the best way to meet those challenges, reduction in paper work, customer satisfaction and economy in expenditure and make suggestions to the Government for their acceptance and implementation.

12. TRAINING/ BUILDING COMPETENCE

To ensure that periodical professional training is imparted to all personnel to update the skills.

12.1 How would you interpret the concept of "competency based framework"?

No comments. This in fact is a matter which must be considered by an Administrative Reforms Commission rather than the Pay Commission.

12.2 One of the terms of reference suggests that the Commission recommend appropriate training and capacity building through a competency based framework.

a) Is the present level of training at various stages of a person's career considered adequate? Are there gaps that need to be filled, and if so, where?

b) Should it be made compulsory that each civil service officer should in his career span acquire a professional qualification? If so, can the nature of the study, time intervals and the Institution(s) whose qualification are acceptable, all be stipulated?

c) What other indicators can best measure training and capacity building for personnel in your organization? Please suggest ways through which capacity building can be further strengthened?

In our opinion in-service training is the best course for skill development.

13.1 What has been the experience of outsourcing at various levels of Government and is there a case for streamlining it?

Outsourcing of Governmental functions per se is undesirable and must be stopped.

The experience has been sheer duplication of work by existing regular employees and deterioration of efficiency in public service. It encouraged rampant corruption and endangered the quality of service, safety and security of the organization.

13.2 Is there a clear identification of jobs that can be outsourced?

No. for reasons stated in reply to question No. 13.

14. REGULATORY BODIES

No comments.

14.1 Kindly list out the Regulators set up under Acts of Parliament, related to your Ministry/ Department. The total number of personnel on rolls (Chairperson and members + support personnel) may be indicated.

No comments. The reply has to be given Government Departments.

14.2 Regulators that may not qualify in terms of being set up under Acts of Parliament but perform regulatory functions may also be listed. The scale of pay for Chairperson /Members and other personnel of such bodies may be indicated.

No comments. The reply has to be given Government Departments.

14.3 Across the Government there are a host of Regulatory bodies set up for various purposes. What are your suggestions regarding emoluments structure for Regulatory bodies?

No comments.

15. PAYMENT OF BONUS

One of the terms of reference of the 7th Pay Commission is to examine the existing schemes of payment of bonus. What are your suggestions and observations in this regard.

The present system of Productivity linked bonus is the product of bilateral agreements and cannot be changed through unilateral decisions. What is needed is that the Government must issue necessary guidelines to enable all departments to enter into such bilateral agreements with their staff unions so that the adhoc bonus system presently in vogue in many departments could be abolished. This apart, the Commission must recommend that PLB, being an incentive scheme in nature, must be computed on actual pay of an employee instead of the notional emoluments.

MEMORANDUM ON MERGER OF DA WITH PAY AND INTERIM RELIEF

We solicit the kind reference of the 7th Central Pay Commission to the discussion during the informal interaction the staff side of the National Council had with the Commission on 28.5.2014, when we inter alia raised the issue of merger of Dearness allowance and Interim Relief.

2. Before we dwell upon the issues, it may not be out of place to refer to the evolution of the JCM which later became the negotiating platform for the entirety of Central Government employees and workers. It was conceived to bring about a conflict free industrial climate in Civil Service in the wake of the tumultuous experience of an industrial strike action in 1960. The National Council, the apex forum under the three tier system headed by the Cabinet Secretary was empowered to deliberate upon the common issues of the Central Government employees. The Staff Side, National Council, thus became the united voice of the entirety of the Central Government employees on fundamental issues like Wages, Pay Scales, Rate of increment, Dearness compensation and other general allowances.

3. However, over the years, JCM became an ineffective instrument to address the basic issues and demands of the employees. We shall detail the requirements to empower and streamline the functioning of the JCM as a negotiating forum in our Main Memorandum to the Commission.

4. The twin issues viz. Merger of DA and Interim relief had been the subject matter of discussion with the Government when the Staff side was called upon to present their views in the matter of finalization of the terms of reference for the 7th CPC by the Secretary, Personnel, (Department of Personnel and Training) in his capacity as Chairman, Standing Committee, National Council JCM. Though we pleaded for the specific reference of the above two issues, to the 7th CPC, the final 1 version of the terms of reference approved by the Government did not find a place for our views. We have, therefore, been constrained to take recourse to clause 5 in the terms of reference, which enables the Commission to send interim report to the Government.

MERGER OF DA WITH PAY:

5. Dearness allowance is considered as a device to protect, to a greater or lesser extent, the real income of wage earners and salaried employees from the effects of rise in prices. As per the vagaries of price fluctuation in the market, the allowances are bound to go up and down. Constant rise in the price level, might bring about a situation whereby the quantum of allowance shall go up. Such a phenomenon of constant increase of prices of commodities gave rise to

the demand for merger of Dearness allowances with pay so as to make it pay, rather than an allowance, with all concomitant benefits. A committee to advise the Govt. on the portion of such DA to be treated as pay was appointed on 15th July, 1952 (Resolution No. F6(6)E-II/52). The terms of reference of the Committee was :

“Taking in to consideration the rates of dearness allowance that have been sanctioned to date for Central Govt. servants, and the level at which cost of living index are likely to stabilize in the foreseeable future, to recommend the percentage of dearness allowance now given to the Central Govt. servants which should be allowed to be treated as pay for all purposes in future, provided that by doing so the present total pay and dearness allowance is not enhanced:”

6. The said committee was headed by Shri N.V. Gadgil, Member of Parliament. The Committee in its report concluded that

“We have recorded the various reasons which we have taken into account in arriving at the conclusion that the appropriate level below which the All India cost of living index is not likely to fall, should be taken as 265-284. We find that for the index figure of 265, the Central Pay Commission formula allows Govt. Employees in the lowest pay group a dearness allowance of Rs.20/- and this amount remain unchanged until the cost of living index go above the index of the next level i.e. 285. We, therefore, consider that the employees in this pay group, a sum of Rs. 20/- which represents 50% of the present dearness allowance of Rs. 40 per month should be treated as pay (page 22 chapter V Report of the Dearness allowance Committee).”

7. The Committee also enumerated in their report the purposes for which the DA shall be treated as pay as under:-

Retirement Benefits

Travelling allowance

Compensatory allowance

House rent allowance

Compensation of Leave Salary etc.

8. The 3rd CPC, whose recommendations were implemented with effect from 1.1.1973 had no reference from the Govt. on the question of merger of DA. Still while dealing with the issue of Dearness allowance (vol.IV – Page 1 Ch.55) the Commission noted that “no other country in the world (except Ceylon and Pakistan) seems to be following the practice of paying dearness allowance or cost of living allowance as a separate element of wage. In most of the countries compensation to Govt. employees for the increase in the price level is given by way of periodical salary revisions Prior to the setting up of the 3rd CPC, pursuant to the discussion in the National Council, JCM, the entire dearness allowance as on 1.8.1966 was

treated as Dearness pay and the consequent increase in allowance was granted by the Government with effect from 1.12.1968. In para 16, the Commission recommended that should the price level rise above twelve monthly index of 272 (1960=100) the Government should review the position and decide whether the Dearness allowance Scheme should be extended further or the pay scale themselves should be revised. (Page 4 Chapter 55. Vol. 4 3rd CPC report). On crossing the index point of 272, the Government conceded the demand for merger of 36% of DA with pay. Later, based on an agreement reached at the National Council JCM the DA granted upto the index level of 320 points i.e. 60% of the Basic Pay was merged through executive instructions for purpose of allowances and pension. Before the 4th CPC was set up in 1983, the issue of further merger of DA with Pay was raised by the employees. Conceding the demand the Government decided that DA entitled to be drawn upto the index average of 568 points be treated as pay for all purposes.

9. Since the Pay Scales were to be constructed with reference to the consumer price index as on the date of revision, every Commission had to perforce merge the entire DA when the actual revision was made. The DA on such revised pay is to be computed on the basis of annual average rise of index after every six months interval. Therefore, the question of merger of DA again rose at the time of negotiation with the Government for setting up the 5th CPC. An agreement was reached on merger of certain percentage of DA and interim relief. (Rs. 100/-) in September, 1993. In April, 1994, the Government issued notification setting up the 5th CPC (resolution No. 5(12)E-III/93 dated 9.4.1994).

10. The Staff Side placed before the 5th CPC the necessity to merge DA with Pay at an index level below which prices were not likely to move downwards. Pointing out that in the last two decades i.e. 1980s and 1990s there had been not a single occasion when the annual average index had fallen consequent upon which the DA rates were to be reduced, they requested the Commission to merge the entire DA which had been at 97% of the Basic pay as on 1.7.1993. (The AICPI index being 1201.66). The Commission after deliberations on the memorandum and discussion with the staff Side, recommended that 97% of Basic Pay as DA admissible from 1.7.1993 be treated as Pay for all purposes. However, they suggested that the said merger might be given effect only from 1.4.1995.

11. The 5th CPC submitted its final report to the Government on 19th January, 1997. Before the Commission, the Staff side had demanded that as and when the consumer price index exceeds 25% of the base index at which the pay is fixed that proportion of Dearness allowance should be treated as Pay for all purposes and the decision on this must not be left at the discretion of the Government. The Commission considering this demand observed that:

"From the past trend of CPI given in annexure 11'8.1 it is observed that 50% increase in prices generally takes around five years to materialise. A mid-term quinquennial revision of salaries of the Government employees is not something the Government should grudge. In view of the above, we recommend that DA should be converted into Dearness Pay each time the CPI increases by 50% over the base index used by the last Pay Commission. Such DA should be termed as Dearness Pay and be counted for all purposes including retirement benefits. (Chapter 105 page 157)". The 5th CPC thus regularised the periodical merger of DA into a well thought 11. out scheme. They also established that wage revision is needed either when the DA exceeds 50% over the base index or after five years .

12. The Government, however, did not act upon this recommendation, when the percentage of DA exceeded 50(52%) as on 1.7.2002, though it had accepted the recommendation in 1997. With the persistent persuasion, ultimately, the Government issued orders treating 50% DA as Dearness Pay for all purposes with effect from 1.4.2004.

13. Even though the 5th CPC had brought about a finality on the approach to the question of merger of DA with pay, the 6th CPC reopened the issue afresh. The Commission made the following observation-

"This conversion (merger of DA with Pay) is however not necessary in the revised structure being recommended where increments are payable as a percentage of Pay in the Pay Band and Grade Pay thereon and provision has been made for all allowances/benefits to be revised periodically, linked to the increase in the price index. The Commission is, therefore, not recommending merger of DA with Basic pay at any stage."

14. The 3rd, 4th and 5th Central Pay Commissions had approvingly endorsed the recommendations made by Gadgil Committee in 1952. The practice of periodical merger had been followed as a device to protect the erosion in the real value of wages (including allowances) especially at the lowest level of employees. This erosion becomes unbearable when DA crosses over 50%. To say that the increment rate which is presently 3% of pay would take care of the erosion is to say the least, atrocious. Increment is granted as a legitimate reward for the service rendered by an employee for a year. It has nothing to do with the erosion in the real value of wages. No doubt, the 6th CPC has recommended that a few allowances should be revised by 25% as and when the DA crosses over the stipulated 50%. Such allowances are very in number. Moreover, 25% rise as a compensation when the DA itself rises to 50% is arbitrary and conceived to compensate the worker with lesser amount than what he is entitled to.

15. We, therefore, strongly plead before the Commission, for the reasons enumerated in the foregoing paras, that

the Dearness allowance as on 1.1.2014 which stood at 100% may be recommended to be merged and treated as Dearness Pay for grant of all benefits, allowances, pension and other retirement entitlements.

16. We further submit that Merger of D.A. as on 1.1.2014 may also be recommended in respect of pensioners and Gramin Dak Sewaks of Postal Departments.

INTERIM RELIEF.

Barring the 6th Central Pay Commission, all other Commissions had recommended grant of Interim Relief to the Central Government Employees. As per the 5th CPC, Interim relief represented a provisional arrangement during the period between setting up of a Pay Commission and submission of a report by the Commission and its acceptance by the Government. Most of the earlier Commissions with the exception of 1st and 6th Central Pay Commission had taken 2-3 years and sometimes more to finalise their recommendations. Despite the specific reference made to the 6th CPC, by the Government to consider grant of Interim Relief the Commission took the position that having decided to submit its recommendation within the stipulated period of eighteen months and having arrived at a view that its recommendations must be effective from 1.1.2006, it shall not waste time on the question of interim relief. What the 6th CPC failed to appreciate was the erosion in the real value of wages that had taken place over the years due to inflation and rise in prices of essential commodities and the inability especially of the employees at the lower level to make the both ends meet with the available wages. No doubt, the employees had been to some extent benefitted by the decision of the Government to merge 50% Dearness allowance and treat it as pay for all purposes including DA thereon.

2. Every Pay Commission which had recommended Interim Relief had made it amply clear that it was intended to provide some relief to the employees pending a comprehensive determination of their salary structure and other benefits. The relief granted was treated as sui generis (one of its own kind, unique) and it was not taken into account for determining any allowance or benefit.

3. We give below briefly the course of negotiation and approach of various earlier Pay Commissions on the question of grant of interim relief.

4. The Second Pay Commission gave a report within a month's time and recommended an Interim Relief of Rs. 5/-. The third pay Commission gave three instalments of Interim Relief on varying rates. After appoint of the 4th CPC in July, 1983, Government sanctioned (Vide Department of Expenditure O.M.No. 7(39)-E III/83 dated 2nd August, 1983) on their own initiative Interim Relief at varying rates of Rs. 50 and Rs. 100 per month. In March, 1985, 4th CPC submitted a report and granted a further

interim relief at 10% of Basic pay subject to a minimum of Rs. 50 per month. Again before the setting up of the 5th CPC, the Government sanctioned Rs. 100 as interim Relief. As it was not considered adequate, the staff side of the National Council, JCM submitted a memorandum to the 5th CPC demanding additional interim relief. The Govt. vide their Department of Expenditure, Resolution No. 5(12)EIII/93 dated 12.01.1995 amended the terms of reference to enable the Commission to decide upon the additional interim relief. The 5th Central Pay Commission in their interim report submitted on 2nd May, 1995, recommended Interim Relief equal to 10% of Basic Pay subject to a minimum of Rs. 100/-. The terms of reference of 6th CPC on the issue of Interim Relief was as under:-

"2.g. To examine desirability and need to sanction any interim relief till the time the recommendations of the Commission are made and accepted by the Government"

5. It has to be recalled that the Government did not initially refer the question of Interim Relief to the 5th CPC but when the Staff Side submitted their memorandum to the Commission on I.R., the Government had to amend the terms of reference and refer the issue to the Commission for their decision.

6. These go to establish the need for a relief in view of the erosion in the real value of wages, the need to fill the widening gap in wages when compared to outside rates and the fact that final recommendations of the 7th Pay Commission are bound to revise the wage structure and above all the need to provide some relief to the employees who would retire before the Commission's recommendations are finally submitted to the Government and accepted by them.

7. We give hereunder a table indicating the retail prices of the commodities which goes into the computation of minimum wage as per Dr.Ackroyd formula as on 1.1.2006 (quoted by the 6th CPC in their report. Page 53. Table 2.1'1 Chapter 2.2.) and the actual retail price of those very commodities as on 1.1.2011. The percentage increase in the prices of each commodity is also given in the table. The average rise in prices was of the order of 174%, whereas the Dearness allowance entitlement was only 51%. The table clearly indicate the erosion in the real value of the wages.

Sl.No	Name of articles	Price as on	As on date	%increase

14	Cloth	80	120	50
	Average increase :			174

8. The need based minimum wage computed on the basis of Dr Ackroyd formula as on 1.1.2014 will be around Rs. 26,000 bringing about a gap of almost 12,000 at the level of an MTS. We shall submit the details thereof in our main memorandum.

9. The only Public Sector undertaking in which the wage agreement has been reached in 2013 is the Coal India Limited. As per the said agreement, the minimum wage at the lowest level of the worker as on 1.12.2014 is:

Basic Pay ————— Rs. 15,712
Dearness allowance: ————29.6%
Special allowance: ———— 4.0%
Special DA: —————1.795%
Attendance bonus: ————10%
Total: 49.395% ————— Rs. 7132.46
Total salary: —————Rs.22844.46

At the MTS level 22.844.46 x 130% — Rs.29697.

10. As per the formula adopted by the 5th CPC, the minimum wage will work out to Rs. 22,857 as under:

- A. Per Capita NNP at constant price for 2004-05 – Rs. 24,143
- B. Per capita NNP at constant price for 2011-12 – Rs. 38,037
- C. The increase registered over 8 years. – Rs. 13,894.
- D. Percentage increase over 2004-05 – 57.54877.
- E. Emoluments of an MTS as on 1.1.2014 – Rs. 14,000
- F. 57.55% of Rs. 14,000. – Rs. 8,857.
- G. Wage to be fixed in the case of MTS as on 1.1.14. – Rs. 22857.

From the above it is seen that Central Government employees presently have a very depressed salary structure.

The final outcome of the deliberations of the 7th CPC will become available only by 2016. It is, therefore, needed that the employees have to be compensated in the form of Interim Relief. In our opinion the Commission may, as has been done by the various earlier Pay Commissions, recommend at least 25% of Pay in Pay Band plus Grade Pay as Interim Relief subject to a minimum of Rs. 4000/- . Incidentally we may point out that the grant of interim relief will enable the Government to spread out the financial outlay on account of wage revision over a period of more than three years.

We further urge that the Commission may kindly recommended Interim Relief at the above rate subject to minimum of Rs.2000/- to as pensioners and Gramin Dak Sevaks of Postal Department.

Secretary, Staff Side,
National Council JCM.

Brief of the meeting held on 09.06.2015 between NC/JCM(Staff Side) and 7th CPC

A meeting of National Council JCM Staff Side with 7th Pay Commission was held on 09.06.2015 at New Delhi. It was last meeting of 7th Pay Commission with JCM. JCM had already submitted memorandum regarding common issues of Central Government Employees to 7th CPC on 30th June, 2015. JCM submitted memorandum in two parts. Part one deals with Pay, allowances, advances, facilities, benefits et., Part II is concerning retirement benefits, viz Gratuity, Pension, Medical facilities etc.

Today delegation of NC JCM Staff side went for final deliberations regarding issues of central government employees and pensioners with 7th CPC.

