To
Mrs.Kavery Banerjee
Secretary,
Department of Posts
New Delhi 110 001

Respected Madam,

Thanks for supplying copy of the letter submitted to the 7th CPC implementation Cell.

While gone through the information, it appears that the 7th CPC related issues are dealt very casual manner by our department. While scrutinising the records, three different types of submissions are noticed. This may have resulted confusion and ultimately paved way to dilute the core issues/demands.

My Federation would like to bring to your notice the three different views projected by our department to the 7th CPC for immediate action to project the correct view to the 7th CPC implementation cell. At this stage your role is very important to get justice to the Postal Employees. If the justice is done the Postal employees family will remember you for another decade.

My federation highly hopes that the Departmental employees will get justice from the 7th CPC implementation Cell by your sincere and earnest efforts.

Thanking you,

Yours Sincerely,

(D. Theagarajan)
Secretary General
