No. FNPO/DDO/non-core activity/review committee

dated 28-02-2025

To  
The Secretary Posts,  
Dak Bhawan  
New Delhi - 110001

Respected Madam,

Sub: - Optimal Utilization of resources at Post Offices for Business Activities  
Identification of Non-Core Business activities at DDO Level, to be handled by the  
PAOS - Formation of Committee - Reg.

Ref:- Directorate memo no. PA-TECH/03-257-Non-Core Business dated 11/02/2025

Kindly refer to Directorate letter dated 11.2.25 wherein a committee to find out ways and means to analyze the shifting of accounts work done under the purview of DDO to PAO office vested with powers of a supervisory with auditing powers over DDO.

The terms alludes to the fact the work of the DDO as prescribed in our postal accounts manual , central treasury rule etc are superseded to centralize the work to an establishment alien to DDO character. It is nothing but making the regulatory and auditing authority itself to engage the preliminary work of accounting. It can't be imagined as to how the work will be audited if they start doing the work by them. The terms of reference is therefore far fetching and in blatant diversion to the purpose of PAO vis a vis DDO

Further in order to cope with the various changes in the accountable transaction emerging in the department the question of instantaneous check and auditing for the exactness of accounting was felt essential since 2019. The various decisions at postal board in the cadre structuring of audit hierarchy and deploying PAO posts down in the DDO clusters have been favorably considered and are still pending implementation. Presuming the non core business work as DRAWAL of salary and other related works like disbursement of perks , pension etc , we would like to draw to your kind attention the centralized DRAWAL of pay and allowances in 2018 and 2020 was a big flop and have to be rescinded to DDO level for hassle free and flawless DRAWAL of salary etc.

Kindly therefore reconsider the above facts taking into the past experiences and statutory position of DDO in the manuals to upkeep the mandated work of DDO intact and not to risk much detrimental to the adage of the 'decentralization is meritorious concept. **It is also requested to allow members of the committee from stake holder unions also to get real feedback.**

An early action will be appreciated.

Yours sincerely,

  
(SIVAJI VASIREDDY)  
Secretary General