Detailed discussion was held on the following points:-

1. Principles of Wage Determination: Staff Side insisted that 7th CPC should adopt the need based minimum wage formula at the minimum level; the intrinsic value of the assigned job at the intermediary level; the necessity to keep the relativity both at horizontal and vertical level and the need to provide a reasonable salary for the top bureaucrats, taking into account the perks, privileges, benefits, allowances and concessions that go with the posts. **7th Pay Commission gave positive response on this.**

2. Minimum Wage & Ratio of Minimum and Maximum Pay:- JCM urged that the Need-Based Minimum Wage concept to compute pay at the minimum level may be adopted. Pay Commission should take into account the outside rates to determine the pay package at senior levels

of bureaucracy but maintain the ratio between the **minimum and maximum at 1 : 8** (MTS to Secretary to Govt. of India). Staff Side insisted that minimum pay at lowest level of Group C staff should be Rs. 26000. **7th Pay Commission gave positive assurance on this.**

3. Proposed Pay Structure and Rate of Increment:- Staff side demanded open-ended pay scales to ensure that no employee stagnates without increment. We have suggested only 14 Pay scales. Minimum of which is Rs. 26000 and Maximum Rs. 78000 for Group C employees. We suggested that the **multiplication factor (26000/7000 = 3.7)** may be applied uniformly in all the cases to arrive at the revised pay in the new scales of pay. We also suggested that the benefit on promotion, therefore, should be: **two increments** in the feeder cadre. **7th CPC agreed to act positively on this.**

4. Career Progression: Grant five promotions in the service career:- The three time bound scheme of MACP instead of improving the situation has been found less beneficial and has therefore not gone to address the inherent problem of demotivation that has crept in due to the high level of stagnation. The discontent amongst the employees in the matter is of high magnitude today. The VII CPC therefore, should recommend that the cadre reviews are undertaken wherever not done to ensure **five hierarchical promotions** to all employees in their career on the pattern obtaining for Group A Officers. **7th Pay Commission assured to act positively on this.**

5. Bonus:- Presently the PLB and adhoc bonus are calculated on the deemed provision that one's total emoluments is only **Rs. 3500/-**. This is an absolutely irrational stipulation and must be removed. We request that the Commission to recommend to the Government to **remove the said stipulation and grant the bonus on the basis of the actual emolument of the employee.** **7th pay commission agreed to recommend our demand with positive note.**

6. New Pension Scheme:- We requested VII CPC to review and recommend the scarping of NPS in the light of the observations made by Hon'ble supreme court that pension is a fundamental justify. We also insisted that compulsory imposition of NPS on employees has made it discriminatory and recommendation for scarping NPS and the PFRDA Act may be made. **7th Pay Commission was very much sympathetic.**

7. Pension and other Retirement Benefits:- Staff side demanded that the amount of pension must be enough to enable a pensioner to live free from want with decency, independence, and self-respect and at a standard equivalent at the pre-retirement level. We also urged pay commission to examine the principles which should govern the structure of Pension and other retirement benefits, including revision of pension and granting parity between past and future

pensioners. **7th CPC assured positive approach towards pensioners.**

8. Parity in pay scales – We demanded that, where recruitment rules, training etc. are same, they should be brought into one singular grade/pay scale. Giving example of parity to Stenographers with the Ministry and Subordinate Offices. Similarly, in other common categories like Rajbhasha, Paramedical Staff etc.

9. Insurance Scheme was discussed (earlier also) in detail. It was told by the Pay Commission that something substantial should be done in this regard; and also to consider the issue of enhanced gratuity, for which **7th CPC was seen willing to consider the same.**

10. Educational Assistance – we have demanded for Educational Assistance for two children, instead of two eldest children, and also to pay the same for **Post Graduate and Professional Courses. Pay Commission has agreed to consider it up to Graduation level.**

MEMORANDUM SUBMITTED TO SECRETARY, DEPTT. OF POSTS BY PJCA ON 01.04.2013 & REPLY FROM THE DEPARTMENT

1. Issues relating to Gramin Dak Sevaks

a. Enhancement of Bonus ceiling –

In the matter of enhancement of Bonus ceiling to 3500/- of Gramin Dak Sevaks, it was assured that another attempt will be made to get the approval of the Finance Ministry. It was informed that the file has already been submitted to Finance Ministry with the favourable recommendations of the Postal Board and Minister, Communications.

Case file has since been submitted to Ministry of Finance, Department of Expenditure on 30/01/2013 along with study report conducted by the Study Group formed by the Department as per directives of Finance Ministry.

b. Revision of Cash handling norms-

On the issue of withdrawal of upward change in cash handling norms etc., it was assured that the entire issue will be re-examined. A DDG level committee was also constituted. Minister of States for communications has also assured the staff side that needful will be done in this case.

The issue was examined in consultation with integrated Finance Wing. Inputs have been sought from all Circles to ascertain the actual financial implication in the event of revision of norms. Except Uttarkhand & Kerala Circles, the inputs are awaited from all other Circles for which they are being reminded.

c. Ensuring no reduction of TRCA under any circumstances

It was assured by Minister of State for communications that orders for full protection of TRCA will be issued. But, in the orders issued by the Directorate, protection is given for one year only and thereafter if workload is not increased TRCA will be reduced without any protection. As per the earlier orders protection was given up to the maximum of the lower TRCA even if workload is reduced. As per the new order after one year there will be no protection at all. When workload is reduced. As per the new order after one year there will be no protection at all. When workload is reduced due to circumstances beyond the control of the GDS, reducing the TRCA is quite unjustified and inhuman.

The issue was examined and protections has already been provided for GDS BPMs for a period of one year only.

d. Removal of minimum 50 points conditions for GDS compassionate appointment

The existing Compassionate Engagement Scheme for Gramin Dak Sevaks was reviewed in the light of the recommendations made by one man Committee in Para 17.20.2. Though the earlier scheme did not provide any ceiling with regard to percentage of vacancies against which compassionate appointment was being considered, the provisions prescribed that the compassionate engagement is to be given in hard and deserving cases only. On

consideration of the recommendation made by the Committee and in particular the introduction of a transparent criteria of adjudging degree of indigence for the regular Government employees, the Department introduced a Scheme for engagement of GDS on compassionate grounds laying down merit points for each attribute and ceiling 10% was removed and it was prescribed that the hard and deserving cases would mean cases over and above 50 points. The Scheme was subsequently reviewed in March 2012 removing attribute like 'outstanding liabilities for education / marriage of children' and 'discharge benefits' In case of widow, a provision was made for grace points of 15. The various references made by branch unions reveal that the Scheme in present form in allowing compassionate engagement to around 40-60% of the cases. There is no justification for review of the ceiling.

e. Redeployment of mailman posts in new areas

Following consideration of one man Committee recommendations, the category of GDS Mailmen was declared as a wasting group and it was also decided that a work study will be conducted by IWSU for laying down the standards for various operations/ work done by Mailmen in Mail Offices / Transit Mail Offices/ Mail Agency. However, with the abandoning of IWSU, no work study was conducted. Redeployment of GDS Mailmen posts in new areas will tantamount to creation of new posts on which there is a ban of Finance Ministry.

f. Review of cash conveyance allowance – Monthly ceiling of Rs.50/- to be removed.

The cash conveyance allowance for GDS BPMs was revised from Rs.10/- plus actual bus fare per occasion of Rs.50/- per month following approval of the Cabinet.

g. Introduction of Health Scheme

The proposal has been submitted for consideration by Finance Ministry after its examination by Integrated Finance Wing on 26/04/2013.

h. Norms for RPLI

Norms for assessment of workload of GDS BPM already provide for 1 Point for every 10 transactions.

i. Providing norms for cash remittance from BO to AO & Vice Versa

The limits for remittance by various modes of conveyance are fixed as per guidelines under Rule 9 of Volume VI part - III. These limits were last revised vide (his office letter of even number dated 29/9/2008.

2. Immediate finalization of Cadre Restructuring:

After the narration discussion on the problems put forth in the strike charter on 10.01.2012 & 12.01.2012, Secretary,

Deptt. of Posts, has assured both orally and also in the minutes, Inter alia;

"As recorded in the minutes of the meeting held on 27.12.2011, the proposal is under consideration of a committee under the Chairpersonship of DDG(P). The Staff side expressed their concern about the undue delay in finalization of the proposal on which the Secretary Posts, desired finalization of this process by 31st March, 2012. It was assured that the timelines would be adhered to". As regards restructuring of Postal Accounts officials, it was informed that the proposal was cleared by the JS&FS and stands referred to the Secretary (Posts). It was also decided to have a separate Committee under the Chairpersonship of Ms. Sandhya Rani, PMG (BD) Andhra Pradesh Circle to consider Cadre Restructuring of MMS Staff. The Committee will submit its report within three months from the date of formation."

Again in the Minutes of the discussion held with the staff side on 21.05.2012, it is further assured as follows:

"It was decided to formulate a proposal of 30th June 2012 for further examination in consultation with the nodal Ministries. Regarding cadre restricting of Postal Accounts it was assured that the matter will be pursued further with Postal Accounts wing and Establishment Division and the PJCA will be kept apprised of the progress in the regard."

Again during the JCM, Departmental Council standing Committee meeting held on 18.12.2012 and JCM(DC) Meeting held on 28.12.2012 it was assured as follows:

"It was informed that the report of the committee is under consideration. Proposal will be formulated by the Department. However, one round of talks with JCM Members will be held before the proposal is firmed up."

At one stage, the staff side has made it clear that if the Department goes on dragging the cadre restructuring Issue indefinitely, the staff side will be forced to non-cooperate with the IT Modernization project.

It was repeatedly assured that the cadre restructuring will not be linked with the IT Modernisation Project. But still the proposals are not finalized. No meeting of the Cadre Restructuring Committee by the Postal Board was held during the last one year. The undue and unwarranted delay is causing concern and also strong resentment among the employees.

(a) Vide letter 25.04.2012 PE-I dated 25.05.2012 a Cadre Restructuring Committee for Group 'C' Employee was constituted by Secretary (Posts) under the Chairmanship of Shri Salim Haq DDG(P) whose report has not been received in the Branch. On telephonic enquiry the then DDG(P) informed that he has already submitted the report on 6th Nov., 2012 to the DDG(Estt.) and a soft copy has been forwarded without any enclosures and signatures. The

Chairman of the Committee Shri Salim Haq has been requested to submit full report with enclosures duly signed by committee members.

(b) A committee had been set up vide Directorate letter No.Dop/01 /2011-SR dated 20.01.2012 under the Chairmanship of Ms. Sandhya Rani, PMG, (BD). AP Circle to consider Cadre Restructuring of Mail Motors Service which has submitted a report and the recommendations of the committee is under examination.

3. Revision of wages of casual labourers and their absorption:

In the minutes of the discussion held with the staff side on 10.01.2012 & 12.01.2012, the Secretary (Posts) has assured as follows:

"The Staff side was apprised that a Committee had been constituted under the Chairpersonship of CPMG Assam circle to look into the issues pertaining to Casual Labourers and it is likely to submit its report shortly. The Staff side expressed its concern over the delay in the decision. Regarding the union's request for revised minimum wages w.e.f. 01.01.2006, the matter will be examined on priority."

Again in the minutes of the discussion held on 21.05.2012, it was further assured that "A Comprehensive proposal on the matter of Casual labourers will be formulated by 30th June, 2012".

In spite of these repeated assurances the payment of prorate wages to the law-paid casual labourers w.e.f. 01.01.2006 has not taken place causing inordinate delay in payment of minimum wages to those poor employees.

The Committee has submitted its Report. The issue is under examination in consultation with Nodal Ministries / Departments.

4. Issuing orders on the items finalized by the Postmen Committee and also follow up action on certain items to be referred to work study unit.

a. Follow up action on certain in item of the Postmen Committee constituted by the Postal Board is yet to be completed, i.e.: maximum beat length, unscientific resorting to single Postmen beats, Double duty, correction in the definition of the Congested area etc.

b. In spite of clear orders issued by the Directorate for filling up of Postmen & MTS Vacancies for the year 2009, 2010, 2011 & 2012, in certain circles (Eg. Andhra Pradesh) the examination for promotion to Postmen and MTS is not yet completed.

Orders stand issued on the recommendation of the Postmen Committee with the approval of the Competent Authority vide No.9-1/2005-WS1/PE.I dated 19/07/12 (copy enclosed - Annexure V). As far as few extra items which

have been raised by the union, the Committee has to examine it afresh and submit its report.

In the month of February, 2013, AP Circle has approached the Directorate with the request to furnish certain clarifications with regard to filling up of the vacancies of the Postman/Mail Guard of 2011 and 2012. The requisite clarifications have already been issued by the Directorate vide letter No.45-2/2011-SPB. 1 dated 04.04.2012 (copy enclosed - Annexure I). AP Circle might have initiated action to fill up of the vacancies in the light of the clarifications of the Directorate.

5. Abnormal delay in notifying HSG-I Rectt. Rules

The finalization of revised HSG-I Recruitment rules is being delayed on one pretext or the other. This is pending over five years. 100% of HSG I Posts are lying vacant and are being managed by officiating arrangements without any financial benefits. Due to the delay in finalizing HSG I Recruitment Rules, Carving out of Postmaster Grade Hi is also delayed. It is most unfortunate that orders have been issued by the Directorate not to fill up the HSG I vacancies as per the old recruitment rules. At least this would have been caused to fill up the vacancies.

It has defeated the very purpose of matching savings offered to the extent of 680 PA Posts for availing HSG I Promotion and it is highly deplorable. Necessary action may please be taken to finalise the HSG-I Recruitment Rules or at least to fill all the vacant posts forthwith besides carving out of Postmaster Grade III Posts as per the existing HSG I Recruitment Rules.

Finalization of Recruitment Rules for HSG. I in PO & RMS offices is under active consideration. UPSC has made certain observations as per which the file has been referred back to DoPT. In the meanwhile, the Department has also proposed to DoPT to permit filling up the vacancies in HSG I by promotion of HSG. II officials as per the existing Recruitment Rules, which has since been approved. Directorate vide letter No. 4-44/2012-SPB.II dated 18.04.2012 has issued instructions to all Circles to fill up the vacancies in HSG I in PO & RMS Offices as per the provisions of existing Recruitment Rules by convening DPC Meetings by 30.04.2013 and issue the promotion orders by 06.05.2013.

6. Abnormal delay in filling up of vacant LSG, HSG II and HSG-I vacancies due to non-holding of DPCs in many circles.

In many circles, the regular DPC to LSG has not been convened. Many LSG Posts are being kept vacant resultantly causing a heavy shortage in PA Cadre due to their officiating. Further the delay caused non-filling up of HSG-II Post due to inadequacies in the eligible candidates in LSG Cadre. In many circles, HSG-II DPC has also not been convened and many of the HSG-II Posts could not be filled up on a regular basis due to the officiating of the incumbents in the vacant HSG I Posts.

In nutshell all the higher posts are being managed only with the officiating or adhoc arrangements causing non filling up of basic PA Posts and denying and depriving the due promotional chances to the eligible candidates.

It is therefore requested to cause appropriate orders to convene DPC and fill up all the vacant LSG & HSG II posts immediately by prescribing time schedule.

Instructions are issued from time to time to hold DPC meetings as per the schedule prescribed by the Department of Personnel & Trg. As regards filling up of the vacancies in HSG I, a proposal has been referred to DoP&T to fill up the vacancies in HSG I as per the provisions of existing Recruitment Rules till finalization of amendment to the existing Recruitment Rules. DoP& T has approved the proposal. Directorate vide letter No.4-44/2012/SPB.II dated 18.04.2012 has issued instructions to all Circles to fill up the vacancies in HSGI in PO & RMS Offices as per the provisions of existing Recruitment Rules by convening DPC Meetings by 30.04.2013 and issue the promotion orders by 06.05.2013.

7. Problems of Postmaster Cadre Officials

(i) Allowing Postmaster Cadre officials to appear for IP and PSS Group B Examination.

(ii) Orders permitting the Postmaster Cadre official to officiate in HSG-i vacancies and earmarked Postmaster Grade III Posts.

(iii) Allow PO & RMS Accounts cadre official to opt for Postmaster cadre.

(iv) Filling up the Postmaster Grade-III posts by granting promotion to Grade-II officials and also by option from HSG-I officials after filling up all HSG-I Posts.

(v) Filling up of all vacant Grade-II and Grade III posts promoting the Postmaster cadre official relaxing the minimum service condition.

(vi) Filling up 100% Senior Postmaster/Chief Postmaster posts which are earmarked for Postmaster cadre by Postmaster Cadre officials alone declaring it as a hierarchical promotion cadre of Postmaster Cadre.

(vii) Delay in holding LSG, HSG II and HSG - I DPCs and thereby denying the chance for giving option to Postmaster Grade - I, II & III to eligible officials.

(viii) Maintenance of up to date separate gradation list for PM Cadre officials.

In the minutes of the discussion held on 21.05.2012 the Secretary (Posts) has assured as follows:

"The issues were discussed at length and it was decided to review it after sometime keeping in view the merits and demerits of the proposal as well as the response of the officials for Postmaster Cadre".

The minutes did not reflect the real spirit of discussion as it was assured to consider favourably the above items after long discussion. However, it is high time to review the above cases and settle favourably. The entire Postmaster Cadre officials are totally frustrated and disappointed due to the negative attitude of the administration towards them.

(i) The existing Recruitment Rules for IP and PS Group B do not permit officials appointed to the Post of Postmaster Grade -I.

(ii) The Postmaster cadre and HSG I are two different and separate cadres. The Recruitment Rules of HSG I do not permit officials of Postmaster cadre to officiate in HSG I posts. The Directorate has asked the Circles to fill up the HSG I vacancies in PO & RMS offices on regular basis from amongst HSG I 11 officials in PO & RMS offices by 30.04.2013 and issue promotion orders by 06.05.2013.

(iii) The posts of Postmasters has been created by carving the same out of the posts in LSG/HSGII/ HSGI in General line where only the officials in LSG/ HSGH/HSGI are eligible to opt for this cadre.

(iv) PM Grade-III Cadre has been carved out of existing HSGI Cadre in Post Offices. The post in PM Grade-III are required to be filled up under initial constitution clause by calling options from the regular HSGI officials in Pos, as per the provisions of the Recruitment Rules. Thereafter, the posts which remained vacant are required to be filled up from PM Grade-II officials as per the provisions of the Recruitment Rules. As the Circles have been asked to fill up the vacancies in HSG. I in POs by 30.04.2013, the PM Grade-III will be made operational soon, after a review of the position.

(v) As per the existing instructions, the posts in Postmaster cadre will be made functional from the date they are filled up. Till the posts are filled up under initial constitution clause of the Recruitment Rules, the posts will be manned by officials in General line. The posts which remained vacant after Tilling up the posts under initial constitution clause will have to be filled up as per the provisions of the Recruitment Rules. As the PM Grade-III has not yet become functional under initial constitution clause, the question of filling the posts by promoting the Postmaster Grade-II officials does not arise. The posts which remained vacant in PM Grade-II after the cadre is constituted will be filled up from PM Grade-I officials who have requisite qualifying service of six years.

(vi) According to the Recruitment Rules, 75% of the vacancies in the Grade of Senior Postmaster are required to be filled up by Inspector of Posts (IPOs) with six years of regular service in the grade by promotion through Limited Departmental Competitive Examination and 25% of vacancies by promotion from amongst the officers holding the post of Postmaster Grade-III with two years regular

service (including regular service in HSGI, if any). The Sr. Postmaster cadre has not yet been constituted under initial constitution clause as per options from officers holding the post of PS Group B'.

The purpose of lateral induction of IPOs is to induct young blood who due to their inspection duty is already familiar with the relevant rules, regulations, procedures and operations in the Post Offices and duties of Chief Postmasters. (vii) PM Grade-I & II has already been constituted by calling options from eligible LSG/HSGII officials, as per the provisions of the existing Recruitment Rules for this cadre.

The Circles have been asked to fill up the vacancies in HSG.I in Pos as per the existing Recruitment Rules, by 30/04/2013 by convening DPC meetings. The posts in PM Grade-III are required to be filled up under initial constitution clause by calling options from the regular HSG.I officials in Pos, as per the provisions of the Recruitment Rules. The PM Grade-III will be made operational soon after a review of position.

(viii) The PM Grade-I and II has already been constituted and, therefore, Circles have to maintain gradation list of these cadres. PM Grade-III and Sr. Postmaster has not been constituted yet and, therefore, maintenance of separate gradation list of officials of this cadre does not arise.

8. Problems of System Administrators

In the minutes of the Departmental Council JCM Standing Committee dated 02.02.2012 (communicated in letter dated 06.06.2012) for the 15 items pertaining to system Administrators including creation of separate cadre, it is furnished as follows:

"The issue is under the consideration of the cadre Restructuring Committee constituted under the chairmanship of DDG(P) vide Department's office memo no.01/04/2010-SR dated 05.05.2011"

Finalization of the proposal by the Cadre Restructuring Committee is being delayed indefinitely. Recently, during the demonstration of IT Modernization Project, the staff side has repeatedly requested the Member (Technology) to create a separate cadre and absorb all the existing SAs as a onetime measure in the new cadre. Unfortunately no commitment was given regarding the creation of new cadre, except the assurance that the services of the existing system Administrators will be utilized in future also. It is high time to end the present uncertainty by creating a separate cadre for system Administrators.

The issues relating to the Systems Administrators were examined by a Committee constituted for considering the organizational restructuring in the Department of Posts under the Chairmanship of CPMG, M.P Circle. The

recommendations of the Committee were further submitted to another Committee formed for implementing the recommendations. The report of the Committee is awaited.

Creation of a new cadre will be justified only if promotional avenues are made available. Further the current system administrator, in order to create a new cadre, would not have the educational qualification required by similar cadres in other Ministries like NIC.

9. Implementation of speed Post hubs and L1, L2 Systems

The High Power Committee appointed to discuss the issues under the Chairpersonship of then Secretary, Department of Posts assured the following before implementation of MNOP proposals.

(i) There will be no shifting of staff from L1 office to L2 office vice versa for three years.

(ii) Irregular or wrong identification of L1 office will be changed after discussion with the staff side.

But to our dismay both the promises were not kept. There is a complete violation and deviation of assurances. Further, even though Directorate has issued instruction to the Chief PMGs regarding change of administrative jurisdiction of speed post hubs, certain Chief PMGs have not yet implemented it and still some of the speed post hubs are continuing under the administrative jurisdiction of postal superintendent.

Further, CRC & Speed post norms have been finalized without any consultation with staff side. The impracticable norms have been imposed upon violating the earlier decision and agreements on the subject.

In the matter relating to transfer of officials from L2 offices to L1 offices, suitable instruction have been issued to all Circles vide O.M. NO.28-8/2011-D dated 14/05/2012. These instructions are as below:

"Level 2 (L2) mail offices will not be closed for the next three years starting from January, 2012. However, in some extra-ordinary or unforeseen circumstances, if it becomes necessary to close or merge a L2 mail office, this issue would be discussed with the staff side. Accordingly, in ordinary circumstances, the officials working in a mail office may not be transferred out to another city/town unless they have given willingness to this effect. However, transfers of officials relating to rotational transfer in normal course, or ordered in administrative interest will continue to be carried out as per relevant extant rules / instructions. This memo will have no bearing in such cases, and would apply only in case of closure / merger of a mail office.

The present status of L2 mail offices in metro cities (other than those in Delhi and Kolkata) will not change for the next two years starting January, 2012. When APMCs will be installed in these cities, the matter relating to

consolidation of mail offices will be discussed with the staff side."

As regards to matter relating to transfer of officials from HRO Vadodara to Surat RAS, suitable reply has been given to the service union vide letter No. 28-09/2010-D dated 18/01/2013. A copy of the same is enclosed (Annexure-II).

There is no irregular or wrong identification of L-1 office. Service unions have already been informed that classification of mail offices in terms of L-1 and L-2 offices under the redesigned network for first and second class mail was done on the basis of volume of mail handled in a city, mail generating potential of a city / town, connectivity through air, rail and road, distance from post offices and other mail offices and need to expedite mail processing and transmission between major / big cities. Copies of reply given to service unions are enclosed (Annexure-III and IV).

Instructions have been issued to all Circles in connection with administrative control over Speed Post, Sorting Hubs vide OM No. 6-5/2011-D dated 20/10/2012. These instructions are reproduced as under:- "It has been decided that the issue of administrative control over Speed Post Centres / Sorting Hubs in terms of placing under the administrative control of Senior Superintendent / Superintendent of a Postal or RMS Division may be decided by the CPMG concerned taking into account local needs, administrative convenience and effective monitoring.

Revised norms for operational activities in SP Sorting Hub, IC Hub and CRC were approved on the basis of work study carried out by the Work Study Team of the Directorate.

10. MACP Related issues

The implementation of the Jodhpur CAT Judgement, i.e. non-counting of promotions acquired from one cadre to other through examination for MACP, Granting of MACP counting the total service rendered in each cadre etc has not been implemented resulting deprival of dues to the senior most promotees in the Department of Posts. This may kindly be considered.

The issue of implementation of CAT Jodhpur bench judgement for non-counting of promotions acquired through Departmental examination was referred to DOP Vide ID Note No. 2-33/2011-PCC dated 04.10.2012 and opined that the views taken by CAT Jodhpur in common judgement dated 22.05.2012 in the said three OAs runs counter to the MACP Scheme and statutory recruitment rules and directed by the Department to file a Writ Petition before High Court by challenging the judgment. Thus, the issue is under consideration with High Court Jodhpur.

There is no provision for counting of total service rendered in each cadre in MACP Scheme accepted by the Department

of Posts on orders issued by DOPT OM No.35034/3/2008-Estt.(D) dated 19th May 2009 which states in Para-1 of Annexure-1 that "There shall be three financial upgradations under MACPs, counted from the direct entry grade on completion of 10, 20 and 30 years' service respectively. Financial up gradation under the scheme will be admissible whenever a person has spent 10 years continuously in the same grade pay.

11. Problems of APM Accounts/Accountants

The following demands in respect of PO & RMS Accountants have not been considered yet causing resentment and displeasure amidst the qualified hands.

(i) Proportionate distribution of APM Accounts posts among LSG, HSG.II and HSG.I

(ii) Counting special allowance for pay fixation benefits to PO & RMS Accountants on promotion. Implementation of Karnataka High Court order not only for a specific period but also till the withdrawal of the TBOP/BCR Schemes in true spirit. The special allowance should be taken for pay fixation up to 31.08.2008 for TBOP/BCR officials.

(iii) Date of passing Accountants exam may be taken as the criteria for counting seniority for promotion, since no amendment has so far been issued to the statutory rules. Further the earlier passing of examination will have no relevance in future.

More details along with background note are required to be furnished by the staff side for consideration by the Department.

Necessary action on this item has since been completed and suitable instructions : "to count the special allowance in respect of the persons, who were promoted after completing three years of service as PO & RMS Accountants before 22/04/1998 and in whose cases the special pay was Rs.90/- at the time of promotion", have since been issued vide this Directorate letter No. 2-19/2011-PAP dated 10/01/2013 to all Chief Postmasters General.

The existing Recruitment Rules of 1976 for the Lower Selection Grade (LSG) in Accounts line in respect of Posts Offices and Railway Mail Services (POs and RMS) offices stipulates that these posts will be filled by the clerks (Postal Assistants (PAs)/ Sorting Assistants (SAs) with 10 years regular services in the grade who have passed the Pos and RMS Accountants Examination.

Therefore, for filling up of the posts of LSG (A/ cs) in PO & RMS offices, the eligibility of the officials for consideration has to be decided as on the crucial date on the basis of their seniority in the feeder grade subject to the fulfillment of educational qualifications etc., if any, prescribed in the Recruitment Rules, irrespective of the date/year when the prescribed qualification was acquired in the past. Therefore while considering promotions to LSG (A/cs), the eligibility

list of such PAs/SAs who have passed the Accountant's examination by the crucial date prescribed for assessing the eligibility will have to be prepared based on their seniority in the PA/SA Grade.

12. Filling up of all vacant posts

Even though Government of India has lifted ban on filling up of posts from 2009 onwards, and the Directorate has given repeated instructions to fill up all direct recruitment as well as promotional quota of vacancies up to 2012, in many circles posts are remaining unfilled. Similarly in Postal Accounts much delay in taking place in filling up of posts due to delay in finalization of the Recruitment process by staff selection commission? Action may be taken to fill up all vacant posts from 2009 onwards on top priority basis as the staffs are reeling under the pressure of workload which in turn affects the efficiency of the services rendered by the Department of Posts.

In conclusion, we hope that all the above issues will be given top most priority and the Hon'ble Secretary, Department of Posts, shall come forward for a negotiated settlement with the staff Side in a time bound manner. f& In respect of Postal Assistant/Sorting Assistant it is stated that Recruitment rules have already been notified and also been circulated to all Circles to initiate action for filling up the vacant posts. The DE Branch is going to conduct the exam for about 5408 posts of PA/SA in April/May, 2013. The said exam will be held in about seventy cities all over India and the responsibility to undertake the recruitment process from the year 2011 has already been entrusted by the DE Branch to M/s. CMC Ltd., Sector 63, NOIDA -201301.

With regard to Postman/Mail Guard it may be stated that RRs in respect of these posts have already been notified and all the Circles have already been requested to initiate action to fill up the vacancies by 30.06.2013. Revised Pattern and Syllabus for holding the Examination to fill up the posts of Postman/Mail Guard and Multi Tasking Force have already been circulated to all Circles vide Directorate's letters dated 31.07.2012. Detailed instructions have also been issued to all Circles for filling up of the vacancies of the last three years. Clarifications received from the Circles with regard to filling up of vacancies are replied to from time to time. Directorate is continuously monitoring the issue of filling of the vacant posts in Circles.

13. Non settlement of agreed items placed the Departmental Council (JCM)

Most of the issues agreed in the last Departmental Council meeting held on 28.12.2012 have not been processed further. Many of them remain as it is. There is no serious action taken in mitigating the issues put forth in the departmental council meeting.

Action Taken Report received from some of the Divisions is enclosed. Any specific item remaining unaddressed may

kindly be brought to the notice of this office.

Additional item submitted by PJCA:-

While conducting promotional cum competitive exams from GDS to MTS, GDS and MTS to Postman cadre we are in receipt of several complaints from the examinees that the examination papers for the relevant examinations were very tough. We tried to convince the Administration to set examination paper in liberal comprehensive manner with the intention that since the aspiring examinees are already in touch in the routine work and they are not required to face with complicated and extraneous nature of work and also to cut down the delay in recruitment process. However, the Directorate has stuck up to its own decision that the above mentioned examinations are competitive and not promotional, liberalization could not be considered. Due to the said decision by the Directorate it will be difficult to Department to hardly get 2 to 5% employees to fill up the vacancies earmarked from GDS to MTS for the designated job and the volume of vacancies will remain unfilled every year. It is once again requested to simplify the questions.

In the past, the pattern of examination to fill up the posts of Multi Tasking Staff and Postman /Mail Guard was subjective type. The subjective type of papers required lot of time for evaluation of the answer scripts. Since the evaluation was done manually by various examiners it was not possible to ensure cent percent uniformity in the evaluation, which invited criticism. Moreover, representations were being received with regard to under assessment while granting of marks on the basis of evaluation. In the case of Postman examination, the earlier pattern prescribes for 'dictation' for which unions complained that the candidates were not performing well due to wrong pronunciation and variation of dictated speed while dictating. In view of this, the earlier subjective type paper setting was done away with for both the cadres. The revised patterns and syllabus for examination to fill up the posts of Multi Tasking Staff and Postman / Mail Guard provide for objective type papers with multiple-choice questions.

Staff Branch issued directions to all the Heads of the Circles specifying that the candidates shall be subjected to an objective type Aptitude Test of the level of 10th class / matriculation covering the subjects /topics. The individual Postal Circles are responsible for setting of question of papers. Hence, their setting in liberal or comprehensive manner rests with the individual Postal Circles.

PPS to Member (P)

Minutes of the Meeting with PJCA Members held on 02/08/2013 under the chairmanship of Member (P) to discuss one of the issues viz., postmen committee recommendations.

The above meeting was held on 02/08/2013 in the Committee Room, Dak Bhavan at 1430 hrs. under the chairmanship of Member (P) to consider the memorandum dated 07/06/2013, submitted by the All India Postal Employees Union Postmen & MTS / Group 'D' and National Union of Postal Employees Postmen and MTS.

After deliberations following agreements were arrived at:-

AGENDA ITEM

1. Postmen Committee Recommendation not Implemented
(a) Extraction of data entry work from Postman: Suitable instructions / Orders to all the Circles are to be issued by

30/04/2012; nothing has been done so far. An early issue of orders is required to implement them.

DECISIONS TAKEN

Heads of Circles have been requested to impart training to the postmen who are unable to perform data entry work on computers. It has been agreed to accord time factor for data entry work using same norms presently used for calculating work-load of Postal Assistant, in case work is being done by postman.

AGENDA ITEM

(b) Revision of postmen norms: Postmen norms issued by the Department are very old. The decision taken in the committee are not convincing. As such it is suggested that formation of fresh Internal Work Study Unit with one / two staff side members to review all work performed by postmen staff with door to door measurement of beats was requested. Internal Work Study Unit for this job is to be ordered by the Directorate as the same does not come under the jurisdiction of the Committee.

DECISIONS TAKEN

The norms were formulated after intensive scientific work study by the IWSU of the Department in 2008. Since five years have already elapsed, a study by departmental officials or by a third party may be conducted to review the postmen's norms keeping in view that IWS Unit no longer exists.

AGENDA ITEM

(c) Change in procedure for payment of Speed Post delivery incentive: At present the procedure for payment of incentive is very lengthy. Nobody prepares bills. In case the bills are prepared they remain under verification of PRI/SDI/ASP then go to sanction to the Divisional Head. After sanction of bills from Divisional Head to DDOs for payment. Then bills are to be prepared DDOs for payment office wise. It is suggested that module for payment of Speed Post Incentive in the computer software be installed and give powers of payment to the concerned postmaster on weekly/ monthly. After payment the concerned vouchers be sent to the DDOs for accounting purpose.

DECISIONS TAKEN

The software for generation of Postman incentive bills is being developed by the CSI partner under the IT Project. Meanwhile it has been decided to issue instructions to all circles that incentive bills may be cleared on monthly basis till the software is developed.

AGENDA ITEM

(d) Combination of beat: It was decided in the above meeting that limit of combination of beat in the post office

having 4+ strength will be removed since it adversely affects the delivery efficiency. But orders on this item are yet to be issued by the Directorate. This needs to be done at the earliest.

DECISIONS TAKEN

Staff side was informed that orders have already been issued in this regard. A photocopy of the order No.10-7/2001-PE.II dated 02/09/2006 is enclosed for needful.

AGENDA ITEM

(e) Delivery of Heavy parcels and EPP articles: It was pointed out by the staff side that Postman faces difficulty in delivery of registered parcels weighing more than 5 Kgs each and EPP articles of which the maximum weight of 35 Kgms., per articles has been fixed. It was highlighted that either some reasonable rate and mode of conveyance for delivery EPP articles should be fixed or the rates of coolie charges fixed in the past should be revised for efficient delivery of the registered parcel. It was decided that the Directorate will consider reiterating the instructions on coolie charges to all the Circles so that the delivery of heavy parcels is not adversely affected. Whether coolie charges pertaining to heavy parcels have been enhanced due to high prices. As regards EPP parcels, whether mode of conveyance with rate of each mode have been decided by the Directorate.

DECISIONS TAKEN

Staff side was informed that New Parcel Division is examining this issue. The proposal to revise the coolie charges will also be examined by the Parcel Division.

AGENDA ITEM

(f) Corrigendum on density of population: The staff side drew attention of the committee to the note of Sl.8 in the Directorate letter No.9-1/2005-WSI/PE.I dated 05/02/2010 which stipulates that area having a density of population 2500 per Sq. KM may be taken as congested area "and pointed out that the same has incorrectly been printed as it should refer to 2500 per sq. Mile instead of 2500 per sq. kilometer. They quoted a clarification received from PTC, Mytore which has cited Directorate letter dated 19/02/1976 indicating establishment norms for Postmen and defining congested area or having a density of population of 2500 sq. per Mile. After discussion it was agreed that Directorate would examine and issue suitable amendment / corrigendum to the Note 8 of the revised norms of postmen establishment.

DECISIONS TAKEN

The staff side was informed that there is no typographical error. The definition of the congested area as 2500 per square kms. is correct.

AGENDA ITEM

(g) Creating of justified additional posts: In this connection while implementing the system for delivery work and

allowing postmen to write correct remarks for non-delivery. The staff side drew attention to item No. 25 minutes of the last JCM meeting issued on 01/03/2012 wherein it is mentioned that the issue is under examination by the Postman Committee being chaired by CGM (PLI). After discussion, the view emerged that this item is not part of Committee's mandate and the issue pertains to creation / re-deployment of Posts which is basically a policy issue. However, the staff side mentioned that Postmen were not able to write correct remarks for non-delivery of article due to heavy work in the project Arrow Offices, it was, therefore, decided that the experience gathered after implementation of Project Arrow in various Post Offices could be examined. Result on examination has not been communicated so far in this regard.

DECISIONS TAKEN

Circles have been requested to review the Post Office Establishments. On receipt of reports from all the Circles, the justification, if any, of the additional posts will be examined in consultation with Ministry of Finance.

AGENDA ITEM

2. Cadre Restructuring of Postman and MTS: The first and foremost issue on which a bias against the Postman is clearly visible is that of cadre restructuring for this cadre. The Department though conceded to form a Cadre Restructuring Committee during the strike negotiations with the Postal Joint Council of Action had issued orders omitting the cadre of Postman and MTS from the ambit of cadre restructuring. This shows the mind-set of the Department on the important issue of cadre restructuring of Postman and MTS cadre. The stand of the Postal Directorate was against the direction of the Official Side in the National Anomaly Committee that every department shall go into the issue of cadre restructuring for boosting the promotional avenues of employees rather than depending too much on the MACP Scheme for that purpose. It is a known fact that the cadres of Postman and MTS have no in-situ promotion in their cadre except the promotion to the cadre of Postal Assistant through a competitive examination. Every other cadre other than the cadres of Postman and MTS have their own hierarchical promotions in their own cadre and this discrimination cannot be ended without a proper cadre restructuring in place for the Postman and MTS cadre. Even the flimsy promotion for the cadre of Postman earlier to the introduction of TBOP / BCR like Head Postman, sorting Postman etc., have disappeared from the scene and as on date no promotion in the cadre is available to both these cadres. Unfortunately, the Department of Posts not only in a position to appreciate our contention as well as the proposal for cadre restructuring based on percentage basis as available to all cadres in the Department of Railways but not inclined to consider any cadre restructuring proposal to

these cadres. The absence of any promotion to them in their own cadre leaves them total frustrated and takes away any incentive to perform better to the services. This has to be properly appreciated and attended to by the Postal Directorate in the absence of Cadre Restructuring Committee failed to find out any alternate proposals to 'our proposal based on percentage.'

DECISIONS TAKEN

Cadre Restructuring Committee headed by the then DDG (P), Shri Salim Haque had been given this mandate and issue will be decided after finalization of the Committee report.

AGENDA ITEM

3. (A) Door to Door Scientific Measurement of Beats: (A) – At present the door to door beat measurement system adopted by the department is not only unsatisfactory but also incorrect one as neither scientific device like foot meter nor cyclo meter is used to assess the actual length of beat. The measurement of beats is generally done while sitting on the table by guess work only. Moreover the workload of mail delivery and number of houses to be visited during duty of eight hours has no where been laid down causing extreme harassment to postmen staff. It is demanded that the number of houses to be visited and number of articles to be delivered should be laid down in the interest of delivery efficiency and rationalization of workload of postmen staff as well. The Directorate ordered for rationalizing of Postman beats after hearing our complaints that Postman beats are constructed unscientifically with long distances humanly impossible to cover on a day. Many examples like more than 70 kilometers beats were brought to the notice of the Postman Committee to substantiate our complaints. Based on the discussions the Directorate agreed to issue orders for measuring the beats and rationalizing them appropriately. Unfortunately the CHQs of our Unions are receiving complaints from our Circles that re-measuring of beats is being done most unscientifically without using either the cyclo-meters or foot-meters but applying their imaginary calculations. This has complicated the problem more and there is wide spread resentment among the Postman staff. Both our unions urge upon you to issue strict instructions to measure all Postman beats only by using cyclo-meters or foot-meters for the purpose of rationalizing the beats.

DECISIONS TAKEN

Same as 1 (b) above.

AGENDA ITEM

(B) To fix the meeting of Committee for Modification in Order No. 31-38/79-PE-I dt. 22-5-1979:- The Committee Constituted for examination of Modification in Departmental Order No. 31-38/79-PE-I dt. 23-5-1979

in R/O footwork of the Postman from door to door walk in R/O Item DO 4 of Periodical Meeting held on 29-11-2012 and Departmental Council Meeting on 28-12-2012.

DECISIONS TAKEN

As in 1 (b) above.

AGENDA ITEM

4. (A)(B) : Revision of Syllabus to Departmental Examinations Request to conduct special examination for recruitment to the Postman & MTS cadres for the years 2009, 2010, 2011 and 2012 : To avoid recurring vacancies due to leaving of qualified employees of high standard in the background of submission made above, it is requested that – 1. To fill up the vacancies for the years 2009 to 2013 in the Postman and MTS cadre a special examination only for GDS/MTS employees may be conducted. 2. The question paper may be set on the basis of practical and relevant work routinely done by the regular MTS and Postman employees. 3. The work of setting question paper may be got done by a promotee officer who is having practical knowledge of the nature of work being done by the MTS and Postman employees.

DECISIONS TAKEN

A committee has been constituted under chairmanship of DDG (R&P) to examine the contents of question papers set by various circles with reference to syllabus prescribed and submit a detailed report.

AGENDA ITEM

(C) Filling up vacant posts with Residual vacancies:- All vacant post of Postmen & Group D/MTS should be filled in within 30th June 2013 as directed by Directorate. There is no chance to fill up vacant posts in due time as no notification has been issued in many circles like A.P. and Assam Circle etc.

DECISIONS TAKEN

Necessary action has been initiated in circles. It was decided that the orders to fill up the vacant posts will be reiterated to the circles.

AGENDA ITEM

5. Improving the Quality of Uniforms and timely supply of all kit items:-The Postman and MTS are called the uniformed staff in the Department of Posts. Unfortunately these cadres who are actually moving among the members of public pose a poor picture to the image of the Department because of the inferior quality of the uniform cloth. Despite the agreement with the All India Unions by the Department that facilitated inclusion of staff side member from the Unions in the purchase committee of uniform cloth to ensure purchase of better quality of cloth,, the problem persists. This cannot be sorted out unless the

cost price permitted by the DOPT is enhanced on the face of escalating prices of all commodities including the textiles. The cost price permitted by the DOPT cannot ensure better quality uniform cloth from the market. Added to this are the violations here and there in Circles where the Administration is not sincerely ensuring inclusion of staff side members in the purchase committee and no protection against ensuring supply of the selected quality of cloth only to the staff. These have to be addressed immediately.

DECISIONS TAKEN

This item will be discussed in the JCM Standing Committee meeting to be held on 23/08/2013.

AGENDA ITEM

6. Stop Unscientific Measurement of Postmen Beats: The Directorate ordered for rationalizing of Postman beats after hearing our complaints that Postman beats are constructed unscientifically with long distances humanly impossible to cover on a day. Many examples like more than 70 Kilometres beats were brought to the notice of the Postman Committee to substantiate our complaints. Based on the discussions the Directorate agreed to issue orders for measuring the beats and rationalizing them appropriately. Unfortunately the CHQs of our Unions are receiving complaints from our Circles that re-measuring of beats is being done most unscientifically without using either the cyclo-meters or foot-meters but applying their imaginary calculations. This has complicated the problem more and there is widespread resentment among the Postman staff. Both our Unions urge upon you to issue strict instructions to measure all Postman beats only by using cyclo-meters or foot-meters for the purpose of rationalizing the beats.

DECISIONS TAKEN

Same as 1 (b) above.

AGENDA ITEM

7. Cycle Maintenance Allowance to MTS:-The Cycle Maintenance Allowance is paid to all Postman staff without any conditions whereas the MTS Staff who are engaged in letter box clearing or other outside office work excluded from the ambit of CMA. This is unjustified. The MTS Staff also are to be paid CMA without any conditions as like Postman staff. Both our Unions urge upon you to issue necessary orders to pay CMA to all MTS without any conditions.

DECISIONS TAKEN

The Postman's duty involves daily visit to deliver letters in his beat and hence if he is using cycle the allowance is admissible. Since different persons, depending on availability of persons, are used for letter box clearances, the allowance cannot be given to any specific official. Further, in many Post Offices one or two bicycles are

generally kept. That can be used for clearing Letter Boxes. The proposal that MTS staff be paid CMA without any condition like Postman staff is thus not acceptable.

AGENDA ITEM

(a) Revision of Fixed Monetary Compensation (FMC):-This has reference to your office letter No 10-7/2003.PE.II dated 24th Nov 2010 wherein existing rate on revision has been enhanced for each category except Multi Tasking staff whose rate of remuneration has been reduced @ Rs 60/- per holiday for 4 hours whereas MTS staff was getting @ Rs 63.45 per holiday for 3 hrs on hourly basis @ Rs 21.15 per hour. Protracted correspondence made proved in fruituous. This need to be reviewed for proper justice to the MTS staff.

DECISIONS TAKEN

The staff side was informed that the matter is under examination in consultation with IFW.

AGENDA ITEM

8. Abolition of Nodal Delivery Centers at all metro cities:- All Nodal delivery centers should be abolished throughout the Country immediately to avoid complication in day-to-day delivery system. (Example—West Bengal Circle, Karnataka Circle, Bangalore, Maharashtra Circle Mumbai GPO).

DECISIONS TAKEN

The staff side was asked to furnish the specific cases with details of the complications due to creation of Nodal Delivery Centres. Department's view is that Nodal Delivery is functioning smoothly in such centres.

AGENDA ITEM

9. To Stop harassment:-The postman staff being tortured for 100% delivery and in various cases by asking them to work beyond duty hours and many other ways harassment is there it must be stopped.

DECISIONS TAKEN

Staff side was asked to furnish specific cases so that this could be taken up with respective circles.

AGENDA ITEM

10. Promotional posts of Postmen Cadre: The posts of Mail Overseer, Cash Overseer, Head Postman and Sorting Postman should be considered as promotional posts for Postmen cadre and an additional increment or some allowance should be granted for performance duties on such posts. Seniority criteria of postmen should be taken in view while deploying on these posts.

DECISIONS TAKEN

This item will be discussed in a meeting decided to be held under the chairmanship of Member (P).

At the end, Director (SR) appealed to the unions to withdraw the proposed Dharana on 20/08/2013 and indefinite strike from 16th September, 2013.

Meeting ended with vote of thanks to the chair.

Parashar, Secretary General, NFPE presented agenda items for discussion. General Secretaries of affiliated Unions/Associations of NFPE & FNPO attended. Com. M. Krishnan, Ex-Secretary General of NFPE was also present in the meeting. PJCA reviewed the progress in settlement of 39 points charter of demands submitted to Secretary, Department of Posts on 28.08.2014. PJCA came to the unanimous conclusion that not even a single issue is settled by the Government and Department. Employees are suffering but authorities are turning a deaf ear towards their genuine demands. Rome is burning but Neros are fiddling.

None of our demand is unjustified. Five lakhs Postal and RMS employees including Gramin Dak Sewaks and Casual, Part-time, contingent employees cannot remain as mute spectators. There is a limit for our patience. Government and Postal Board are treating our patience as our weakness.

Taking into consideration all the above aspects, the PJCA unanimously took the following decision.

1. Entire five lakhs employees of the Department of Posts will go on indefinite strike from the third week of February 2015, if the demands are not settled before 31.12.2014.

2. The date of the indefinite strike will be declared in the 4th December 2014 Parliament March.

3. Every effort should be made by all All India/Circle/Divisional Unions to ensure maximum participation of employees in the Parliament March. Minimum 20000 employees should participate in the March. All should bring flags and banners.

4. Leaders of INTUC, CITU, AITUC & JCM National Council staff side will be invited to address the Parliament March.

5. Next PJCA meeting will be held on 03.12.2014 at 5 PM to decide the date of indefinite strike.

Let us march ahead with Determination and courage. This is time to show your sincerity towards the cause of five lakhs employees of the Department of Posts. Entire vacancies may be earmarked for GDS and Casual Labourers as existed in the pre-revised Recruitment Rules.

Decision taken : As decided in earlier JCM, the said RRs are to be relooked after seeing the outcome of one or two exams. The process is still going on. Most of the Circles have completed one round of recruitment process for direct recruitment quota, and others on their way to completing the same. Subsequently, pre-appointment formalities, trainings etc. would require to be completed in case of newly recruited officials. Therefore, Circles need time to judge the capabilities and skills of these officials and furnish proper and accurate feedback thereto to this Directorate for further consideration in the matter. Hence, time is not ripe to revisit the said RRs.

As regards RRs of Postman, open market quota of 25% has already been given to GDS. Now, as per the existing RRs, only the unfilled vacancies, which could not be filled by the MTS/GDS, go to open market for filling up. DDG(P).

F.No.06-02/2013-SR

2-15 Agenda Item :

Irregular interpretation in filling up the posts of LSG (NB) in Accounts line – request modification

In the 1st Para of the Directorate letter No. 06-12/2010-SPB dt. 07.03.2011, it is mentioned that the posts of LSG in Accounts line in respect of PO & RMS offices will be filled by the PA/SAs with 10 years regular service in the grade who have passed the PO & RMS Accountant examination and in the last para it is stated that list of such PA/SAs who have passed the Accountant's examination by the crucial date prescribed for assessing the eligibility may be prepared based on their seniority in PA/SA grade which is totally against to the Provisions contained in volume IV statutory rules.

Further, the Directorate vide its letter No. 9-15/85-SPB-II dt. 01.05.1986 clarified that the appointment to LSG Accountants posts are to be made according to the year of passing of PO & RMS Accountant Examination. It is a settled issue and it cannot be revised without amending the statutory rules of volume IV and the practice hither to adhere to by an administrative order.

It is crystal clear that the seniority of the Accountants shall be counted from the date of passing the PO & RMS Accountants examination and not from the date of entry of PA/SA cadre which will defeat the very purpose of qualifying in the examination.

It is therefore requested to kindly review and reconsider and modify the position that the eligibility shall be determined from the date of qualifying in the PO & RMS Accountant examination.

Decision Taken : It was informed to the Staff Side that the post of LSG in accounts line are filled by PAs/SAs with six years regular service in the grade, who have passed the Accountant's examination. Passing the examination is an eligibility condition and seniority cannot be counted from the date of passing the examination. Seniority is based on the seniority in PA/SA Grade which cannot be diluted even if one clears the examination earlier.

3.17 Agenda Item :

Modification in the revised Postmen / Mailguard recruitment rules

As per the previous recruitment rules, 50% of the Postmen/MG vacancies were reserved as Group D promotional quota (25% seniority and a 25% merit) The unfilled up Group D promotional quota vacancies were offered to GDS under merit quota. But as per the revised recruitment rules the 25% seniority quota of MTS is removed and the unfilled Group 'D' quota vacancies are offered to open market recruitment. This has adversely affected the promotional chances of senior Group D staff and also the GDS. This is in violation of the understanding reached with the staff side. It was assured that there will not be any open market recruitment of the post of Postmen/Mail guard cadre.

Further in the previous recruitment rules out of the 50% Postmen/MG/Vacancies earmarked for GDS, 25% were under seniority quota and 25% under merit quota. But in the revised recruitment rules entire 50% vacancies are earmarked for merit quota only, thus curtailing the promotional chances of senior GDS.

It is requested to review the Postmen/Mailguard recruitment rules to remove open market recruitment and also to restore seniority quota promotion.

Decision Taken :

The Staff Side grievance is that the unfilled Gr. D quota vacancies are offered to the open market recruitment which has adversely affected the promotional chances of senior Gr. D staff and GDS. The staff side was informed that the said provision enables the circles to induct younger officials from the open market who are capable of doing physical work and can be deployed usefully. It was, however, decided that since rule was recently amended, we may await two-three rounds of examination and thereafter review Recruitment Rules.

5-24 Agenda Item : Irregular postings ordered in the LSG Promotion in some Circles :

In Some Circles, promotion is granted to the cadre of LSG (NB) based on the dates of confirmation in the entry grade and not based in the DPCs. This has resulted in many junior S.As/PAs getting promotion as LSG (NB), while senior PAs/ S.As have been deprived of their due promotion. Clear clarification is required.

Decision Taken : The staff side was informed that as per DOPT's instruction dated 4/11/1992, seniority of a person regularly appointed to a post after 04/11/1992 would be determined by the order of merit and not according to the date of confirmation. The staff side agreed to this and it was decided to reiterate the above order / instruction to UP and Tamil Nadu Circles.

7-32 Agenda Item : Request for filling up of 25% vacancies of Mail Guard posts by promotion by selection cum seniority of Multitasking staff

The posts of Mail Guard under 25% by promotion by selection cum seniority of Multitasking staff, have not been filled up in RMS, in many Circles despite clear instructions were issued by the Directorate. The eligible officials were denied of their promotion in the vacant selections under the scheme of 25% by promotion by selection cum seniority of multi tasking staff.

Unfortunately, the new recruitment rules issued for filling up of 25% by promotion by selection cum seniority of multi tasking staff for the years 2009 2010.2011 & 2012 was not observed in many Circles through clear guidelines are issued.

It is requested to cause suitable instructions in this regard and also to fill all the MG Vacancies in accordance with the instructions contained in Directorate memo No 44-2/2011-SPB-I dated 27.01.2011. and No. 45-2/2011-SPB-I dated 18.10.2012.

Decision Taken : The staff side was informed that for filling up all the unfilled vacancies of Mail Guard, necessary instructions have been issued to all Circles. Reminders have also been issued from Member (P) and review meetings held by Member (P) / Secretary (P) with the CPMsG of the Circles to ensure that the vacancies are filled up at the earliest.

8-42 Agenda Item : Problem related to MMS.

(a) Fill up vacant posts in MMS in each cadre and stop outsourcing of MMS Drivers.

(b) Supply of Uniforms and sanction justified posts of the Drivers and Artisans and replacement of condemned vehicles.

(c) Filling up the vacant Posts of Manager Mail Motor Service in MMS Poona, Patna, Ahmedabad, Bhopal, Kanpur and Guwahati MMS units.

Posts of Manager Mail Motor Service in Poona, Patna, Ahmedabad, Bhopal, Kanpur and Guwahati MMS units are lying vacant for the last more than 5 years. As the recruitment for the posts of Manager MMS is not being carried out since 2004, due to which resentment and discontentment among the staff is simmering.

(d) Regarding allowing Drivers and Workshop staff of MMS to appear in the Examination for promotion to Postal Assistant Cadre.

According to latest Recruitment Rules of PA/SA notified on 18th November,2011, category of cadres who can appear in the Examination for promotion to PA/SA are mentioned in Column 11 but there is no mention of Drivers and Workshop Staff in this column while the dispatch Riders who are also working in the MMS have been allowed to appear in the examination for promotion to PA/SA cadre.

Decision Taken : The DPC for Assistant Manager to Deputy Manager will be held very shortly. For filling up the posts of Manager (MMS) the RRs have been approved by DOPT and are being sent to UPSC. Meanwhile, a meeting was held with UPSC for filling up vacancies of Manager from open market. As regards framing of Recruitment Rules for the post of Assistant Manager, it was informed that the UPSC has asked for certain information and the same has been sought for from Circles and Estt. Division. On receipt of the same, proposal for filling up vacancies will be taken up with UPSC. The Staff Side was informed that Drivers cannot be included in the RRs for promotion as PA / SA as they have their own structural promotion scheme within their own hierarchy.

9-44 Agenda Item : Fill up the 4 posts of Superintendent Sorting among HSG-I officials.

There are 4 posts of Supdt. Stg (Gazetted Group-'B') in RMS to be filled by General Line HSG-I officials of RMS on All India basis. This is the only channel for HSG-I officials in RMS to get promotion to Gazetted cadre. But since years together these posts are being manned by ASP cadre (in an officiating capacity as Gazetted Group-'B'). These posts may be filled up from HSG-I officials on a regular basis so that eligible HSG-I officials may get promoted to Gazetted cadre.

Decision Taken : DPC for Superintendent Sorting was held on 13/11/2013 and the orders of recommended officers will be issued shortly.

10-52 Agenda Item : Revision of Syllabus for Departmental Exams:

As the only avenue open to the cadre of Postman / MTS for higher promotion is that Postal Assistants through competitive examinations. The Department opted for revision of syllabus and pattern of examinations and the Staff Side to agree to it. It was told to us that the revision of syllabus and pattern of examinations would go a long way to help more candidates get through the examination to avoid many vacancies go unfilled after every examination. It took a long time for finalizing the syllabus and new method of examination introduced for LGO exam. However it is found that contrary to what was told by the Department the examinations of LGOs as well as the examinations from GDS to Postman and MTS have become so tough that it has become extremely difficult to answer many questions. This has led to a situation wherein the candidates could not get through these examinations and a large number of vacancies remain unfilled after the examinations.

Decision Taken : The committee set up to look into the issue has submitted its report which is being examined. Model Question Papers will be prepared and circulated to all the Circles to ensure that difficulty level is uniform and not higher than educational qualifications / job requirements prescribed for the post.

15-86 Agenda Item : Engagement of Qualified GDS in vacant Posts of PA/SAS

The shortage of staff in Postal Assistant/Sorting Assistant is very acute due to non filling of vacant posts, prolonged officiating in LSG, HSG II & HSG I Posts, diversion of Posts to ME & System oriented works, deputation to circle office etc. The officials are forced to look after two or three PAs works daily which causes erosion in efficiency and criticism from customers. In order to overcome the present shortage, it is requested to kindly cause orders to engage well qualified GDS available in the department on daily rated basis as if engaged in Postmen/Group 'D' short term vacancies.

Decision Taken : There is no such provision in the Recruitment Rules of Postal Assistant / Sorting Assistant.

21-102A. Agenda Item : Maintaining LR strength and filling up the vacancies

Due to acute shortage of staff, the existing LRPA's were positioned against regular vacant posts, years-together, and slowly the LR P.A. S were amalgamated within the sanctioned strength mostly in all the Divisions and the Rectt. was denied against the 10% LRPA's posts, as in the case of residual vacancies. Hence a thorough review is requested in order to restore the LR strength exclusively.

Decision Taken : The staff side was informed that the sanctioned strength is computed by including LR strength (10% and 7.5% for class III and class IV employees respectively). Therefore vacancy calculations done by taking into account the sanctioned strength and it automatically includes the LR strength.

26-18 Agenda Item : Special Pay to PO & RMS Accountant

(a) Grant of special Pay to TBOP/BCR official

(b) Grant of special pay to MACP official with retrospective effect

As per the recent clarification issued by the Directorate, the grant of special pay has been extended to MACP officials who are working as Accountants. The order is effective only from the date of issue. Hence many MACP officials who have been continuously working on the Accountant posts are deprived of the benefits from which date they are working as Accountants. Similarly like MACP, TBOP/BCR is also not promotion and hence the above benefit should be extended to TBOP/BCR officials also. Necessary clarifications may be issued.

Decision Taken : The staff side was informed that this issue has been re-examined by Deptt. Of Personnel & Training and it was not found feasible to give retrospective effect to the instructions dated 31/08/2012.

The grant of Special Pay to TBOP/BCR officials is being examined.

29-29 Agenda Item : Eligibility for drawl of Increment on 1st July of every year

There is a peculiar situation after implementation of VI CPC in drawing Annual Increment for those who get promotion on 1st of July every year.

3rd Up-gradation under MACP and Regular Promotion thereafter:

As per Para 4 of MACP Rules, at the time of regular promotion, if it happens to be a post carrying Higher Grade Pay than what is available under MACPs, No Pay Fixation would be available. And Only Difference of Grade Pay would be available.

When such regular promotion happens to be between 2nd Jan and 30th June, which results in Drawl of New Grade Pay for less than SIX MONTHS. It is noticed that some DDOs are drawing Annual Increment on 1st July taking into account the Pay and Old Grade Pay being drawn before such Promotion, though there is no specific rule that the NEW GRADE PAY shall be drawn for at least SIX Months for allowing Increment.

1. Ad-hoc promotion and officiating for more than 11 months on 1st July in broken spells.

The officials in such cases should have got Annual Increment on 1st July, in the officiating post, if they have more than SIX months' service in the SAME PAY + GRADE PAY.

In the Pre-revised scales there was a provision to allow Annual Increment after completing a period of 12 months in broken officiating spells and drew Pay in the same stage. Now, It should be allowed for a period of 6 months (including broken spells) as on 1st of every July.

Decision Taken : The orders regarding drawl of increment, MACP, pay fixation etc., are very clear on the subject and are within the purview of Department of Expenditure. However, if there is any specific case where the said order have not been followed, the same may be taken up with the concerned Circle Office.

30-36 Agenda Item : Extension of Medical facilities for the treatment of employees and their families

The following Hospitals like as (1) Wochart Kidney Centre, Kolkata, (2) Kothary Medical Research Centre, Kolkata, (3) A.M.R.I. Salt Lake, Kolkata, (4) Apollo Gleneagles Hospital, Kolkata, (5) Anandaloke, Siliguri and (6) Paramount Hospital, Siliguri may be recognized as approved medical Clinic.

Decision Taken : The competent authority to empanel / recognize private hospitals is Ministry of Health & Family Welfare who have been requested vide letter No.4-1/2013-Medical dated 18/11/2013 to consider the proposal.

37-37 Agenda Item : Extension of Medical facilities at P&T Dispensaries - Jalpaiguri & Siliguri.

Due to shortage of Medical Practitioner the Staff / Employees are suffering badly. The employees are forced to take Medical facilities from the outside of the Dispensary. So some private Hospital may be authorized to allow for treatment for the Postal Employees and their families.

Decision Taken : Department of Posts is not competent to authorize any private hospital for its employees as per CSMA rules. However, the proposal regarding shortage of medical practitioner in Jalpaiguri and Siliguri may be taken up with CPMG West Bengal by the Staff Side.

32-38 Agenda Item : Recognition of Private Hospitals as referral hospitals in Assam and NE Circle

Unlike in other circles where a good number of private hospitals are recognized as referral hospitals, only one private hospital, downtown hospital in Guwahati is a referral hospital for the postal employees in Assam and NE Circle. Earlier the International Hospital and the Sankardev Netralaya in Guwahati were also recognized, but agreement lasted only for a small period. Chatribari Christian Hospital in Guwahati and Nazareth Hospital in Shillong have since been discontinued. Government hospitals in Assam and NE Circles are not up to the mark and cannot extend proper treatment as per present need. On the other hand many sophisticated hospitals have come up in the cities and our employees are subject to financial hardship for taking treatment in these hospitals in absence departmental support. For super Speciality facilities, most of the patients are to be taken outside the NE Region by spending lakhs of rupees either from hard earned savings of the employees or from personal loans taken from others by endangering the future of the families concerned.

Under these circumstances, well equipped private hospitals in select cities like Guwahati (at least five in numbers), Shillong, Dibrugarh, Tinsukia, Jorhat, Nagaon, Tezpur, North Lakhimpur, New Bongaigan, Silchar, Agartala, Dimapur, Kohima, Imphal, Itanagar and Tura are to be recognized as referral hospitals for diagnostic, general treatment purpose and super special purpose.

Decision Taken : Ministry of Health & Family Welfare is competent authority under CSMA Rules to empanel / recognize private hospitals. In view of this they have been requested vide letter No.4-1/2013-Medical dated 18/11/2013 to consider this proposal.

54-31 Agenda Item: Creation of MTS Posts to the tune of vacant GDS MM and Temporary Status Casual Labourer Posts in RMS

Consequent upon the issue of Directorate Orders for keeping the GDS MM and Temporary Status Casual Labourer posts in RMS wing unfilled, the work load of the MTS staff in particular has increased manifold. The Circle, Regional and Divisional Administration have taken advantage of the said orders to keep the vacancies of all such GDS MM and Temporary Status Casual Labourer unfilled. They have not taken any effort to assess the actual work hours to be performed by those vacant GDS posts to create necessary Multitasking Staff posts.

It is requested to kindly issue suitable instructions to all concerned to immediately assess the total hours of work pertaining to the vacant GDS MM and Temporary Status Casual Labourer posts in RMS and take measures to create appropriate posts of Multitasking Staff in order to mitigate the problems of staff and the RMS services.

Decision Taken : New Posts cannot be created. It was decided that re-deployment of staff can be done if found justified on Establishment Review.

57-40 Agenda Item : Creation of more L-1 offices & problems thereon - Before implementation of redesigning of the first Class Mail Offices, the staff side was assured that more L-1 offices will be opened and L-2 offices will be converted as L-1 where ever it is found necessary. But after its implementation, this was not kept up. We have already submitted a circle wise list to convert the following L-2 offices into L-1 to avoid back routing and delay to public mail vide letter No. R-III/52 40 dated 29th May, 2012.

Decision Taken : There are 86 L-1 offices across the country. The number of L-1 offices is adequate and no change is required at this stage. In order to further expedite mail sorting and transmission, all L-1 and L-2 mail offices within a Circle have been allowed to close bags for each other vide orders dated 07/08/2013.

58-45 Agenda Item : Provide modern infrastructure and work materials to RMS offices.

Even after implementing the MNOP, RMS employees are still compelled to work in unhygienic and dilapidated office premises. Newly designed sorting cases and chairs are not even supplied to L1 offices. Inferior quality sealing wax, torn and ugly plastic bags are still continuing in RMS offices. It is requested to provide modern infrastructure and work materials to all RMS offices.

Decision Taken : Under the Plan Scheme on 'Mail Network Optimization Project' to be implemented during the 12th Plan period, the Department has formulated a proposal for a comprehensive infrastructure upgradation and improvement in working conditions of the mail offices. The plan scheme stands approved. Funds have been released to Circles for procurement of operational equipments for Mail Offices.

59-46 Agenda Item : Introduction of more cross bags between L1 and L2 offices within the circle.

Even though some cross bags are introduced within the circle, back routing, double handling and delay to the public mails are still continuing. To avoid this more cross bags may be introduced in between L1 and L2 offices within the circle.

Decision Taken : Recently, an instruction has been issued vide OM No.30-7/2012-D dated 07/08/2013 where in all L-1 and L-2 mail offices within a Circle have been allowed to close bags for each other for both first and second class mail.

61-78 Agenda Item : Formation of separate RMS division of Uttarakhand Circle

Considering the improvement in efficiency and better supervision in the Mail sector, a separate division with the headquarters at Dehradun for monitoring mails for Uttarakhand circle is the needy one. It is requested to consider the same.

Decision Taken : Approval has been conveyed for creation of new RMS ('DN') Division with its headquarter at Dehradun in Uttarakhand Circle from 01/09/2013.

63-33 Agenda Item : Non Supply of Uniform Chappals etc., to Ladies and Gents:-

It has been brought to the notice of this union that uniform cloth both polyster and woollen, shoes, chappals, etc., have not been supplied to eligible RMS staff in Uttar Pradesh, Tamil Nadu, Maharashtra, Bihar, Chattisgarh, Andhra Pradesh, Karnataka, Punjab etc. Kindly ensure supply of the all items of uniform etc., to the eligible staff.

Decision Taken : The staff side was informed that there is delay by some Circles in providing uniform, chappals etc., in view of the e-tendering procedure recently introduced. The staff is still not conversant with this new IT based procedure and hence there is some delay. The staff side was also informed to bear for some time as new technology will automatically solve all the problems. Member (Plg) provided status report in respect of some Circles, which is as below:

Punjab Circle: Supply of uniform to the eligible staff has been made upto 2013. Supply of shirts for winter and summer are under process.

Karnataka circle: Supply of uniform for the year 2011-12 has been made.

T.N. Circle: Tenders for supply of uniform have been floated.

Bihar Circle: Uniform supplied upto 2012 in North Region and process for 2013-14. In Central Bihar uniform could not be finalized due to observations of CIFA whether MTS staff is eligible for uniform.

Andhra Pradesh: All uniform have been supplied to staff upto 2013 except khaki, dark blue and white colour of uniform due to non supply of cloth by the bidders. Tender had to be cancelled. Fresh tender could not be floated due to paucity of funds.

Chhattisgarh Circle: Uniform Chappals have been supplied to staff upto 2011.

The staff side was also informed that the Circles have been directed to ensure funds to be utilized judiciously to cover all requirements by segregating the amounts under various items.

65-41 Agenda Item : Ensure supply of canvas bags and discontinue plastic bags.

Plastic is creating health hazards from the environmental point of view. Several High Courts have given judgments against using plastic bags and pouches. Moreover, one of the main reasons for unabated loss and fraud cases are the use of plastic bags and pouches. It is requested to introduce canvas bags by withdrawing the existing plastic bags.

Decision Taken : Plastic bags are being used only as a make shift arrangement in place of canvas / blue mail bags. As soon as procurement of canvas bag materializes the use of plastic bags will be discontinued.

Canvas bags could not be procured because DGS&D had refused to procure the postal bags for the Department and returned the indent placed on them for the same. Thereafter, Directorate initiated the process for procurement of bags at its level. In 2012 e-procurement was made mandatory for any purchase of Rs.10.00 lakhs & more and, therefore, DoP in consultation with NIC initiated the process for procurement of B/W Air Mail Bags on e-procurement Portal as a pilot Project. The pilot project got launched in October, 2013 & now e-tendering for canvas will take place shortly in consultation with IFW & Competent Authority.

Member(Planning) assured the staff side that she is personally monitoring to ensure speedy resolution of this problem.

66-50 Agenda Item : Supply of better quality of uniforms

This is the important item and generally it is overlooked / neglected. Further it is mentioned that no timely supply anywhere in the Country was made resulting the uniformed staff remains without uniform and they are bound to purchase the cloth from their own pockets for which no reimbursement is made. Now it should be made clear that whenever there is any delay for supply of uniform for uniform staff should be allowed to purchase the cloth as per fixed amount and the same should be reimbursed in the interest of staff. Similar action in respect of other kit items should be made available

(a) Provision of cash payment in lieu of non supply of uniform and kit items: Whenever uniform and other kit items are not supplied to the eligible staff whatever the reasons may be. In such circumstances a cash equivalent to the price of each item should be paid.

Decision Taken : The Directorate has been regularly issuing instructions on the subject. The clarifications on the subject received from DOPT after the new GFR 2005 came into effect were also circulated to all circles vide this Directorate's letter NO.23-5/2007-UPE dated 30/08/2011, 09/05/2012 and dated 01/07/2013. As per the DOPT's clarification superseding earlier instructions, Ministries / Department can now decide to procure uniform

from anywhere and on rates subject to complying with the provisions of GFR 2005.

The Directorate has been advising all circles to supply good quality uniform to all eligible employees timely. There is no specific case of any circle received from staff side.

There is no provision for grant of cash in lieu of uniform and kit items.

80-71 Heavy delay in the disposal of Rule 9 cases So many retired officials proceeded with Rule 9 of CCS pension rules are not disposed of despite years of time are passing. Failing of Timely disposal is a matter of concern as the affected parties are waiting for very long periods for justice. Some filthy and revenging nature of the charges at the fag end of service were floated and the charged officials are in endless waiting for getting their pension benefits. To facilitate early justice to innocents, speedy and timely disposal of all Rule 9 cases is much needed of the hour.

Decision Taken : The staff side was informed that over a period of last three years 750 cases of non-gazetted officials have been settled. 120 cases are pending in the Directorate which will be liquidated, as far as possible, within a period of six months.

32 cases of PS Group B and above are pending at present for which IOs and other concerned officers have been reminded for expediting the disposal.

81-72 Agenda Item : Unwarranted delay in finalization of disciplinary cases

Despite the Government has reiterated its instruction vide DOPT OM No. 425/04/2012-AVD IV (A) dated 29.04.2012 for initiating disciplinary cases without delay and conclude the proceeding in time, there are several cases pending years together leading mental agony and distress to the charged officials for a prolonged period.

It was instructed vide Dte. No. 4-26/98-vig dated 2/4/99 earlier that Rule 14 cases should be completed by the IO within 6 months from the date of its appointment. Accountability may please be fixed on IO, PO and DA for delaying. Justice delayed is nothing but the justice denied may be made aware to the concerned to avoid procrastination. A clear cut instruction is needed to be issued to all disciplinary authorities not to resort any revenging charges to settle their goals with biased intention.

Decision Taken : The staff side was informed that from May, 2013 to August, 2013, 225 cases under Rule 14 and 1619 cases under Rule 16 have been settled.

However, instructions will be issued to all the Circles to expedite disposal of pending cases.

87. Non filling up of canteen staff

Even though, the DOPT vide its OM No. 15/2/2010-Dir (c) dated 13.10.2010 & 27.06.2011 directed to fill up all

the vacant canteen staff, the process has not been commenced in the Departmental canteens functioning in the Department of Posts. It is therefore requested to cause appropriate orders to fill up all the vacant post in.

RRs are being finalized for filling up the posts of canteen staff. DDG (P).

102. Request to withdraw the extension of business hours up to 5.00 PM (total 7 hours) including Saturdays against ILO norms and against 5 day week- administrative office / 6 day week - operative office principles.

As per the instructions contained in Dte. No. 11 -2/2004-p. o. dt. 26.6.2012 instructions were issued to all the Divisions/units in other regions also to revise/extend the business hours up to 17.00 hours based on demand and revenue and based on this in Tamilnadu Circle, in one region ordered to extend the counter working hours for seven hours which results the closure of all offices late. The counter working hours should not be raised beyond five hours and six hours for bigger offices agreed upon earlier. It is requested to cause appropriate instructions in this regard.

The staff side was informed that no such instructions were issued by the Directorate to revise the counter working hours upto 7 hours a day. The Circles were requested to extend the working hours for the maximum number of services to the extent possible, minimum being one hour, vide letter No.11-2/2004-PO dated 26/06/2012. (Item closed)

102 A Maintaining LR strength and filling up the vacancies

Due to acute shortage of staff, the existing LRPA's were positioned against regular vacant posts, years-together, and slowly the LR P.A. S were amalgamated within the sanctioned strength mostly in all the Divisions and the Rectt. was denied against the 10% LRPA's posts, as in the case of residual vacancies. Hence a thorough review is requested in order to restore the LR strength exclusively.

The staff side was informed that the sanctioned strength is computed by including LR strength (10% and 7.5% for class III and class IV employees respectively). Therefore vacancy calculations done by taking into account the sanctioned strength and it automatically includes the LR strength. (Item closed)

6. Stepping up of pay in case of postman and Group 'D' officials - regarding.

The condition of seniority in the gradation list to be observed for the stepping of pay has been misinterpreted in case of Kamataka Circle and the postman and Group 'D's are not permitted to claim stepping of pay at par with juniors in the Divisional gradation list.

The stepping up has been denied by stating that the seniority should be determined within the sub division where the official is working. This defeats the purpose of maintaining the gradation list at Divisional level in such cadres. Since the recruitment of postman and Group 'D' is being made at Divisional level and the seniority is also being determined based on the selection list of the entire division, the denial of stepping up of the pay is tantamount to the denial of dues to such officials.

Chief PMG, Kamataka Circle has been asked to furnish a status report. After the report is received, necessary clarification, if required, will be issued to Kamataka Circle. The staff side was also informed that such matters pertaining to a specific Circle should be taken up at Circle level. DDG(Estt)

10 Revision of cash allowance to SPMs in the absence of Treasurer.

Consequent upon the acceptance of Arbitration Award in CA reference No. 1 of 1990, the Special Pay has been fixed to the sub postmasters of single and double handed Post offices for handling/custody of cash at the following rates, vide the Directorate letter No. 6-4/80-PAP dt. 25.02.1992.

Amount of cash handled	Rs. 10,001 to	Rs. 20,000	
Special Pay on an average per day	Rs. 20,001 to	Rs. 50,000	
	Rs. 50,001 to	Rs. 1,00,000	Rs. 30/-
	Above Rs. 1,00,000		Rs. 35/-

Thereafter there is no revision of in the quantum of amount and also the practice of granting of such allowances has not been carried out in all the circles. Further, the same scheme has not been extended to the SPMs working in more than three hands and dealing the treasury work.

It is therefore requested to revise the rate and also cause orders for implementations.

The matter is under examination in consultation with the nodal ministries (DOP&T and Ministry of Finance). DDG (Estt)

12. Allowances required restoration & Now introduction

After the Second Pay Commission, considering the need and justification, the Department granted special pay to the single handed/double handed postmasters with Rs. 20/- & Rs. 25/- respectively per month. Similarly one supervisor supervising another supervisor was also paid special pay of Rs. 45/- PM. All these special allowances were withdrawn at the time of implementation of TBOP/

BCR schemes as matching savings. Now the TBOP/BCR schemes were withdrawn, there is every justification to revive the allowances and revise the rate as per the present requirements.

The System Administrators are maintaining and caretaking number of computers apart from their regular work. There is ample justification to grant Allowance equal to Caretaker allowance to the extent of 10% of pay plus grade pay. Similarly, the Marketing Executives are performing exemplary works in the marketing and they may be considered for the grant of special allowance. The Postmaster cadre officials are also to be considered for the care taking allowance since they are incharge of the offices and taking care of them.

It is requested to consider the above and cause appropriate decisions thereon.

The 5th Central Pay Commission has upgraded the pay scale of Postal Assistants who man the single and double handed Post offices. There is, therefore, no justification for revival of the Special Pay. However, the staff side was advised to put up the proposal before the 7th Pay Commission after bringing the 5th CPC upgradation to their notice, (item closed)

16. Applicability of various kinds of TA in Case of System Administrators.

A kind attention is invited to the Directorate letter No. 1/02/2011/PAP dated 17.01.2012, in which the application of SR-25 has been prescribed in the case of System Administrators and they have been asked to maintain log books for the grant of conveyance allowance.

It is pertinent to mention that the nature of the duties of the S. A cannot be equated with that of the PRI (P) and the others. Whenever there is call to attend the fault, the SAs has to rush to rectify the faults for immediate restoration of the system and office. Similarly all the inspecting officer has been granted TA/DA including road mileage allowance to carry out their duties.

As such if the SAs have to utilize public vehicle for their conveyance under TA/DA, it will cause more dislocation in services. Further the nature of work of SA shall not warrant to look after the faults so leisurely and they have to rush the spot to rectify the errors.

It is therefore requested to delete the provision of SR 25 and apply the road mileage allowance in the case if the official utilize his own vehicle for official Journey.

The staff side has informed that System Administrators have to rush to rectify the faults for immediate restoration of the Systems. They demanded that the provision of SR 25 be deleted in case of System Administrators and the road mileage allowance may be paid if the official utilizes his

own vehicle for official journey. It was decided that a proposal will be submitted by the staff side which will be examined in the Directorate within the framework of extant rules on the subject. Staff side / DDG (Estt).

18. Special Pay to PO & RMS Accountant

(a) Grant of special Pay to TBOP/BCR official

(b) Grant of special pay to MACP official with retrospective effect

As per the recent clarification issued by the Directorate, the grant of special pay has been extended to MACP officials who are working as Accountants. The order is effective only from the date of issue. Hence many MACP officials who have been continuously working on the Accountant posts are deprived of the benefits from which date they are working as Accountants. Similarly like MACP, TBOP/BCR is also not promotion and hence the above benefit should be extended to TBOP/BCR officials also. Necessary clarifications may be issued.

The staff side was informed that this issue has been re-examined by Deptt. Of Personnel & Training and it was not found feasible to give retrospective effect to the instructions dated 31/08/ 2012.

The grant of Special Pay to TBOP/BCR officials is being examined. DDG(Estt)

20 Creation of New Posts of System Administrators and Marketing Executives instead of redeployment of the sanctioned PA posts.

At present, the Postal Assistants are being deployed to carry out the jobs of systems Administrators, Marketing Executives etc for which no establishment norms had been laid down. Resultantly there is an absolute shortage in the operative works being carried out by the Postal Assistants. Necessary action may please be taken for the creation of justified Posts.

The staff side was informed that having a separate cadre for System Administrator will not be advantageous for them since the cadre will not be able to support itself for promotion to the higher grade. If the System Administrators continue in the PA grade the channel of promotion is available. Looking from a macro view, it will be in the interest of System Administrators if they continue in the PA cadre as the educational qualification for system administration in any Department / Ministry will require technical qualification and the present System Administrators may not possess the same. 28. Revision of PPOs of Pre-2006 Pension cases.

Please refer to the OM No.38/37/08-P&PW(A) dated 13-02-2013 of Ministry of Personnel & PG & Pensions on the above subject. There are many inconsistencies in the Table

annexed to the above orders and the same was forwarded by the Directorate to field offices without clear guidelines as issued at the time of earlier Pay Commissions. Comparison between concordance table and pre-revised / existing scales are given in table form for every cadre.

It is therefore requested to grant pension by giving corresponding Grade Pay which has been given to those who are in service on or after 01/01/2006, of the Post from which the Pensioner retired. It is requested to cause to issue guidelines.

The below given explanatory note will substantiate the inconsistencies.

It is felt that the pay scales as on 01 -01 -1986, 01 -01 -1996 and grade pays of 1 -1 -2006 as mentioned in the Annexure are applicable to all the Central Govt. Departments in general. But there are different Pay Scales are in vogue for different cadres which are unique to the Postal Department. From 01 -01 -1996, different pay scales and different grade pays were adopted in the Department of Posts in respect of Group D / Mailman, TBOP / BCR grades in Group D cadre // Postman cadres (Mail Guard, Mail Overseer, Cash Overseer)/TBOP/BCR grades//Postal Assistant, Sorting Assistant, Sub Post Master Initial Cadre/TBOP / BCR grades // Postmaster HSG-I, HRO HSG-I // ASPOs, ASRMs // SPOs, SRMs // SSPOs, SSRMs, Junior Accountant, Senior Accountant, JAO/AAO, Accounts Officer, Sr.AO, ACAO etc. Comparison between concordance table and pre-revised /existing scales are given below in table form for every cadre. There are several orders on Group D cadres - sanctioning PB-1 with Grade Pay of Rs. 1800/- for those who were in initial scale, PB-1 with Grade Pay of Rs. 1900/- for those who got upgradation of TBOP / ACP and PB-1 with Grade Pay of Rs.2000/- for those who got BCR promotion. Giving pension revision for Group D cadres based on Grade Pays of-1S scales.

The comparison between the pay scales given in the Table and the existing pay scales is given in the Annexure.

The staff side was informed that the concordance table is in accordance with the DOP&PW OM NO. 38/37/08-P&P(A) dated 28/01/2013. The concordance Table has been prepared on the basis of corresponding pay bands and Grade Pays of the pay scales prevalent during 4th and 5th Pay Commissions' periods. They do not take into account the upgraded pay scales and / or pay bands and grade pays of certain posts. Neither the OM dated 28/01/2013-ibid contain anything about upgraded pay scales / pay bands. The pension / family pension of a person retired before 01/01/2006 has strictly to be fixed in accordance with the corresponding pay scale / pay band and grade pay irrespective of the post held and / or it's upgraded pay scale / pay band, Grade Pay attached to certain posts later on. There is, therefore, no need to issue any further / revised instructions / guidelines in this regard. Item closed.

29. Eligibility for drawl of Increment on 1st July of every year.

There is a peculiar situation after implementation of VICPC in drawing Annual Increment for those who get promotion on 1st of July every year.

3rd Up-gradation under MACP and Regular Promotion thereafter:

As per Para 4 of MACP Rules, at the time of regular promotion, if it happens to be a post carrying Higher Grade Pay than what is available under MACPs, No Pay Fixation would be available. And Only Difference of Grade Pay would be available.

When such regular promotion happens to be between 2nd Jan and 30th June, which results in Drawl of New Grade Pay for less than SIX MONTHS. It is noticed that some DDOs are drawing Annual Increment on 1st July taking into account the Pay and Old Grade Pay being drawn before such Promotion, though there is no specific rule that the NEW GRADE PAY shall be drawn for at least SIX Months for allowing Increment.

Ad-hoc promotion and officiating for more than 11 months on 1st July in broken spells. The officials in such cases should have got Annual Increment on 1st July, in the officiating post, if they have more than SIX months' service in the SAME PAY + GRADE PAY.

In the Pre-revised scales there was a provision to allow Annual Increment after completing a period of 12 months in broken officiating spells and drew Pay in the same stage. Now, It should be allowed for a period of 6 months (including broken spells) as on 1st of every July.

The orders regarding drawl of increment, MACP, pay fixation etc., are very clear on the subject and are within the purview of Department of Expenditure. However, if there is any specific case where the said order have not been followed, the same may be taken up with the concerned Circle Office Item closed.

36. Extension of Medical facilities for the treatment of employees and their familie

The following Hospitals like as (1) Wochart Kidney Centre, Kolkata, (2) Kothary Medical Research Centre, Kolkata, (3) A.M.R.I. Salt Lake, Kolkata, (4) Apollo Gleneagles Hospital, Kolkata, (5) Anandaloke, Siliguri and (6) Paramount Hospital, Siliguri may be recognized as approved medical Clinic.

The competent authority to empanel / recognize private hospitals is Ministry of Health & Family Welfare who have been requested vide letter No.4-1/2013-Medical dated 18/11/2013 to consider the proposal. DDG Estt).

37. Extension of Medical facilities at P&T Dispensaries - Jalpaiguri & Siliguri.

Due to shortage of Medical Practitioner the Staff / Employees are suffering badly. The employees are forced to take Medical facilities from the outside of the Dispensary. So some private Hospital may be authorized to allow for treatment for the Postal Employees and their families.

Department of Posts is not competent to authorize any private hospital for its employees as per CSMA rules. However, the proposal regarding shortage of medical practitioner in Jalpaiguri and Siliguri may be taken up with CPMG West Bengal by the Staff Side. (Item closed)

38. Recognition of Private Hospitals as referral hospitals in Assam and NE Circle.

Unlike in other circles where a good number of private hospitals are recognized as referral hospitals, only one private hospital, downtown hospital in Guwahati is a referral hospital for the postal employees in Assam and NE Circle. Earlier the International Hospital and the Sankardev Netralaya in Guwahati were also recognized, but agreement lasted only for a small period. Chatribari Christian Hospital in Guwahati and Nazareth Hospital in Shillong have since been discontinued. Government hospitals in Assam and NE Circles are not up to the mark and cannot extend proper treatment as per present need. On the other hand many sophisticated hospitals have come up in the cities and our employees are subject to financial hardship for taking treatment in these hospitals in absence departmental support. For super Speciality facilities, most of the patients are to be taken outside the NE Region by spending lakhs of rupees either from hard earned savings of the employees or from personal loans taken from others by endangering the future of the families concerned.

Under these circumstances, well equipped private hospitals in select cities like Guwahati (at least five in numbers), Shillong, Dibrugarh, Tinsukia, Jorhat, Nagaon, Tezpur, North Lakhimpur, New Bongaigan. Silchar, Agartala, Dimapur, Kohima, Imphal, Itanagar and Tura are to be recognized as referral hospitals for diagnostic, general treatment purpose and super special purpose.

Ministry of Health & Family Welfare is competent authority under CSMA Rules to empanel / recognize private hospitals. In view of this they have been requested vide letter No.4-1 /2013-Medical dated 18/11/2013 to consider this proposal. DDG(Estt)

Agenda Item 4 : Split duty allowance at par with Transport allowance The split duty allowance is a compensation granted for those officials brought on split duty enabling them to commute between home and office in the break. In the present scenario of technology and marketing oriented environment, all the Postmasters at the level of LSG, HSG II & HSG I (Including Postmaster Grades) needed to be equipped with enhanced financial powers. For the sake of customer hospitality and small needs of computer related spares, some funds are needed to be stocked at the disposal of such LSG, HSG II, HSG-I level Postmasters. In the back drop of implementation of CBS & CIS and commencement of CPCs under CIS at all HO's there is a definite requirement of enhanced financial powers to provide hospitality to visiting customers to avail insurance services as the same trend is prevailing with our market competitors.

Decision taken : Agreed, in principle. The details will be worked out. DDG (Estt)

(d) Pay fixation on Promotional hierarchy and not Grade pay hierarchy.

Decision taken : Action is taken as per DOPT orders. Item closed.

Decision taken : The proposal will be reexamined. DDG (Estt)

Agenda Item 12 : Grant of HRA to the officials who are not provided with standard accommodation

1. The accommodation provided by institutions / Govt. Establishments is not according to the schedule of Accommodation. The rent paid by the department is also nominal. But the officials are foregoing HRA in huge quantum.

2. In rural / semi urban areas the rent paid by department is less than the HRA foregone by the officials.

3. The erstwhile accommodation of A Class, LSG is provided to the officials working in HSG I or without provided the quarters as per schedule of Accommodation. In all the cases, the quarters may be delinked and officials provided with HRA.

Agenda Item 13: Request for grant of honorarium for the fixation of pay in respect of those whose increment falls due from 2.1.2006 to 30.6.2006

The work related to fixation of pay as per the Revised Pay rules 2006 and drawl of arrears ,on pro-rata basis was granted vide the authority contained in DG(P) letter no 42-1/2008 PAP dated 21.12.2009.

The fixation done to those officials for whose increment fell in the first half of the year 2006 were ordered to be re-fixed by granting one increment as on 31.12.2005 in the pre-revised pay and arrear be drawn accordingly vide MOF OM No. 10/02/2011-E III-A dated 19.3.2012. More than half of the officials pay coming under purview of this stipulation was done and arrear was drawn from 1.1.2006 to 2012.

The head of the divisions are not granting the honorarium without discerning the actual content and scheme of the work involved in the subject matter by simply misconceiving the matter as sheer grant of one time increment.

The way in which the fixation was re-fixed as per the MOF OM dated 19.3.2012 and the subsequent instruction contained in the OM dated 22.5.2013 & 3.1.2013 on the procedure to adapted sequel to re fixation all stand to testify the wok done now are replica of the work that was initially done as per the RP rule 2006.

Decision taken : The Directorate has not received any such proposal or reference from any of the Circles. Specific cases may be sent to Directorate DDG (Estt)

Agenda Item 14 : Request for not abolishing the GDSV/SV post despite there has been decline in sale of stamps on the basis of the latest statistics. The statistics of latest nature can not reflect the actual quantum and potential of office in so far as the sales are concerned. There had been a dearth of stamps for a few months and stocks are replenished only recently.

The work rendered surplus because of the abolition of the stamp vendor have to borne by the counter PAS. The counters are adequately manned due to shortage of staff and further the augmentations of clerical staff are overdue in many of the offices where the abolition of SV are intended.

The work of the staff at counters, if interspersed with sale of stamps, the pace and flow of the other main transactions as per the MDW will be terribly upset which will attract the wrath of the customer who have to wait .With addition of more and more new items of work like IMT, Mobile money transfer etc, the counter Pas are really overburdened as each and every transaction of kind requires briefing with customers considerably. It is needless to say what sort of additional work is in store for them once the hand –on – device are introduced and at the stage the output of this performance by field officials are to accommodate in the office transaction.

Already the sale of stamps are being done at counter in the form of PSR collection which is not assigned with time factor for commutation of the work load .The present work load for booking of accountable articles are one and the same for both type, either stamps affixed or cash collected. If the stamp are to vended by the PAS , inevitably it will tell upon the efficiency of the other work resulting in public to prefer the alternate services.Hence it is requested to allow the Stamp vending staff of bigger office where the work load of the counter PA are far in excess of available staff hours and augmentation of the staff are justified. In most of the offices the working strength of clerical strength is less than the sanctioned strength. Decision taken : The existing policy will be reviewed. Redeployment will be done where there is workload. DDG (Estt)

Agenda Item 15: Request for sanctioning the 1/4th of full daily allowance, as special allowance, to those who are compulsorily to take up the boarding and lodging at the training institutes:

As per the GOI (3) 2 below SR 164, the officials staying in the residential training programs by paying the fixed rates are to be given special allowance.

The plea of passing authorities that the new DA rule w.e.f 1.9.2008 cannot be applied is not tenable. As per new rule from 1.9.2008, except new rates (comprising of three components viz. food bill, accommodation and local travel expenditure none of the other conditions that were in prevalence as on 1.9.2008 were amended. In fact options

to claim on either old rate or new rates have also been accorded to options claimants. While the stipulations are so firm and amenable, the contention that the rules prior to 1.9.2008 are extinct is not correct.

For an example , an official in GP 2400/- has to pay Rs.230 per day for compulsory stay in campus at PTC, Madurai whereas the same official is entitled to a maximum of Rs.675/- (450 + 150 + 75) if they are at liberty to stay outside.

The difference between the expenditure under compelled state of affair and the official own choice of stay is only sought to be cushioned in the form special allowance to be cushioned in the form of special allowance to equivalent to 1/4th of the DA. This underlying principal and spirit of rule for special kind of DA and officials are to suffer the loss nevertheless legitimate bindings, leave alone, natural justice behold of officials welfare.

Decision taken : The proposal will be taken with Ministry of Finance. DDG (Estt)

Agenda Item 16: Implementation of judgment of Delhi High Court dated 02.07.2011 .WP no 3225/2007 in OM No 164/2005 in the matter of Dharam singh others. This has reference to DG (Posts) letter No 2-48/2011-PCC dated 17th Aug 2014 addressed to four CPMsG (Delhi, Tamil Nadu, West Bengal and Maharashtra). Wherein instructions have been issued to draw the arrears of affected officials, but in vain Despite regular issue of reminders, nothing has been done so far. Suitable and early action is requested for regularizing their pay and drawal of arrears of affected official. Total number of officials in all the four circle comes to only 425.

Decision taken : Orders for implementation of judgement have already been issued vide letter No.2-48/2011-PCC dated 7/08/2012 and 03/09/2012. Instructions will be reiterated with directions for implementation in a time bound manner. DDG (Estt)

Agenda Item 17 : Grant of Traveling and Daily Allowance to Mail Overseers in place of Night Halt: Only Memorandum bearing DG (Posts) No 1-02/2012-PAP dated 17th January 2012 has been issued, but no orders for implementation has been issued and sent to all concerned for this change. Such orders need to be issued immediately so that the affected official could get financial benefit.

Decision taken : Instructions issued vide OM dated 17/01/2012 are already clear. The same are being reiterated. Item closed.

Agenda Item 18: Combined working of Mumbai Region and Chief PMG Office work by Chief PMG, Maharashtra Circle Office Staff and Officer (as previously was in practice): This case of combination of work of Mumbai

Region into office of the CPMG, Maharashtra has been already taken with the CPMG, Maharashtra as it was in past in existence. Since last so many years or we may say that since opening of separate Mumbai Region only PMG and DPS two posts were there and rest all other staff of CPMG office was dealing the work of Mumbai Region. The copies of letters addressed in details are enclosed herewith for ready reference. The clerical and other posts of Mumbai Region may be redeployed to proposed Telangana Circle. Item dropped.

Decision taken : Item withdrawn/ dropped.

Agenda Item 19: Enhancement of Financial Powers of PMG to condemn of Computer Hardware: The computer and hardware supplied to almost all the post offices are out dated and required to be condemned. Presently, the Regional PMGs have financial power to condemn computer hardware upto Rs 200000/- per year. These financial powers are very low considering the conditions of computers and hardware in almost all the post offices. Due to such low financial powers to the PMGs to condemn the computer and hardware, age barred and out dated computers and hardware could not be condemned. This is creating a great problem in offering smooth and quick services to the members of public. Thus it is necessary to improve the Financial Powers of PMGs to condemn the outdated and time barred computers and hardware.

Decision taken : The Regional PMGs have financial powers for replacement of computer hardware upto Rs. 10.00 lakhs. Item closed.

Agenda Item 20: Inadequate Funds for purchase of computer papers : The funds required for purchase of computer papers for all the post offices in the circle are very inadequate. Present requirement of funds to supply adequate computer paper to offices in Circle is Rs 5 Crores per year. However, the CPMG has financial powers of just Rs 30 Lakhs in this regard. Thus there is acute shortage of paper in whole Circle. Hence, it is needed to improve the Financial Powers of CPMG for purchase of computer papers and stationery every year.

Decision taken : Proposals are being called from the Circles and will be examined. DDG (Estt)

Agenda Item 21: Increase the number of LSG/HSG II & I posts in Circle Administrative offices. Number of LSG, HSG II & I posts in Circle Administrative offices is much and much less in comparison to intricate nature of job performed by the circle and regional offices including DPLI office.

Decision taken : No such proposal is pending. In case the proposal is received, the same will be examined. DDG (Estt)

Agenda Item 22: Stop shifting of CPMG office from Ambala to Gurgaon. It is learnt that recently a move has been made

to shift CPMG office from Ambala to Gurgaon which will cause many problems for the people of Haryana. Moreover, Ambala was chosen as the Circle Head's office many many decades back considering geographical aspect and railway link factor etc. Whereas Gurgaon is nearly 60 Kms away from Delhi can that area can easily be covered separately for the purpose of business development taking the advantage of Gurgaon being located within the ambit of National Capital Region.

Decision taken : No decision has been taken to shift the Head Quarters of Haryana Circle. Item closed.

Agenda Item 23 : Merger of posts of charge Hand with Artisan Grade-I The Directorate has issued orders on 03.06.2014 merging posts of charge hand with the Post of Artisan Grade-I based on the VI CPC recommendation. This recommendation was made by VI CPC based on the staff of Railway workshop and Defence workshop. Operation in MMS workshop is entirely different from that of Railway and Defence. For Example, in four Metro cities, we have more than four MMS workshop based on the functional justification whereas in Railways and Defence, they have big workshop like factory. Therefore one charge hand is enough for one shift. But in MMS, there are more workshops in different places we need charge hand for each work shop. Moreover, there are more promotional avenues for Artisan Such as Master Craftsman, Chargeman, Technical Supervisors, Foreman. But in MMS workshop, we have only one promotional that is charge hand. Therefore merging charge hand with Artisan Grade-I is not correct. Hence we request the Department that this issue may kindly be taken up with the appropriate Authority for redressal or we have to obtain permission to create promotion in MMS workshop like Railways and Defence.

Decision taken : The matter will be taken up with the Ministry of Finance. DDG (Estt)

Agenda Item 24: CGHS Facility to all Postal retirees. Request to grant CGHS Cards to Postal retirees par with other C. G. Pensioners. There is no objection from the Ministry of Health to issue of CGHS Cards to the Postal Pensioners par with other C. G. Pensioners. Because of non validation by Department of Posts, this facility is not extended to Postal pensioners. Department of Posts is requested initiate action by lifting its restraint in this regard to enable the Ministry of Health to grant CGHS facility to Postal Pensioners.

Decision taken : Agreed. The issue is pending with M/o Health and Family Welfare, will be followed up. DDG (Estt)

Agenda Item 25 : Irregular utilisation of services of MTS employees in the vacant posts of Sorting Assistants Many Circles Irregular utilisation of services of MTS employees in the vacant posts of Sorting Assistants is prevailing wherein it was instructed to utilise the services of MTS

employees in the vacant posts of Sorting Assistants on payment of coolie charges per hour/due duty. This is exploitation of MTS and GDS employees. In fact the MTS should be utilised in the short term/vacant posts of Mailguards. There is no rule to utilise the services of these employees in the vacant posts of Sorting Assistants as they are not fully trained and qualified to work. (Imparting of training at Postal Training Centers and Computers training). This will result mishandling of public mail causing inordinate delay in receipt of mail. It is not known how the Divisional Heads, has framed his own rules without observing the norms and rules of the department. Therefore it is requested to issue instructions to all concerned to cancel the irregular orders issued by the Division heads in many circles to protect the sanctity of the rules and honour of Sorting Assistants.

Decision taken : Necessary instructions will be issued to the Circles. DDG (Estt)

Agenda Item 26 : Revision of FSCAs per the Revised rates of Fixed Stationary charges for post offices the cost of closing of sealing of one bag daily is quoted for Rs. 3/- whereas many administrative authorities has taken this as Rs. 3/- per bag for a complete month. The cost of sealing wax per Kg. is above Rs. 60/- .The rate of FSC may be calculated in its original spirit and the unjustified interpretation of the field level officers shall be nullified by the revised instructions we request to issue by the Directorate.

Decision taken : Agreed. Action will be taken. DDG (Estt)

Agenda Item 27: Care Taking Allowance for all Postmasters/ Sub-postmasters and Sub-record officers. The conditions for grant of Care Taking Allowance are fully applicable to all the Post masters/Sub-Postmasters/Sub-record officers who are doing the CARE TAKERS DUTY apart from their normal duties as a routine. Further, the cleanliness activities are made part and parcel of Memo of Distribution of work Hence Caretaker Allowance @ 10% of pay in the Pay Band is to be paid as prescribed by the Sixth CPC.

Decision taken : There is no justification for grant of Caretaking Allowance to the Postmasters / SPMs / SROs. Item closed.

Agenda Item 28: Request for grant of one Increment to erstwhile Gr.D/MTS in RMS on Promotion to the Cadre of Mail guards by Selection (By Seniority) Ref: Gazette Notification of India, Extraordinary, Part-II Section 3, Sub-section (i) dtd. 20.12.2010 Communicated vide D.G(P) No.44-14/2009-SPB-I dtd.28.01.2011 Your kind attention is drawn to the above referred Gazette notification which stipulates about the promotion of Gr.D /MTS to the Cadre of Mail Guard in RMS wing of the Department by allocating 25% of Posts by Selection i.e by Seniority. In RMS wing there are many GDS/MTS who have put in more

than 20 yrs of service due to ban on recruitment since decade. After issue of above notification in many Circles the DPCs were held and many Group D/MTS are being promoted to the Cadre of mail guard who has put in more than 20 years of service. As there is no financial benefit either in the Grade pay or in the increment none are showing interest to join as mail guard resulting the posts are lying vacant.Regarding fixation of Pay in r/o erstwhile Gr. D / MTS who are promoted to the cadre of Mail Guards after the advent of CCS (RP) Rules 2008. The Pay Band / Pay scale fixed for Gr. D /MTS in the revised Pay structure is PB-I/Rs.5200-20200 with grade Pay Rs. 1800- Whereas the Pay Band/Pay Scale fixed for Mail Guards is PB-I/ Rs.5200-20200 with Grade Pay Rs.2000-.Promotion from the Cadre of MTS to Mail Guard definitely involves higher responsibilities. Normally when an official is Promoted to a higher cadre Post which involves duties of higher responsibility, his Pay on Promotion should be fixed in terms of the provisions contained in FR 22(I)(a)(i). There will be no problem in r/o those officials who get promotion from MTS to Mail Guard who have put in less than 20 years of service as on the date of such promotion.But problem is arising in r/o those officials who get promotion after putting up 20 years of service and more. The reason is that the entry Grade pay for MTS is Rs. 1800- and on completions of 10 Years and 20 years of service becoming eligible for Financial Up gradations under MACPS their Grade Pay will raise to Rs.1900- and Rs.2000- respectively. When an MTS having 20 years of service with grade pay of Rs.2000- by virtue of having got MACPS-II will not have any benefit on his promotion to Mail Guard cadre though the duties and responsibilities are higher in nature since the entry grade pay for Mail Guard is only Rs.2000-. This is nothing but definite discrimination towards the officials who get promotion from MTS to Mail Guards by seniority after rendering 20 years. The case of those MTS who get promotion to cadre of Mail Guards after putting 30 years is still worse as their grade pay would be Rs.2400- which is more than the grade pay of Mail Guard which is nothing but ignominy rather promotion .Even the OM No.10/02/2011-E.III/A dtd.7.01.02013 issued by the Ministry of Finance in this regard is also appears to be ambiguous since in para-3 of the OM does not speak of the above issue since it is only mentioned that "in cases of promotion from one post to another where the promotional post carries the same grade pay as the feeder post, fixation of pay in such cases will be done in the manner as prescribed in Rule 13(i) of the CCS(RP) Rules, 2008." This type of contingency does not arise in postal department since the promotional avenues are very limited and will not be in quick succession. In the light of the above, it is requested to examine the issue in comprehensive manner and to take up the matter with the appropriate authorities to safe guard the interest of the deprived officials who are promoted after 20 years of service by allowing fixation of pay under the provisions contained in FR 22(I)(a)(i).

Decision taken : There is no provision of re-fixation of pay of MTS / Group 'D' already getting Grade Pay of Rs.2000/- under MACP on their regular promotion to Mail Guard (G.P. Rs.2000-). Item closed.

Agenda Item 29: Provisioning the facility of mobile to Mail Overseer / Cash Overseers: Orders for reimbursement of the actual expenditure incurred on telephone subject to maximum of Rs 20/- per month are solicited with retrospective date.

Decision taken : The proposal is being considered in consultation with IFW. DDG (Estt)

Agenda Item 30: Change of nomenclature of cleaners in M.M.S. The officials who are in the pay band 4860-20200 in the Mail Motor Service and who assist the Motor Mechanics in maintenance of vehicle are now being called cleaners/motor vehicle cleaners. In the background of changing social environment and improving economic conditions the nomenclature " cleaner/motor vehicle cleaner" given to them looks rather out of date and requires a change. our union requests kindly to examine the issue and change their nomenclature as Assistant Mechanic/ Helper.

Decision taken : The matter is being examined. DDG (Estt) pending matters will be published in next issue.

ADDITIONAL ITEM

1. Irregular recovery pensionary benefits from retired officials/Serving officials (MTS) Application of provisions of Para 5 of annexure to OM No. MACPs in case of officials covered by TBOP/BCR/ACP scheme vis-a- vis Para 6.2 of annexure to OM on MACPs dated 18.09.2009, case of many circles. It has been reported to this CHQ by our Circle unions wherein application of subject provisions as stipulated in your office letter No. 20/2008-PCC dated 04.11.2013 are not being made strictly causing extreme financial harassment to the affected officials. It has also been reported that the recovery is being made from pensionary benefits from retired officials, necessary direction in each case received in your office are highly solicited so that sigh of relief could be felt by the low paid employees. We would urge upon you to do the needful at the earliest since the matter has been badly delayed.

Decision taken : The Directorate has not issued any directions for recovery of over payment in any case. No reference on the issue from any circle has also been received. However, if any case is referred to the Directorate the same will be examined and clarification issued. DDG (Estt)

PERSONNEL DIVISION:-

31. Mismatch of PA vacancies Acute shortage of PAs in Circles, despite of annual recruitments. There is mismatch between sanctioned and working strengths, despite taken

into account of the current year vacancies announced, screening committee vacancies etc. Hence a thorough review is requested, based on the work hour statement, and adding 10% LR arriving sanctioned strength, working strength of the divisions etc.

Decision taken : Instructions will be reiterated regarding method of calculating vacancies. DDG(P)

32. Substitute arrangement by all means to avoid combination of work Substitute arrangement in all vacant Postmen and MTS Posts requires to be ensured. Wherever and whenever GDS are not available, outsiders should be allowed to work as substitute to carry out the task caused by vacant post of MTS and Postman.

Decision taken : The staff side will give concrete suggestions in this regard, which will be examined. DDG(P)

33. Restoration of the posts of PACOs and MTS for Circle Administrative Offices: PACO & MTS posts abolished during 2005-08 for circle administrative offices. Most of the circle administrative offices running with huge shortage of staff facing more crisis for abolition of posts and no recruitment for long time.

Decision taken The Posts abolished cannot be restored. Item closed.

34. New recruitment rules for HSG I posts for Circle Administrative offices: Immediate actions need to be taken to frame recruitment rules for HSG I posts in Circle Administrative offices.

Decision taken : Under process DDG(P)

35. Identification of Leave Reserve PAs Identifying of Leave reserve Postal assistants are determined on the basis of three years instead of two years qualifying service in some circles is in practice against the Directorate instructions. Especially, in Tamilnadu Circle Leave Reserve PAs are being identified on completion of Three years of service. Suitable instructions are needed to be issued to guide the Circles in this regard.

Decision taken : The matter is being examined. DDG(P)

36. Shortage of PAs and SAs despite recruitments. Acute shortage of P.A.s in many divisions, despite of annual recruitments. There is mismatch between sanctioned and working strengths, despite taken into account of the current year vacancies announced, screening committee vacancies etc. Hence a thorough review is requested, based on the work hour statement, and adding 10% LR arriving sanctioned strength, working strength of the divisions etc. An onboard scientific comparison needs to be exercised in every division with establishment branch and the staff branch.

Decision taken : Instructions will be reiterated regarding method of calculating vacancies. DDG(P)

37. Filling up of all HSG-I Posts as prescribed in the present Recruitment rules. Present Recruitment rules for the cadre of HSG-I came in to force w.e.f 17th July 2014. All the 1741 posts are needed to be filled with HSG-II officials with prescribed qualifying service and the remaining unfilled posts are to be operated at the level of HSG-II. By this process, there is no need to keep any post vacant in the name of dearth of qualified hands. It is requested to fill up all the HSG-I and HSG-II Posts and the chain vacancies arising in LSG may be filled without any loss of time. All the circles are required to be instructed to fill up all the chain of vacancies in HSG-I, HSG-II LSG by convening DPCs and fill up all the PA vacancies arising out of this promotion process.

Decision taken : Instructions have already been issued to Circles, the same will be reiterated. DDG(P)

38. Prompt sittings of DPCs at various levels Avoid abnormal delay in conducting Departmental promotion Committees (DPCs) at all levels and grant promotion to eligible officials.

Decision taken : Instructions will be reiterated. DDG(P)

39. Filling up of PMG/CPMG posts to tune up the efficiency. Fill up all vacant posts of Chief Postmasters General (CPMsG) Postmaster Generals (PMsG) and Director of Postal Services (DPS). At present, posts are remaining vacant for months together and additional charge/combined duty is ordered, which adversely affects the efficiency of the services and also delay in settling staff matters.

Vacant posts are being filled up. Item closed.

40. Regular Promotion in LSG/HSG-I to SBCO Cadre. Regular promotion to LSG, HSG-II and HSG-I SBCO Cadre are not taken up periodically in all Circle by convening DPC. As a result, majority of supervisory posts are lying vacant and being managed under office agreements. This pre-empts the availability of eligible LSG officials to go on promotion to HSG-II and HSG-I Cadre and causes extra work load to T/S Pas SBCO. Therefore, it is requested to issue necessary instructions to all Circle Heads to convene the DPC in a time bound manner and accord promotions to the staff every six months.

Decision taken : Appropriate instructions will be issued to circles. DDG(P)

41. Filling up of Postmaster Grade III vacancies In the same analogy of filling up of vacant HSG-I Post there is a dire need of filling up of all Postmaster Grade-III Posts in the following ways. (a) By relaxing the qualifying years of service in to 3 years par with HSG I RR. The above proposal for relaxation has already been taken up with DOPT/UPSC but pending for a long time. (b) Till such time the above relaxation come into force, the Postmaster Grade

III posts may be operated in the level of Postmaster Grade II as like provided in the HSG-I recruitment rules. At least by this process, the injustice caused to Postmaster cadre Officials may get a temporary relief. It is worthy to mention here that plenty of Postmaster Grade I officials are in queue with requisite qualifying service awaiting for Postmaster Grade II. By this simple and practical approach the entire Postmaster grade posts in PM Grade III, Postmaster Grade II & Postmaster Grade I will get a fair deal par with General line.

Decision taken : The proposal for relaxing the provisions of the RRs of Postmaster cadre is under consideration in consultation with DOPT. DDG(P)

42. Issues of Postmaster cadre officials It is happened while calling for volunteers for various grades of Postmaster cadre, it was assured to the applicants vide Para 4, 5, 6 of the Directorate letter No. DG (P) No. 4-17/2008-SPB II dated 07.02.2011 that the same years as minimum qualifying service will be adhered for the promotions of Postmaster Grade-I to Postmaster Grade-II and Postmaster Grade-III as in the cases of LSG to HSG-II and HSG-II to HSG-I, many senior HSG-II officials opted for PM Grade II are now by passed by junior HSG-II officials remained in the General line by getting HSG-I on completion of 3 years of qualifying service. As assured while the initial constitution of Postmaster Grade by the Directorate to maintain same qualifying service, all the Postmaster Grade-II officials having 3 years of service in HSG in HSG II & Postmaster Grade-II combinedly may be promoted to Postmaster Grade-III by taking in to account of anomaly caused to Postmaster Grade-II officials. Since there is clear cut going back from the instructions and assurances, the volunteers opted for Postmaster Grade on the basis of the said assurances may be allowed to switch over to General Line, There is a provision in the extant instructions on returning back the Postmaster cadre official to General line if they are not fulfilling the requisite standards during their probation. As the Postmaster Grade officials are much frustrated of their future career profile are not commensurate with their responsibilities, most of the Postmaster Grade-I and Grade II officials are ready to switch over the General line at least to work in Head offices as supervisors and to fit in PS Group 'b' examination.

Decision taken : Proposal is already under submission to DOP&T. DDG(P)

43. Transfer & Placements Request to identify the appellate authority for the order issued by the competent Authority in case of transfers recommended by the transfer and placement committee. Reasonable opportunity should be given by opening and appeal channel to the affected officials.

Decision taken : Policy will be reviewed so that officials will have a chance for appeal. DDG(P)

44. Hardships in Rule 38 transfers Request for relaxation in granting Rule 38 transfers. Exemption may be granted for adjusting the requests with communal vacancies, since the present system having the possibility of overlooking senior requests made and in cases of particular communal vacancy not available in a particular division, no officials from that particular community can get transfer to that division decades together, till such time the post based roster point vacated. This is against natural justice.

Decision taken : As per government orders this cannot be done. Item closed.

45. Fill up all vacant posts in all cadres including MMS (excluding GDS).

(a) By direct recruitment

(b) By holding DPC and granting promotions

(c) By conducting departmental promotional examination.

(d) Other related issues such as filling up of 100% senior Postmaster/Chief Postmaster posts earmarked for PM cadre by PM cadre officials alone and maintenance of Circle Gradation list etc.

(a) to (c) The proposal will be examined.

(d) The matter is subjudice. Action cannot be taken till the OA is disposed. DDG(P)

Certain number of designated posts like ADPS (P &SR), ADPS (PLI), ADPS (Rectt), ADPS (Staff), ADPS (SB) etc can better be managed by circle office staff for their inherent experience and job nature. Decision taken : The posts mentioned in proposal are part of PS Group 'B' cadre in which 25% posts are filled through IP line (19%) and LSG and above officials (6%) and so it cannot be acceded to. Item closed.

54. Rotational transfer of Managers, MMS: The Directorate has issued clear orders for rotational transfer of all Group 'C' officials. But in the case of Managers of MMS rotational transfer order are in paper but practically this not implemented.

56. Regular Promotion in LSG/HSG-I to SBCO Cadre Regular promotion to LSG, HSG-II and HSG-I SBCO Cadre are not taken up periodically in all Circle by convening DPC. As a result, majority of supervisory posts are lying vacant and being managed under office agreements. This pre-empts the availability of eligible LSG officials to go on promotion to HSG-II and HSG-I Cadre and causes extra work load to T/S Pas SBCO. Therefore, it is requested to issue necessary instructions to all Circle Heads to convene the DPC in a time bound manner and accord promotions to the staff every six months.

57. Non Drawal of HRA to the SPMs working at offices having dilapidated post attached quarters. Despite Directorate instructions vide its letter No. 10-4/2013/-Bldgs dated 06.05.2003, in many circles suspension of post attached Quarters or dequarterisation have not been taken place in respect of inhabitable accommodation. More cases of rented building even after having expiry of rent deed, the department could not find alternative accommodation for the post offices, resulted in litigation of vacation. Such Quarters usually become inhabitable and in the name of Post attached quarters in the rent agreement, the SPMs are penalized of not providing eligible HRA. Those accommodations not conforming SOA and lease deed expired accommodations with inhabitable conditions will be paid with eligible HRA to avoid financial loss to the incumbents.

Further, all the CPMGs should be given powers to purchase these kit items in the local markets till the specifications are revised.

i. Separate letter in this regard alongwith some samples are sent to DDG (Estef). However, it is suggested that after approval of new specification of kit items the required funds may be provided and if possible coupons may be supplied to staff for purchase of kit items from the authorised shop of branded company.

Union therefore demand that decision should be taken at appropriate level to effect net payment of cost of kit items as per standard company rates of items (for example, shoes, chappals, umbrellas).iii. N o t supplied JD bags to Postman since last above 5 years : Not supplied since last so many years. In some places supply made but it was poor quality and hence withdrawn those bags were sponsored by ICICI Bank. Secondly, from RPLI/PLI Advertisement funds JD bags may be supplied having PLI/RPLI advertisement.

Review of the results of JAO (P) Part-II examination held in December 2012 : JAO (P) Part-II examination was held in December 2012 vide PA Wing notification 3-24/10-PACE/Exam (DE)/2111 to 2210 dated 11th September 2012. This examination was held after about 18 years after the JAO Part – I exam was held. The candidates who are qualified in the JAO Part-I examination were eligible to write this examination. This examination was conducted as per the Recruitment Rules notified by the Department on 11-02-2002. JAO posts are classified by the then RRs as Gr.B (non-Gazetted). Meanwhile the nomenclature of the post JAO is changed to AAO and it is regrouped under Gr.B (Gazetted) by an Administrative decision and till date the Recruitment Rules are not framed. For all purposes old Recruitment Rules of JAO 2002 are in vogue. PA Wing has abandoned the process of the review of the results of the above said examination in respect of SC/ST candidates on the plea that no review of results is available for Gr.B Gazetted posts. This is not a tenable ground on the facts submitted above. Hence, it is requested to cause orders to conduct the review of the results of the said examination.

Decision taken : Staff side raised the issue that the matter need not be referred to DoP&T. The same will be examined. (DDG(PAF))

74. Anomaly between the LD promotees from Sorter cadre and promotees from Gr. D cadre: Due to ban in the filling up of vacancies in the Sorter cadre, which is a promotional channel to Gr. Ds, a 10% SCF quota has been provided for Gr. Ds for promotion to LD cadre directly. This created a situation wherein the officials in the higher cadre were promoted from Sorter under SCF has become juniors in the LDC cadre to the SCF promotees from Gr.D cadre. This is causing severe heart burn among the senior officials, as both the promotional channels are under SCF quota. Hence, it is requested to remove this anomaly by notionally promoting the higher cadre i.e. promotees from Sorter w.e.f the date on which the 10% SCF quota for promotion of Gr. D officials came into vogue.

The Scheme was operational w.e.f. 01-09-2008. It is clarified vide the orders stated above that no past cases would be re-opened. But, in some PAOs during the period 01-09-2008 to 19-05-2009 financial up-gradations were given under ACP provisions. Subsequently these cases of financial up-gradations were re-opened and such promotions were withdrawn. This is against the provision stipulated in Para 11 of the MACP orders that "...no past cases would be re-opened." Hence, it is requested to issue necessary orders in this regard.

Decision taken : Specific cases, may be provided by the Staff Side, for re-examination. DDG (PAF)

PO. DIVISION:-

76. Withdrawal of ordering Holiday duty on every holidaysIt is requested to withdraw the Holiday duty ordered in many divisions preventing the officials from discharging their religious duties. It is being practiced for every holiday to put into duties denying the officials to take weekly rest. It not only resulted in mental agony but to intrude in the religious freedom also. Circles/Divisions may be instructed to refrain from ordering unjust holiday duty.

Decision taken : The Staff Side may furnish the specific instances. Necessary instructions will be issued to the concerned Circles. DDG(PO)

77. Safety & Security in transportation of cashNon provision of Armed Guard and vehicular facility in many Divisions for conveyance of heavy cash from one Post Office to another Post Office resulting in huge loss of Govt. money and recovery of loss by means of Contributory negligence from the innocent officials. Further, this decision will also help in automatic doubling of the department's revenue.

B.D. DIRECTORATE:-

85. Incentive to Postmen staff for delivery of Speed Post articles: Generally the complaints are being received regarding abnormal delay in payment of Speed Post Delivery incentive bills. It is pertinent to mention that instruction issued by the Directorate is being followed strictly causing delay and financial harassment to the affected staff. In this connection your letter No 16/56/2011 dated 07th July 2011 addressed to Delhi Circle with copy marked to all other circles. There is backlog of arrears in this regard due to not following the instructions in right perspective. Uniformity for preparing incentive bills and disbursement is very much indispensable to avoid protracted correspondence and harassment to the staff as well.

Decision taken : Most of the Circles have reported that the incentive bills for delivery of Speed Post articles have been cleared. The staff side may provide information on Circles where there is pendency, so that this could be resolved. CGM (BD)

86. NON ISSUE OF ORDERS FOR IMPLEMENTATION:

While inviting your kind attention to Minutes of the JCM Departmental Council (DC) Meeting held on 27.11.2013. 88. Conducting various recruitment exams by private agency. Basic amenities like drinking water, bath rooms etc provided by the exam conducting agency are very poor. At present, recruitment exams for the posts of IP/PM Cadre/LGO etc are conducted by certain private agency. However

the accommodations (like municipal schools) provided by the exam conducting agency are very poor. At many places where the exams are conducted, basic amenities like drinking water, bath rooms etc. are not at all available. Hence it is necessary to ask the exam conducting agency to arrange for proper accommodations.

Decision taken : Basic amenities at the time of examination will be ensured in future. Item closed.

89. Huge shortage of staff for PACO cadre in Circle Administrative offices. Since long Circle administrative offices have been suffering from huge shortage of staff, The matter was taken up from time to time in different meetings and communications. Many reasons are there but ultimately after new recruitment rules framed in January-14, even exams were conducted in April and May, 2014, yet in many circles the results of Paper I are yet to be published considering other stages also, delay is a matter of serious concern. - (R&P / Personnel)

VIGILANCE DIVISION:-

90. Eradication of corruption : Take stringent measures to eradicate corruption from Postal Department. Stern action should be taken against those committing frauds and corruption. Stop disciplinary action against innocent officials in the name of contributory negligence, instead of punishing the principal offender. (Vig. / Vigilance Petition)

Decision taken : No directions can be given to any disciplinary authority. Item closed.

91. Abnormal use of disciplinary powers on clerical staff/ Supervisors of Post office in the name of contributory negligence factors.

In the recent days, there is more number of cases of Severely penalizing the clerical staff /supervisors in the name of contributory negligence factors and fixing them as subsidiary offenders. It is a wonder that in many fraud cases the main offender/Actual culprit is not punished by forfeiting their properties by using Revenue Recovery Act and other available means of law of this country. It is requested to issue instructions to exhaust first the channels of recovering loss from the main offender/culprit despite they put on out of service. In the cases of frauds committed by outsiders like SAs/MPKBY Agents, their property may be attached with the help of the District magistrate. After

encouraging all the legal options available to recover the defrauded amount from the culprits by all means, then only the concept of subsidiary offender may come in to field.

It is requested to cause instructions to all administrative authorities to first exhaust the possibility of forfeiting / attaching the property of the Principal offender mandatorily before resorting into Contributory negligence factors on the subsidiary offenders. The term subsidiary offender in respect of contributory negligence appears to be not correct and the term subsidiary contributors or Secondary Contributors.

Decision taken : Same as in Sr. No. 90 above. Item closed.

M.V. DIVISION:-

92. Development of self owned transportation system for quick transmission of mails :

In the present scenario of competition, public are demanding quick transportation and delivery of their mails. Due to our department's dependence on State Transportation, this demand of public could not be fulfilled. Also most of the department's MMS Vehicles are too old and required to be condemned. A self owned transportation system needs to be developed for quick transmission and delivery of mails to gain the customer base. Hence, department is expected to take some positive steps for reserving some funds for the development of such system.

Decision taken : Action taken. Item closed.

M.B. DIVISION:-

93. Supply of 40 seated Railway Bogies for R.M.S Sections in place of 20 seated:- Railway Authorities are providing short space of 20 seated handicapped bogies to RMS sections for carrying mails instead of 40 seated SLR bogies as required. Consequent upon non supply of adequate accommodation for carrying mails, misconnection of mails or non loading of mails occur very often and thus transshipment of public mails suffer badly.

Decision taken : The matter was discussed with railways authorities and all HoCs are requested to furnish fresh / revised information on accommodation required in major routes and also for new routes as well. Instructions will also be issued to all HoCs to discuss the matter periodically with railway authorities in Co-ordination meetings.

OUR LETTER TO PRIME MINISTER

To
Sri. Dr. ManMohanSingh,
Hon'ble Prime Minister,
Govt. of India, South Block, Raisinahill,
New Delhi-110 011

Respected Sir,

Sub: 12th and 13th February 2014 Strike-reg

With great pain my Federation submits the following with a hope that you will consider our sentiments and address for proper redresses. Sir, my Federation represents nearly one lakh five thousand employees in the Postal Department. It is a recognized Federation by the department of Post and affiliated to INTUC.

Recently we submitted a Strike Notice to the Government and to the Department of Post containing two parts of Charter of Demands. Part I, is pertaining to Central Government employees, Part II, pertaining to Postal employees. The department of Post called for meeting under the Chairmanship of Member (operation) to discuss the Charter of demands. While discussion, the Member (O) was not ready to discuss Part I charter of demands stating that the Postal Department has no power to take any decision on the demands mentioned in Part I.

In this connection we submit that NFIR affiliated to INTUC also submitted a Charter of demands pertaining to

all Central Government employees to the Railway Ministry. Though the Railway Board has not taken any decision on the Charter of demands they discussed charter of demands item wise and recorded the opinion of Staff side and appealed the Railway Unions not to go on Strike, further they conveyed the resentments of Railway employees to the Government. This attitude of the Railway Board was paved a way to avert the Strike in the Railway.

Likewise in Ministry of Defence, the INDWF federation affiliated to INTUC along with two other federations i.e. AIDEF, BPMS served strike notice for indefinite strike from 17th Feb 2014. A meeting was conducted by Addl. Secretary with the representatives of three federations on 6.2.14 and steps were taken to settle/ to take up the issues at the appropriate level. Due to the positive approach of the Defence administration the strike was deferred by the three federations in Defence Ministry. Whereas the Postal Board had failed to address the issues raised in Part I & Part II charter of demands, hurt the feelings of the postal employees and hence the Strike took place in the Postal department.

My federation requested the Member (O) to discuss the Charter of demands mentioned in Part I and to record our submissions and convey it to the Govt. Moreover the demands mentioned in Part II, for which the Postal Board is competent to take decision also dealt casually. For example the item i.e. grant of recognition to GDS union as per Sri.Natarajamurthy committee recommendation was dealt very casually and rejected by the Member (O) by passing provocative remarks though this item was referred by the Hon'ble Minister of Communication & I.T for consideration on many occasions based on the letters from many congress M.Ps and VIPs.

In the past five years my Federation served Strike Notice thrice along with NFPE, affiliated to confederation of Central Govt. Employees which is indirectly controlled by CITU. But those strikes were averted after a long discussion across the table. This time the Secretary, Postal Board is not keen to negotiate charter of Demands with Federations sincerely. This has resulted for a Strike in the Postal Industry.

My federation hopes and trusts the Hon'ble Prime Minister of India, requests for suitable instructions to the Cabinet Secretary for consideration of Charter of demands mentioned in Part I in consultation with Finance and other nodal ministries. Further it is requested to direct the Postal Board to discuss the Part II Charter of demands once again to put an end to the anger of the Postal employees belongs to my Federation against the Postal Board.

Thanking you,

yours faithfully,

D. THEAGARAJAN, Secy. General, FNPO
